AIRSHIP OFF TO CANADA

R-100 on Flight from England

Gigantic British Dirigible Due to Reach Montreal Friday Morning

Cold, Strong Wind Blowing as Craft Soars Away on North Route

CARDINGTON (Eng.) July 29 (Tuesday) (AP)—Britain's great new air liner, R-100, making the first trans-Atlantic flight by a British dirigible in eleven years, soared away from her mooring mast here at 1:45 a.m. today, bound for Canada.

As the big airship cast loose from her mooring mast, a cold, strong wind was blowing.

Everything went smoothly, however, and the R-100 soared rapidly and headed off for Liverpool.

SHOULD LAND FRIDAY

From there she will fly north toward the Hebrides Islands, west of Scotland, avoiding a low-pressure area north of Ireland.

According to schedule the R-100 should reach St. Hubert Field, Montreal, some time early Friday morning.

England's most famous airship commander, Maj. G. H. Scott, was aboard, but not in command. That responsibility devolves on Squadron Leader R. S. Booth, who has under him a crew of four officers and thirty-two men. Lieutenant-Commander Sir C. Dennistoun Burney, director of the firm which constructed the R-100, is making the trip as also is an Admiralty observer, a meteorological officer and one or two others. The whole company including the crew numbers forty-four persons.

PROBABLE COURSE

It is believed the conditions forecast indicate the northerly course will be followed—perhaps the Great Circle course—by way of the north to Ireland to a point south of Cape Farewell, Greenland, across Labrador and along the St. Lawrence River to the St. Huberte Air Station at Montreal, approximately 3800 miles.

The R-100 and the R-101 are the largest airships in the world. The R-100 is 704 feet long and 133 feet wide, while the R-101 is 724 feet long and is slightly slimmer. The R-100 was originally designed for the London-Egypt trade and is so constructed its cruising radius should range between 4000 and 6000 miles. It can carry a load of ten tons of freight in addition to a passenger list of fifty.

VOLUME OF GAS

In the R-100 is incorporated a design which seeks to diminish air resistance by including the passenger accommodation within the envelope. The volume of the gas bags is 5,000,000 cubic feet, giving the ship a gross lift of 156 tons.

The last trip of a British dirigible across the Atlantic to the North American continent was in 1919 when the dirigible R-34 crossed the Atlantic Ocean from Scotland to Mineola, N. Y., covering 3200 miles in 108 hours. She carried a crew of thirty-one persons, including a

Will Rogers Remarks:

BEVERLY HILLS, July 28.—[To the Editor of The Times:] Say, what do you know about "Ma" Ferguson down in Texas. I know "Ma" and I like her. She pulled her husband out of a bog hole one time, and that has always hit the old-timers as just about what a real old western wife should do. They overestimate this Governor thing anyhow. States have good ones, bad ones and every kind, and yet they drag along about the same. Things in our country run in spite of government, not by the aid of it.

Did you ever see the like of candidates everywhere? Every male white child over the age of 21 is running for something. You can always tell a poor business year by the number of candidates. When nobody else will give you employment you feel like the State should.

Yours,
WILL ROGERS.

Congressional Committee Also Told of Campaign to Enlist Negroes

Native-Born Americans Who Spread Propaganda for Communists Scored

CHICAGO, July 28. (AP)—The existence of Communistic activity in Chicago public schools was charged before the Congressional committee investigating Communism today by N. E. Hewitt, representative of the American Intelligence Vigilants.

Hewitt named several high schools which had numerous young Communists among their pupils, and also charged that concerted effort is being made by Communist organizations toward spreading their doctrines among Negroes. He named the American Negro Labor Congress as the main organization of Negro Communism. The witness named Nels Kjar as one of the most active Communistic leaders in Chicago and said Kjar was still active, although he had been ordered deported in 1920. Kjar has been arrested several times at Communist meetings.

HEAT TAKES NEW TOLL

Midwest Grows Hotter

Temperature Records Fall Again While Water Supplies Lower

Illinois, Ohio and Indiana Bear Brunt of Wave; Relief on Way

BY JOHN P. GALLAGHER
"Times" Staff Correspondent

CHICAGO, July 28. (Exclusive)—With cooler weather predicted some time tonight the sizzling heat wave of the past three days became even more intense today. All-time heat records were shattered in many places. The radical increase in temperatures claimed another high toll of deaths, prostrations and crop damage. Coupled with the prolonged drought the broiling heat has created almost unbearable conditions in the rural districts. Farmers report that the heat is not only destroying their crops, but also is drying up wells and small streams.

With three deaths in St. Louis today bringing the July hot weather toll to a total of 123, the mercury registered 107 deg. officially. Drought has lowered the Mississippi River stage to 3.8 feet, the lowest point ever noted in July since records were first taken in 1860. The low water is now interfering with barge-line shipping.

SEVEN DIE IN CHICAGO

Seven persons died from the heat in Chicago today, bringing the total Illinois deaths for the past three days up to twenty-three, which includes seventeen in Chicago and environs. Today Chicago wilted under the most uncomfortable day of the season. Thermometers registered 94, but the humidity was very high.

Salem, with an afternoon maximum of 114 deg., was the hottest spot in the State. Carbondale reported 113 degrees. All records were broken at Hillsboro and Harrisburg when the official thermometers jumped to 112.

Prof. Roy Walker, government observer at Anna, Ill., leafed over fifty years of weather records without finding a temperature to equal today's maximum of 108. Having had no considerable rain since March corn and vegetables in the Anna vicinity have been damaged beyond reclamation, it was said. One prostration was reported. Similar crop conditions were reported at Duquoin, where 111 deg. was registered at the government observatory. Perry county highways were buckling and State maintenance crews braved the broiling sun to keep the roads passable.

INDIANA RECORDS FALL

Indiana heat records for all time melted throughout the central and south parts of that State today. Previous high temperatures for this year of 100 to 110, made the 12th inst., were left far behind in most cities. Jeffersonville reported 120; Princeton, 115; Evansville, 117; Indianapolis, 105; Elliston, 115; Washington, 115; Vincennes, 115; Bloomington, 114. The unprecedented drought in Central and Southern Indiana continued tonight with hopes for even nearly a normal corn and hay yield completely abandoned. Streams around Washington have run dry and farmers are hauling water to their stock. Water supplies are being curtailed in many cities.

Two fatal heat prostrations were reported today at Lake Michigan Beach, a resort north of Benton Harbor, Mich., and patronized mainly by Chicagoans. The victims are Mrs. Ida Lubin, 63 years of age, of Chicago, and Andrew Murgas, 43, a resident of Oak Park.

In Michigan ten persons, including William McIntosh, wealthy Detroit sportsman, were drowned in lakes and streams during the weekend while seeking relief from the 93-deg. temperature, a check-up revealed today.

OHIO TEMPERATURES HIGH

Cleveland reported an official reading of 100 today, while the southern part of Ohio reported readings ranging from 103 to 111. The heat is withering the already damaged crops. At Ironton thermometer readings were 106, Cincinnati reported 103 and Columbus an unofficial reading of 111. Numerous prostrations were reported.

At Lincoln, Neb., the mercury dropped from 108 on Sunday to 75 today; at Sioux Falls, S. D., from 105 to 84; at Sioux City, Iowa, from 104 to 77. Showers, overcast skies and shifting winds brought similar drops in temperature elsewhere in the corn belt.

Du Pont Heiress in Plane Crash

BOSTON, July 28. (AP)—Miss Alice Du Pont of Wilmington, Del., daughter of A. Felix Du Pont, vice-president of the Du Pont interests, narrowly escaped injury today at the East Boston airport, while taking Federal tests for a private pilot license.

The young heiress had made three successful landings in an airplane and was taxiing when the craft went into a ground loop and crashed into the tail of another plane. The propeller of Miss Du Pont's plane was broken and the fin, rudder and rear of the parked plane damaged.

GIRLS BEATEN WITH LASH

New Hampshire Governor Asserts Inmates of State School Suffer Barbaric Treatment

CONCORD (N. H.) July 28. (AP)—Gov. Tobey of New Hampshire tonight offered specific proof of his previously made charges against the State industrial school at Manchester of "barbaric treatment" of girl inmates.

In a list of punishments which Gov. Tobey offers in his statement is a whipping cure whereby "girls in their teens were given up to 250 lashes of a whip on their naked bodies;" a water cure, which was meted out to young girls by "standing them in a shower and turning a hose on them full force within a few feet of their bodies," and a so-called "dungeon treatment," which provided that the girls be locked in a dark, narrow room.

The statement followed a denial of harsh treatment made by Charles S. Emerson of Milford, former chairman of the board of trustees, whose reappointment was refused by Gov. Tobey.

In regard to the whippings, Gov. Tobey said they were administered with a piece of rubber piping or tubing and that in the case of one of the whippings "an attendant had to relieve another in applying the strokes."

Testimony was given, Gov. Tobey said, that when one girl put up her hands to ward off the force of the water from her face, "a strap was applied to her back to make her take her hands down." The superintendent admitted his ignorance of these two practices, the Governor's statement said.

'DEAD SPOT' OF PACIFIC DESCRIBED

Scientist in Radio Talk Tells of Lifeless Area in Tropical Ocean

WASHINGTON, July 28. (Exclusive)—The existence in the Pacific Ocean of a curious and vast subsurface "dead spot" within which no living thing is to be found was revealed tonight in a radio address by O. W. Torreson, who was navigator and executive officer of the nonmagnetic scientific yacht Carnegie on the final cruise of that celebrated craft. The Carnegie was destroyed by fire in harbor at Apia, Western Samoa, in November of last year.

This area of oxygenless and lifeless water begins at a depth of fifty fathoms in the tropical Pacific, according to Mr. Torreson, who spoke tonight over a network of the National Broadcasting Company. The area itself has a depth of 1000 feet, is 100 miles wide and extends for a distance not yet determined.

President Grant's Aide Succumbs

CUMBERLAND (Md.) July 28. (AP) Gen. C. C. Sniffen of Washington, who was secretary to U. S. Grant, when he was President, died suddenly tonight at Town Hill Hotel on Town Hill Mountain, twenty-three miles east of here. He was 86 years of age.

PORTUGUESE TO MAKE TALKIE

LISBON, July 28. (AP)—The first talkie in the Portuguese language, "Sarah and Son," will be made with an all-Portuguese cast in Paris. Leading roles will be given Ester Leao, Carina Freire, Alves Costa and Raul Carvalhao, all of the National Theater.

Ten Rescued Before Blast Destroys Boat

LONG BEACH (N. Y.) July 28. (AP)—Ten men, women and children were rescued from a forty-foot cabin cruiser a few minutes before the craft blew up yesterday one mile off Lido Beach.

Three women in the party were slightly burned by a first explosion, which set the craft afire. The engineer and two of the guests were thrown into the water.

A cruiser commanded by Samuel Summers took aboard the three in the water and those aboard the burning boat.

They were hardly aboard the Summers cruiser when the Edwards boat blew up. Only the hull remained when coast guards reached the spot.

WASHINGTONIANS SLEEP OUT

Parks and Preserves Become Boudoirs of City Seeking Relief from Killing Heat

WASHINGTON, July 28. (AP)—Heat-tortured residents of the nation's capital have claimed the most formal outdoor showplaces in the city for open-air dormitories. With alarm clocks, watermelons, family watchdogs, umbrellas and banjos—as well as bedding—hundreds are going nightly to parks and public grounds to sleep the torrid night through in nightgown or pajamas.

A policeman making his rounds among them early this morning estimated more than 1000 were resting on the ground in water-bracketed Potomac Park, their only covering the moonless, star-crowded sky.

Far from disapproving are the city fathers. Suffering like the lowliest citizens, they recently guaranteed police protection to all sleepers-out.

Officers accepted the burden of additional responsibility cheerfully —though one, last night—did frown when a woman solemnly commanded him from her mattress at the water's edge, "You can wake me at 7 a.m."

The favorite resort from sultry quarters in the crowded, sun-baked brick houses is the peninsula-like park stretching between the two branches of the Potomac River where, along a ten-mile circular driveway, sea breezes blow.

Many, however, prefer the hills of Rock Creek Park, where daylong shade gives a night air like that of the mountains in contrast to the blistering streets.

Still other sleepers-out aver there is no place to compare with the stately terraces sloping away

RELIGIOUS FACTIONS IN NEW RIOTS

Liverpool Catholics and Protestants Renew Fight Despite Police Patrol

LIVERPOOL, July 28. (AP)—After a night of ceaseless vigilance, with hundreds of police patrolling the streets and ambulances parked for emergencies, fighting between Catholics and Protestants in the Netherfield Road area, was resumed today.

The Netherfield Road area is strongly Protestant. Trouble developed yesterday after an unfounded rumor was spread Dr. Richard Downey, Roman Catholic archbishop of Liverpool, was to visit a new presbytery in the district. Nine persons, including three policemen, were injured in rioting that ensued.

Today religious partisans stormed a police court where several persons arrested for yesterday's disturbances were being taken before a magistrate.

Outside the building a huge crowd gathered, divided into two factions which booed and shouted at each other when the prisoners appeared.

One woman was arrested for assaulting another, and later three others were taken into custody.

After the trouble had subsided three women were taken before the magistrate, charged with disorderly conduct and admitted to bail for a hearing tomorrow.

LEAK SENDS YACHT BACK TO HARBOR

Sailing Vessel of Angeleno Fighting Way to Honolulu With Crew Bailing

HONOLULU, July 28. (AP)—The sailing yacht Talayha, owned by Lazard Lippman of Los Angeles, was leaking badly today and all hands were bailing about 300 miles northwest of this city. The Talayha, which departed for the mainland Friday, radioed last night she was 345 miles out with pumps unworkable, but expected to arrive here tomorrow. She refused an offer to send a naval vessel to her assistance.

Although the Talayha's message indicated no alarm for the vessel's safety, the condition was so serious return to Honolulu was advisable.

The Talayha recently participated with three other yachts in a race from Los Angeles Harbor.

Lazard Lippman, owner of the Talayha, who at first was reported to be aboard the crippled yacht, departed for San Francisco Friday aboard the steamship Malolo. The number of the yacht's crew and their names were not obtainable.

Thousands Flee Flood in India

KARACHI (India) July 28. (AP)—The swollen waters of the great Indus River and its tributaries tonight drove to safety here and in Sukkur, 15,000 refugees from the flooded upper Sind region.

Leaving behind devastated homes, the refugees poured by railroad and highway into the two cities. The flood waters are almost up to the embankment of the railway that is their principal means of escape.

Shikarpur, a city of nearly 50,000 inhabitants, is in grave danger of being submerged.

CONSERVATIVES VICTORS IN CANADIAN ELECTION

Liberal Government Goes Down to Defeat as Bennett Forces Ride Into Power

TORONTO, July 29 (Tuesday.) (AP)—The Conservative party overthrew the Liberal government of Prime Minister Mackenzie King in Monday's general election. With twenty-five seats still in doubt the Conservatives had a clear majority of four seats in the House of Commons.

The party affiliation of 220 members elected was: Conservatives, 127; Liberal, 77; United Farmers, 8; Progressive, 2; Liberal-Progressives, 2; Labor, 2, and Independent, 2. There are 245 seats in the House.

Five Cabinet members were swept out of office in the Conservative landslide.

C. A. Dunning, Minister of Finance and author of the budget which levied countervailing duties against the United States, was among those defeated. The Liberals had used the budget as one of their campaign issues.

The other Cabinet members to lose out are T. A. Crerar, Minister of Agriculture; W. F. Kay, Minister without Portfolio; Lucien Cannon, Solicitor-General, and Cyrus McMillan, Minister of Fisheries.

PREMIER IN LEAD

Even the Premier lagged behind his Conservative opponent in early returns from Saskatchewan, but he finally stepped out into the lead with later reports.

The biggest upset of the election occurred in the Province of Quebec, traditional Liberal stronghold, in which the Conservatives gained twenty seats.

Large Conservative gains also were registered in the maritime provinces and incomplete returns from Ontario showed the election of fifty-eight Conservatives, a gain of five over the last election.

BENNETT RE-ELECTED

R. B. Bennett, Conservative chieftain and bitter foe of the Liberal leader, was conceded his re-election in Alberta.

Miss Agnes McPhail, lone United Farmer candidate in Ontario and first woman ever sent to the House of Commons, was re-elected. Other women candidates did not fare so well in the face of early returns.

Five of the Liberal cabinet were returned to office.

DRY CZAR'S PLANS LAID

Woodcock Calls Mobilization

Key Men of His Army Will Receive Their Orders at Rally Tomorrow

New Enforcement Program to be Most Aggressive Yet Undertaken

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, July 28. (Exclusive)—A comprehensive prohibition enforcement program more aggressive than any undertaken by the Federal government since adoption of the Eighteenth Amendment will be presented by Col. Amos W. W. Woodcock, the new "dry czar," to the regional administrators when they assemble here Wednesday from all parts of the United States.

The conference will be Col. Woodcock's first meeting with the key men of his organization, set up as a result of the transfer of the prohibition bureau from the Treasury to the Department of Justice.

Every effort is being made by Col. Woodcock to keep his plans a secret until after the meeting has been held, but it has been learned that several general policies already have been decided. In the first place the Federal agencies are going to turn their attention more than ever to the larger phases of the problem of making the United States dry, such as the prevention of smuggling and the illegal withdrawal of liquor from bonded warehouses.

CLOSE CO-OPERATION

Secondly, there is going to be the closest kind of co-operation between the United States attorneys and the prohibition officials in building up cases against liquor-law violators. No longer are the prohibition officials to be permitted to pursue independent courses in making raids. They must work with and take final orders from United States attorneys in obtaining the necessary evidence to bring about convictions in the courts.

Atty.-Gen. Mitchell, in whose department prohibition enforcement now is placed, showed even before the transfer was made that he would be "hard-boiled" in the handling of the wet problem, for he publicly served notice that only practicing drys will be appointed as United States attorneys. He does not want professional drys who are practical wets.

STATE'S RESPONSIBILITY

The hip-pocket-flask toter and the small fry of dry-law violators are to be left to local enforcement officials and Mr. Mitchell by public pronouncement has sought to impress on the individual States that under the Eighteenth Amendment their responsibility is co-equal with that of the Federal government in enforcing the Constitution.

There is another reason why the Federal government is not going to devote its attention to the individual bootlegger and the small offender. Congress in its last session showed that it has become convinced it had been too drastic in its earlier action in passing the famous Jones "Five and Ten" Act, under which a first offender might be sentenced to five years in the penitentiary and a $10,000 fine for a minor infraction of the law.

With the approval of Senator

Flyers Nearing 200-Hour Mark

ST. LOUIS, July 28. (AP)—On the last day in which they will be able to fly out of sight of official observers, Forest O'Brine and Dale Jackson spent most of their time away from Lambert-St. Louis Field today in their endurance monoplane, Greater St. Louis.

The barograph installed in the plane was made to last only eight days. The flyers, if all goes well, will end their eighth day in the air at 7:11 a.m. tomorrow and thereafter must fly over the field, always within sight of an observer.

Jackson and O'Brine had been aloft 181 hours at 8:11 o'clock tonight.

HOME INVASION REPUDIATED

Dry Leaders Take Stand Against Personal Rights Violations to Enforce Prohibition

NEW YORK, July 28. (AP)—Dry leaders of the nation, in a declaration of policy published today, "repudiate all enforcement policies that do not regard and safeguard every personal right guaranteed by the Constitution."

The declaration, expressing the confidence of the signers that prohibition in the United States is gaining ground, defines the paramount purpose of the Eighteenth Amendment as the destruction of the traffic in intoxicating beverages. The enemies of prohibition, it declares, try to make this appear as offensive sumptuary legislation.

"They insist," it continues, "that the enforcement of the Eighteenth Amendment involves the invasion of homes and the infringement of personal rights in violation of the spirit of the Fourth Amendment to the Constitution.

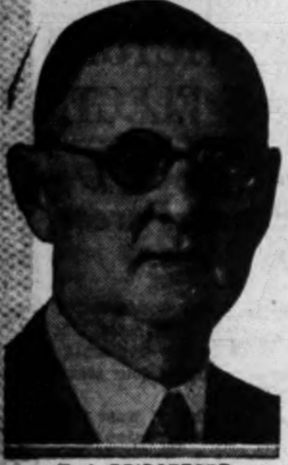
"This is not true, and we specifically repudiate all enforcement policies that do not regard and safeguard every personal right guaranteed by the Constitution. The primary and continuous attack is on the traffic of intoxicating liquors.

"Personal habits and the conduct of the home life are in the field of private morals. These should not be touched by the hand of the law unless they cross their boundary."

The declaration is signed by Lenna Lowe Yost, Raymond Robins, S. E. Nicholson, E. C. Dinwiddie, Oliver W. Stewart, Bishop W. F. McDowell, Daniel A. Poling, F. Scott McBride, Fred B. Smith, Ella A. Boole, P. H. Callahan and Arthur J. Barton.

Mill Owner Is Highly Elated Over Results

"I feel that it is nothing more than my duty—considering the wonderful results the medicine has given me—to make a public statement endorsing Sargon," recently stated T. J. Bridgeford, owner and



T. J. BRIDGEFORD

manager of the Bridgeford Planing Mill, Sebastopol, Calif. Mr. Bridgeford is a member of the Odd Fellows and Knights of Pythias, takes an active interest in the various civic organizations and has been extensively engaged in the lumber business for 35 years. His full statement follows:

"I suffered with stomach disorders, chronic indigestion and a noticeable lack of energy and vitality for 8 years. In the mornings I didn't seem to be able to put the necessary 'punch' into my business and by five-thirty in the afternoons I was completely fagged out. I was subject to frequent dizzy spells, severe headaches and extreme nervousness, and nothing seemed to improve my condition until I started Sargon. Eighteen bottles of this medicine have put me in wonderful physical condition.

"My appetite is fine, my digestion is perfect and it's a pleasure to enjoy to the fullest again all the good foods that California has to offer. I put in a full day at the office now and have an abundance of reserve energy to enjoy life after the day's work is over. I take an occasional dose of Sargon just to keep my system in proper balance and 'toned up.

"I took Sargon Pills along with the tonic and they regulated me perfectly. I haven't had a headache or bilious spell since I started them. The benefits from this remarkable Sargon treatment have been lasting and I heartily endorse it to others."

Sargon may be obtained at all Owl Drug Stores and Liggett Drug Stores in Los Angeles and other cities.—[Advertisement.

ITALY QUAKE'S MEANING TOLD

Scientist Sees Breaking of Geological Backbone

Temblors Said to be from Orogenetical Cause

Discovery of Fissure in Mountains Predicted

POMPEII (Italy,) July 28. (AP)—Father G. B. Alfano, director of the Pompeii observatory, today said in an interview that last Wednesday's earthquake "broke the geological backbone of Italy."

The Apennine Mountains were cracked open, he said, adding that guides soon will find a fissure in the mountain chain perhaps 100 kilometers long and more than a meter wide.

"The earthquake was of orogenetical nature," said Father Alfano. Its causes, he indicated, were directly linked with the formation of the mountains. "It can be ascribed to the cause which has produced the raising of the Apennine chain, beginning in the tertiary age and continuing today.

"This raising is slow but there is enormous pressure on the chain itself. When this passes beyond the limit of the elasticity of the masses of earth and rock it produces a fracture. Then the rapid diminution of pressure produces the earthquake vibrations."

KATIE PROVES SHE'S NOT A GOLD DIGGER

Katherine Moylan

SHOW GIRL SENDS BACK RICH GIFTS

Katherine Moylan Breaks All "Follies" Traditions by Returning Jewels

NEW YORK, July 28. (Exclusive) A "Follies" beauty has given back $18,000 worth of diamond jewelry today to a former suitor who had asked for it. Katherine Moylan today revealed the unusual good luck of her ex-fiance, Dr. Morton Berson, fashionable physician.

She did it for her art's sake, explains Katherine, who just arrived on a flying trip from Hollywood, where she recently obtained a talkie contract.

The jewelry consisted of a six-carat diamond ring and a diamond soutoir (a gadget made up of a pin and chain;) this particular one, according to her, containing 400 diamonds.

Dr. Berson admitted last week that the fair Katherine had broken their engagement and he had asked to have his baubles back, reinforcing the request with hints about a lawyer and certain letters of hers from the film metropolis.

The letters are burned now, said Katherine today, and smiled a brilliant smile.

It was reported that the film company using her services had stopped all publicity on her until she promised to come to an agreement with Dr. Berson that would keep her out of court.

PLANS LAID BY NEW DRY CZAR

(Continued from First Page)

Jones of Washington, one of the most stalwart drys in Congress and coauthor of the act bearing his name, it was liberalized so as to eliminate so-called "trivial offenses" from its operation. Senator Walsh of Montana, bone dry, running for re-election this year, explained the purpose of the new bill in this way:

"First, it takes out the sale of liquor in quantity less than one gallon by a person not heretofore convicted of a crime under the act or by a person not an habitual violator of the act.

"Second, it takes out the case of one who makes liquor in quantity less than one gallon.

"Third, it takes out the case of one who is employed in making liquor or transporting liquor in quantity less than a gallon not being continuously employed.

"Fourth, it takes out one not an habitual violator, who transports liquor in quantity less than a gallon."

Under the modified penalties, however, a trivial offender may be sentenced to a fine of $500 or six months in prison.

START DELAYED

Col. Woodcock, following his appointment as the new director of prohibition, was delayed in getting down to his work until a few days ago because he is a reserve officer in the United States Army and had to spend a training period at Camp Meade, Md. It is expected that his new organization will have more of a military make-up than any that has been attempted since Gen. Lincoln C. Andrews was prohibition chief, but he cannot realize his ultimate hopes in that direction until after Congress passes the act for a unified border patrol, throwing into one organization customs, prohibition and immigration forces. The House passed such a bill late in the session just closed but the Senate did not act upon it.

The country under the new set-up has been divided into a smaller number of enforcement areas but they conform generally to the lines of the Circuit Court districts throughout the United States. The highest official in each of these districts is to be in Washington for the forthcoming two-day conference.

BALTIMORE RECORD

While Col. Woodcock was United States Attorney in Baltimore he won considerable recognition in helping to dry up that wet city by gaining the co-operation of hotel and cafe proprietors in the voluntary prevention of violations of the liquor laws in public places. He is thoroughly conversant with the work done on prohibition by the President's crime commission, for he was assigned to that organization as a government aide soon after its organization.

It is entirely possible that Atty.-Gen. Mitchell will open the meeting of the administrators here, and Asst. Atty.-Gen. Youngquist, under whose direct supervision prohibition enforcement comes, will sit in on the sessions.

KOSTER HEADS GRAPE BOARD

Teague at Meeting Called for Relief Work

SAN FRANCISCO, July 28. (Exclusive)—Wheels of the California grape rehabilitation plan began moving at a meeting here today attended by C. C. Teague, fruit and vegetable member of the Federal Farm Board, who sponsored the 85 per cent sign-up campaign for Federal government relief. Frederick J. Koster, San Francisco manufacturer and director of the State Chamber of Commerce, was named chairman of the California Grape Control Board, the organization which is designed to administer the plan, and the contracts which are essential to the functioning of the organization were turned over to the government representatives for auditing and formal acceptance.

The latter action is a preliminary to the beginning of actual handling of the grape and raisin crop by the control board. The auditing committee for the contracts includes Dr. Alonzo B. Taylor of Stanford University, Dr. H. R. Tolley of the Giannini Agricultural Foundation and E. E. Kauffman, Federal agricultural statistician.

When they have completed their work and formally reported to the Farm Board, the latter's promised loan will be made, thus paving the way for the placing of the grape and raisin crop in the hands of the control board for distribution, either to the fresh market, or for diversion into by-products, or for disposition in any manner best suited to the interests of the grower.

Two additional members were appointed to the control board in the persons of Wylie M. Giffen, who was chairman of the sign-up campaign committee and formerly was president of the Sun-Maid Raisin Growers' Association, and John A. Reimers, Delano grape grower.

REDS WILL ATTEMPT TO CROSS CANADA LINE

TORONTO, July 28. (AP)—Communists from Canada and the United States will attempt, in celebration of Red day on Friday, to pass immigration barriers at three points along the border to hold demonstrations in both countries.

United States Communists, it was announced today by Charles Sims, Toronto Communist leader, will attempt to invade Canada at Niagara Falls, Windsor and Sault Ste. Marie.

Under plans made at conferences in Buffalo and Toronto the final demonstration of the day will be at the Peace Bridge between Buffalo and Bridgeport. Canadian Communists will line up at their end of the bridge and make an effort to reach the United States for a demonstration. If they succeed, American Communists will try to cross to Ontario for a rally on Canadian soil.

MOSCOW DESIGNATES FRIDAY "ANTIWAR DAY"

MOSCOW, July 28. (AP)—The soviet government has designated next Friday as international antiwar day.

On that day the Soviet Volunteer Society for Aerial and Chemical Defense will present the Red army with fifty-two modern airplanes built in soviet factories with funds contributed by workers.

The soviet authorities said the planes are intended to "frustate the war aims of imperialistic countries."

Special antiwar demonstrations, parades and carnivals will be held in all parts of the soviet union.

CAMP DIX (N. J.) July 28. (AP)—Communist circulars urging Citizens' Military Training Camp students here to rebel against camp duties and to join an international demonstration next Friday were confiscated tonight by Brig.-Gen. Rosenbaum, camp commandant. The circulars, 6000 in number, were signed by the Young Communist League of New York.

RED PARADE PLANNERS ARRESTED

RUSSIAN CARGOES DENIED PORT ENTRY

NEW YORK, July 28. (AP)—Port of New York authorities today refused entry to two freighters loaded with pulpwood from Archangel in accordance with the embargo placed by the Treasury Department on such cargoes from Russia.

The barred cargoes are in the Norwegian steamer Christian Bors and the British steamer Grelisle. The vessels lay at anchor off Bedloe's Island while their New York agents held a fruitless conference with port authorities. The Amtorg Trading Corporation operates the Christian Bors. Amtorg officials refused to make a statement on the port's action saying it will be taken up with Washington.

SHE'LL FOLLOW DAD IN CAREER ON STAGE

SCHENCK'S DAUGHTER AMBITIOUS

Inheriting $100,000 Not to Halt Stage Aspirations of Vaudevillian's Child

NEW YORK, July 28. (Exclusive) Becoming possessor of a mere $100,000 isn't going to keep Patsy Schenck, daughter of the late Joe Schenck, of the team of Van and Schenck, off the stage. At least, Patsy says it isn't.

Miss Schenck, who is 16 years of age, has been planning a stage career, she says, ever since she can remember. Her father, who, prior to his death a few weeks ago, was one of the "big shots" of vaudeville, encouraged her in her ambition.

However, when he died and the daughter was named to receive nearly $100,000 from his estate, her friends believed she would give up the idea of the stage. But they were wrong, apparently, for, it is understood, Miss Schenck is devoting more time to her study and plans to make her stage debut in the immediate future.

First Place in Cotton Growing Held by Texas

COLLEGE STATION (Tex.) July 28. (AP)—Texas was placed first of all States in quantity of cotton produced but sixth in length of staple grown today in a speech by W. B. Lanham of the Bureau of Agricultural Economics of the Department of Agriculture before the farmers' short course at Texas A. and M. College.

The largest proportion of the longer-staple cottons grown in the State, he said, were produced in El Paso and Hudspeth counties in Southwest Texas and in the flatwoods, black belt and coastal plains in Southeast Texas. The shortest staples were grown in the northwestern and northeastern parts of the State.

ALL SLEEP OUT IN WASHINGTON

(Continued from First Page)

from the Washington monument and the landscaped garden surrounding the Lincoln memorial has its own patrons who insist the very view of the classic marble pillars of the monument is refreshing.

By sundown thousands have found places in their favorite spot. Cars are parked double around the tip of Potomac Park. Whole families, groups of young people and couples wander over the lawns. Until midnight the atmosphere is that of a country fair; then those "just cooling off" move away giving place to the serious sleepers.

Under low sweeping elms along the water's edge sleepers were lined, in couples, in groups and singly. Back from the water's edge also the sleepers were strewn over a ten-acre picnic ground beautified by flower beds in geometric patterns.

BLACK AND YELLOW

One sector of the edge of the Tidal Basin, hub of tourists in cherry blossom time, was occupied by Negroes; another was given to Chinese from the miniature Chinatown in Washington's hottest treeless downtown.

Officers patrolling the grounds nightlong take their chores good-naturedly. An aged woman lost her spectacles in the grass, tied a handkerchief to a dandelion near her resting-place and asked the police to find them for her. They returned them the next night.

By 3 or 4 o'clock in the morning the early wakers begin to stir, they gather up their bedding and march off. Strangers driving through the parks have been startled at dawn by sheet-draped figures.

"Not a single robbery has been reported," the officer said. "We haven't had to send away half a dozen parties. It would help, though, if they picked up their newspapers and watermelon rinds."

Georgia's Count Discloses Only 6295 Increase

WASHINGTON, July 28. (AP)—The sixteen States and the District of Columbia, listed by the Census Bureau as comprising the South, had a 14.2 per cent population increase in the last ten years, as compared with a 12.7 per cent increase in the decade ending with 1920.

A compilation of the totals shows that on April 1, last, there were 37,821,423 people located within their borders, a numerical increase of 4,695,620 over 1920.

The South ten years ago had 31.3 per cent of the total population of the United States. While the total population of the country has not yet been completed, the unofficial total of slightly less than 123,000,000 indicates a slightly smaller southern percentage this year.

The States listed by the Census Bureau as comprising the South include Delaware, Maryland, District of Columbia, West Virginia, Virginia, North Carolina, South Carolina, Georgia and Florida, Kentucky, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas.

WASHINGTON, July 28. (AP)—Georgia's population was officially announced by the Census Bureau today as 2,902,127. The gain over 1920 was 6295, or 0.26 per cent.

Georgia showed the smallest percentage of gain of any State thus far reporting, Vermont coming second with a gain of only 1.9 per cent. Montana has been the only State showing a decrease in reports to date.

Mrs. Hamilton denied any connection with the Crosby case. She said her first husband was Daly Whitney of Salt Lake City.

TRAIN PANIC CAUSED BY FUSE BLOW-OUT

NEW YORK, July 28. (AP)—Almost 1000 passengers of a subway train Manhattan-bound from Coney Island were thrown into panic early today when a fuse blew out near Coney Island, darkening the train and filling it with smoke. Women and children were pushed about and bruised in the confusion and police used nightsticks to restore order when the doors finally were opened.

New Idea In Dentistry Wins Public Approval
By DR. PAINLESS PARKER
Founder of the E. R. PARKER SYSTEM

New ideas always meet with opposition. Some are opposed to dentists who advertise. Others oppose the idea of practicing dentistry on a large scale. Still others look with disfavor upon any departure whatever from old methods.

The E. R. Parker System, as used in 31 dental offices in the United States and Canada, is a new idea that is not opposed except by those who do not understand it, for its use gives the people better dentistry for less money. Primarily, it is the idea of co-operation—group dentistry.

In each office where the E. R. Parker System is used several dentists work together, each doing that kind of dental work in which he is most skilled. This gives better service.

The power of advertising is employed to provide volume of business. This lowers cost.

You are invited to call and have explained to you many other ways in which use of the E. R. Parker System gives the people better dentistry for less money.

Consultation, examination and advice is free and without obligation. You will be told in advance exactly what the price will be for any work before it is undertaken.

Nevada Workers Still Plan Dynamite Attempt

California Officials Turn to Federal Court

TAHOE CITY, July 28. (AP)—While a score of Nevada workmen waited doggedly near here today assertedly for the purpose of exploding dynamite at the rim of Lake Tahoe, a dozen men rowed about in five boats near the spot where the blast was planned, preventing execution of the proposed coup to obtain the lake's water for irrigation purposes.

Meanwhile Dist.-Atty. Lowell, Sheriff Gum and deputies were en route here from Auburn, county seat of Placer county, and two others were on their way to San Francisco to obtain an injunction from the Federal court to restrain the Nevada group from carrying out its plans.

The tense situation grew out of the attempt by Thomas P. King, engineer for the Washoe county conservation district and the Truckee and Carson irrigation district, to divert the lake's water into a large ditch dug on the lakeside land of the Sierra Power Company.

The plan, opposed by lake shore property and resort owners, is to break through the rim of the lake and cause water to flow into the ditch, whence it would be pumped into the bed of the Truckee River.

Operations with a steam shovel were begun by King at midnight Saturday but were halted several hours later when a warrant for disturbing the peace was obtained from the Placer county District Attorney. Since then the two factions have been jockeying for advantage.

WEBB PLEDGES STATE WILL FIGHT PROJECT

SAN FRANCISCO, July 28. (Exclusive)—Atty.-Gen. Webb told a committee of resort and property owners of the Tahoe-Sierra Association and the Lake Tahoe Protective Association today that the State will "resist to the utmost any attempt to cut the rim of Lake Tahoe or interfere with natural conditions at the lake."

The visit was made after steam-shovel operations had been halted by court action after three hours of work yesterday.

ILL FATE DOGS CHANNEL GIRL

Gertrude Ederle, Now Deaf, Teaching Swimming

Affliction of Ears Due to Ordeal in Water

Vaudeville Fails to Bring Her Much Money

RYE (N. Y.) July 28. (AP)—She teaches swimming in a boardwalk pool, a bronzed young woman with a determined grin.

Unless you raise your voice she cannot hear you and looks at you with an expression that has in it embarrassment, bewilderment, fear.

Across the back of her bathing suit is lettered:

"Ederle."

Four years ago this August Gertrude Ederle swam the English Channel and came home to receive a Broadway welcome, congratulatory messages from President Coolidge and Gov. Smith, and vaudeville offers said at the time to amount to nearly $1,000,000.

Today she pushed her hair back behind her ears—a gesture characteristic since she began to lose her hearing two years ago as the result of those fourteen hours in the English Channel—and said, a little wistfully:

"It wasn't worth while."

"I'm not sorry I did it. Only—if I'd known how it was going to be, that I'd lose my hearing—I don't think I'd have done it. It—it wasn't worth it."

Four years ago Gertrude Ederle rode up the bay on the Macom and up Broadway in an open car while crowds cheered and ticker tape and paper snow filled the air.

SAD MEMORIES

"Sometimes I kind of wonder if all that really happened to me," she said slowly.

"But sometimes at dances the orchestra plays 'Let Me Call You Sweetheart,' the song I kept humming while I was in the channel—the song the bands played when I came home.

"And then it all sort of comes back over me again, and I have to sneak away or somebody will see me cry."

A year ago last fall, at the end of two years in vaudeville, Gertrude's hearing began to fail. Last winter she could not hear at all. It is better now, but already her voice has begun to take on the flat quality the voices of the deaf have.

SWIM BLAMED

"The doctors say it was the swim that did it," she said, "plus those two terribly strenuous years when I was in the water too much and never had any chance to rest."

When Gertrude came back from Europe there were many stories about the large sums of money she was to receive for this and that, and the rise of the Ederle family to affluence and luxury.

Those things didn't materialize. Henry Ederle, her father, still runs his provision store. The Ederles still live in the Bronx and Gertrude teaches swimming in a boardwalk pool at Rye. She'd like a job at some New York club next winter.

HARD LUCK

"I did earn about $150,000 in vaudeville," she said, but I got less than $50,000 of it myself. I'm not kicking. It was just my hard luck. No one gypped me, but those two years on the road cost an awful lot.

"All I got out of my vaudeville earnings and didn't have to spend on my ears I've invested. But it isn't enough, and, anyway, I'm only 24. You can't just quit when you're 24.

"What I'd like would be for some one to build a pool and maybe name it after me and let me be head instructor there. But I guess it would be pretty hard to get any backing now."

CAPPER HAS WHEAT ON HIS MIND

China Suggested as Market by Senator on His Visit to Hoover at White House

WASHINGTON, July 28. (AP)—The wheat situation still was on Senator Capper's mind today as he called at the White House to say goodbye to President Hoover before leaving for his home in Topeka, Kan.

Recently the Kansas Senator suggested the Farm Board take 100,000,000 bushels of wheat off the market in an effort to bolster prices, but Chairman Legge of the board said "No."

Capper talked about wheat with the Chief Executive and suggested a new market for wheat products might be available in China.

The Republican Senatorial primary in Kansas is a week from tomorrow. Capper plans no campaigning since he is without opposition but he has engagements to speak at many farmer meetings before returning to Washington.

Laborite Target After Commons Liquor Charge

LONDON, July 28. (AP)—Earl Winterton, Conservative member of the House of Commons, moved a resolution denouncing E. Sandham, member for Kirkdale, quoted in the Manchester Guardian as saying members "can get stupidly drunk" in the House.

Winterton in a resolution stated that a speech of Mr. Sandham, Laborite reported in the Manchester Guardian, is a "gross libel upon the honorable members of this house and a gross breach of its privileges."

Winterton then quotes an asserted speech made by Sandham, in Manchester, on Saturday as follows:

"The Labor members can receive bribes to help pass a doubtful bill in the interests of private individuals. Labor members can get stupidly drunk in this place. None of these things are against the sacred traditions of the House, but in keeping with them."

CHINESE REDS CHASE ALIENS

Foreigners Flee to Ships in Changsha Looting

American Missionary Trio Remains in City

Thousands Rob and Burn in Hunan's Capital

SHANGHAI, July 28. (AP)—American, British and Japanese gunboats today gave refuge to foreigners who fled from Changsha as 10,000 Communists overran the Hunan province capital, looting and burning.

Three American missionaries were among the few foreigners who remained within the walled city with 500,000 Chinese. The others hastily boarded the foreign warships in the Siang River.

Warned by renewed Red activities in Northern and Eastern Hunan, foreign governments had dispatched war craft to protect their nationals.

The Nationalist government's garrison, weakened by departure of troops to Honan and Shantung provinces to fight northern rebels, was overpowered by the Reds who swept over the city walls and poured through the gates.

Spawn of civil war which has wracked the province recently, the Reds despoiled the city which a few weeks ago was captured by Kwangsi province rebels, who in turn were chased southward by Nationalist armies.

In the adjoining province of Kiangsi, the important city of Nanchang is reported to have yielded to a Communist army after a siege of many weeks. Three thousand refugees are said to have reached Kiukiang, Yangtse River port.

Is $1000 Worth Saving on Your Loan?

IF refinancing your present real estate loan will give you a more convenient and economical type of financing, you want to know it.

Pacific States Savings' 7% loans are outstandingly convenient.

Because: (1) they are fully paid by monthly instalments of as little as $10.24, and in some cases $8.99, per $1000; (2) may run for 12 or even 15 years without renewal, and (3) cannot be called providing the terms of the loan are complied with.

And perhaps you can save as much by refinancing as the property owner we tell you of here:

He was paying off his original loan of $7000 over 145 months by monthly payments of $11 per $1000, or a total of $77 per month. Analysis showed that his interest rate was 8.4%.

By refinancing on our 7% basis he secured the same size loan, running for the same term, yet his monthly payments was only $10.24 per $1000, or a total of $71.68. Thus he is saving $5.32 interest each month, or $771.40 over the life of his loan.

By placing this $5.32 each month with us, in accordance with our usual 6% provisions, he will accumulate his saving to approximately $1000 by the time his loan is paid.

Call or send for our new booklet, "Charting Your Course to Lower Cost Loans." It will quickly show you your possible saving by refinancing your residential or income property loan on our 7% basis.

We are making long term loans of from 65% to 75% of the sound market value of residential and income property meeting our qualifications in or near to cities served by our offices. Borrowers need not carry savings balances with us.

INDIA RENEWS PICKETING WAR

Seven Hundred Men and Women in Campaign

Nationalists Continue Search for Way to Peace

Observers See No Hopes in Gandhi Meetings

BOMBAY (India) July 28. (AP)—While diplomatic efforts continued among Nationalist leaders today to end the campaign of civil disobedience, more than 700 men and women began the severest campaign of picketing yet undertaken here.

Seven hundred congress volunteers alternated all day long in four-hour shifts before all shops dealing in foreign cloth, frightening away most of the customers and seriously crippling business.

JAIL PARLEY HELD

The peace mission of Sir Tej Bahadur Sapru and Mr. Jayakar, which last week visited Mahatma Gandhi in his prison quarters at Poona, finished a week-end of conferences in the Naini jail with Pandit Motalil Nehru and Jaaharlal Nehru and returned to the Yeroda jail with a letter from the Nehrus to Gandhi.

Political observers of the Gandhi campaign and its more recent peaceful turn today were of the opinion the Sapru-Jayakar peace negotiations will come to nought. These observers insisted that Jayakar himself is the stumbling block; that Mahatma Gandhi neither likes nor trusts politically the man whom Sapru chose as his fellow-statesman in the present negotiations.

TREACHERY CHARGED

Acquaintances here of Mahatma Gandhi declared that Gandhi considered he had been "double crossed" some years ago when Jayakar was leader of the Swaraj (Independent) party in the Bombay Council, Jayakar later resigning from the congress in a huff.

The politically wise furthermore insisted today that the two Nehrus had not enough regard for Jayakar to give him their full confidence, the deduction which they made being that Eapru, head of the peace mission, will eliminate his companion and start all over again alone to bring about a settlement of the disturbed congress conditions in time for the best results to be had in the forthcoming round-table conference.

WOMAN LEADER WILLING TO COMPROMISE

LONDON, July 28. (AP)—Mrs. Sarojini Naidu, woman leader of the Indian Nationalists, is said by the Daily Herald to be willing to compromise with the government somewhat short of Mahatma Gandhi's demands for independence.

Gandhi, who is in Jeroda prison at Poona, is reported holding out for some assurance from the Viceroy his demands for Indian independence will be met as a condition to his entering negotiations and attending the London conference this fall.

AFGHANS IN REVOLT TO OUST NADIR

Dispatch Asserts Rebels Reach Kabul Vicinity Without Opposition

LONDON, July 28. (AP) — A Daily Herald dispatch from Peshawar says a widespread revolt is brewing against Nadir Shah, King of Afghanistan.

The paper adds the insurrection is led by followers of Bachai Sakoa, who usurped the Afghan throne last year but later was deposed and killed.

Information was meager and varying. One report asserted the rebels had arrived near Kabul without opposition by the Nadir's forces, who had refused to fight because they had not been paid. Another said the rebels had been routed.

Nadir Khan became King of Afghanistan last October after defeating Bachai Sakao, the latter a romantic figure known as the "water boy from the north."

An official telegram from Kabul received in here today stated a party of fifty Afghan soldiers was ambushed near Kohdamar a few days ago by a band of robbers, who were repulsed.

Troops pursued the brigands to the mountains, inflicting heavy losses. Some of the robbers were captured.

Bermuda Protest Causes Flyers to Be Suspended

WASHINGTON, July 28. (AP)—One of the rewards to Roger Q. Williams for his recent nonstop flight from New York to Bermuda and return is a ninety-day suspension of his flyig license.

Bermuda is British owned and the government there complained Williams had not been authorized to fly over its territory.

The Commerce Department decided today the protest was justified and the suspension followed. Williams will have to stay out of the air until the ninety-day period is over.

Williams was accompanied on the flight by Errol Boyd, a Canadian.

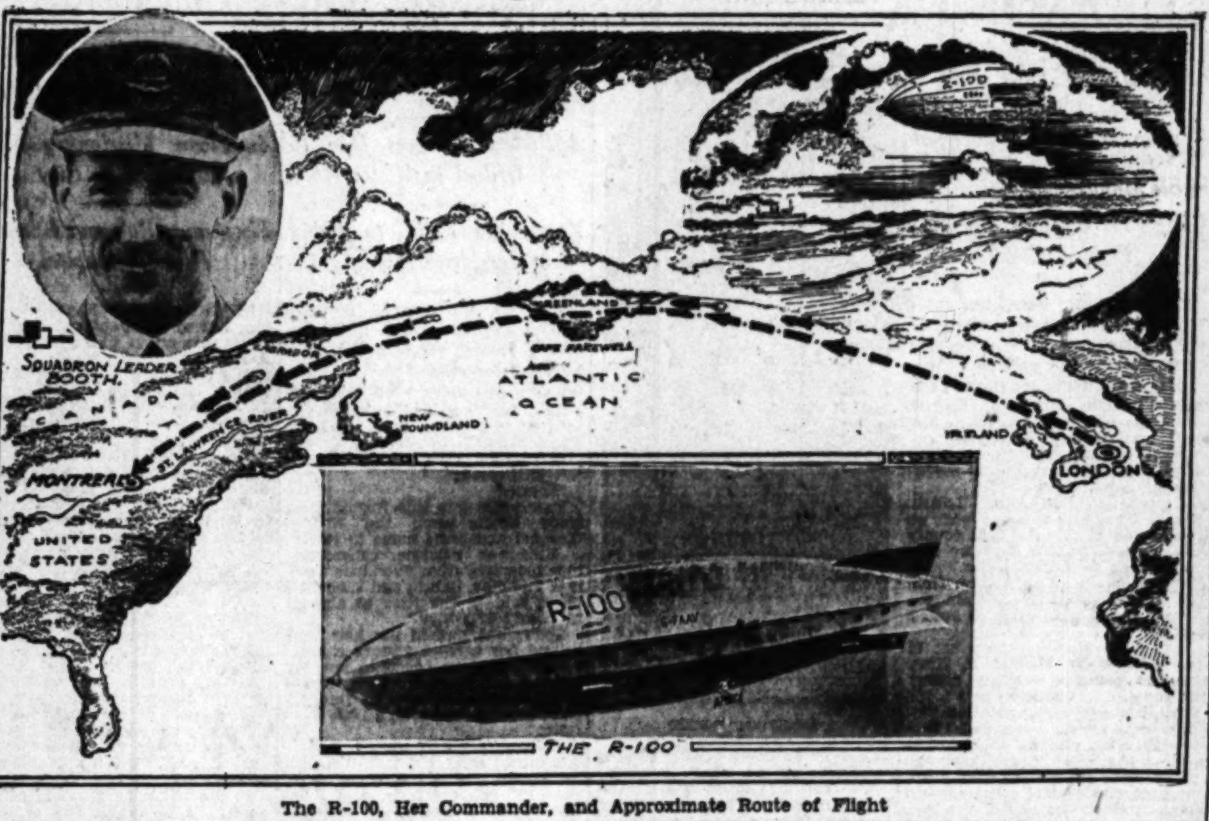
Britain's Great Dirigible on Maiden Sea Voyage



The R-100, Her Commander, and Approximate Route of Flight

Bandit Slain; Officer Shot

DETROIT, July 28. (AP)—A patrolman attached to a radio-equipped police cruiser was shot and seriously wounded and a bandit was slain in a gun battle today. The wounded patrolman is Evert Wuckila, 30 years of age. The slain robber was tentatively identified as Martin De Koven.

Two minutes before the gun battle the robber had held up a grocery store on Beaubien street and escaped with about $25. News of the hold-up was broadcast over the police radio and the cruiser nearest the scene went to the store.

Owen Paugham, an oil-station attendant, was beaten to death with a heavy chain by a bandit who held him up today.

stowaway. The return journey of about 3000 miles was made in seventy-nine hours.

The R-34 was the first craft of its kind to cross the Atlantic. She had a cubic capacity of 1,960,000 feet, a length of 640 feet and gross lifting tonnage of fifty-nine and one-half tons. The R.34 was wrecked in 1921 by a windstorm at Hamden, which almost cut her in two. It was believed at the time a mooring mast would have been effective in preventing the ship's being wrecked.

Since the voyage of the R-34 to the United States two other dirigibles have made the crossing, the ZR-3, now the Los Angeles, which was built in Germany and was flown to the United States by Dr. Hugo Eckener as part of the German war reparations to the United States, and the famous Graf Zeppelin which has made several trips to America and one voyage around the world.

Elaborate preparations for communication by wireless with the R-100 have been made both in Great Britain and Canada. Not only will there be direct communication with the airship and its bases, but a constant exchange of information with the ship when in flight.

Direct communication will be maintained by St. Huberte Field near Montreal and Cardington, Eng., the ship's home base. After passing midocean the airship will be in direct communication with the Canadian station at Louisburg, N. S.

The weather forecasts will be collected in Toronto and sent to the airship by the most direct method.

Soviet Seeks to End Speculation in Shoe Famine

MOSCOW, July 28. (AP)—The government today instituted a system designed to check speculation and end the famine of shoes, selling in the private market at prohibitive prices.

Children will be provided with shoes on presentation of bread cards and adults may purchase shoes at normal prices in government shops on presentation of special coupons.

Many arrests are being made on charges of speculation in silver coins. Hoarding has produced a decided scarcity. So few silver coins are in circulation that government shops and other institutions issue postage stamps, coupons and trolley-car tickets for small change.

Silver currency today has twice the purchasing power of paper money among peasants and street venders.

UTILITIES MAKE RATE SLASHES

Charges for Electricity in Portland Reduced

Low Schedules Result From Able Management

Privately Owned Companies Have Fine Record

PORTLAND (Or.) July 28. (Exclusive)—The low electric rates which now prevail in Portland have badly confused local municipal ownership advocates.

There are two electric utilities in Portland, the Pacific Northwest Public Service Company and the Northwestern Electric Company. Both are owned by private capital and are subject to regulation by the Oregon Public Service Commission. Their present rate schedules, including a new one to go into effect on August 15, are so favorable to the public that what little agitation there has been for this city to invest in power plants has subsided.

COMPARISONS MADE

The August reduction will affect domestic and commercial rates only. It amounts to a clipping of $360,000 off of the bills annually and will make Portland's rates in these classes the lowest among the larger cities on the Pacific Coast. It follows a reduction in industrial rates which went into effect last fall by which Portland not only competes successfully with municipally owned systems, but actually has the lowest industrial schedules of all cities in the United States, excepting Buffalo, N. Y., and Tacoma, Wash., in both of which exceptional conditions prevail.

The cut in industrial electricity which became effective last fall was made on order of the Public Service Commission, but with the consent of the power companies. The schedules were worked out amicably by conference between the commission and the power companies and their engineers without formal hearings. The present reduction in domestic and commercial classifications follows a series of public hearings which fixed a value of $45,480,000 on the holdings of the Northwest Public Service Company as compared with an estimate of $51,120,000 fixed by the company's engineers. This company was the only one involved in the hearing, but the Northwestern Electric Company immediately announced through its president, Guy W. Talbot, that it will as a matter of competition, meet the new schedules throughout.

ACTUAL SAVING SHOWN

Graphs shows that at most levels the Portland Electric rates in all classes are below rates in other cities on the Pacific Coast and throughout the country. The curves vary and in some instances prices charged consumers are slightly higher than by the municipally owned plants in Los Angeles, and Seattle, although they are uniformly under the San Francisco rates. However, a separate curve has been worked out by the Public Service Commission which shows the Portland rate after proper reduction has been made for taxes paid as compared with the freedom from taxes of publicly owned utilities. This curve shows Portland below the other cities in every particular.

The Portland electric schedules are regarded as a demonstration of the economical operation under private ownership as compared with the mismanagement and waste that sometimes occur under municipal operation. The Portland system has been built up economically but it also has been adequate at all times to meet every need of the community There is a marked contrast between the adequacy of the system here and the shortcomings of the municipal plant in Tacoma, which because of close-in water power and failure to invest in adequate stand-by equipment, has been able to maintain a rate schedule somewhat lower than Portland's.

It will be recalled that last season both Tacoma and Seattle, which latter depends primarily on a city-owned electric supply, had great trouble from power shortage. Street lights were turned off, industries were rationed and after much importuning the United States government was induced to come to the relief with power generated by the airplane carrier Lexington. The same abnormal conditions of the streams prevailed in Oregon as in Washington and Portland would have been a victim of the power famine if the management of the companies here had not been sufficiently foresighted to invest in auxiliary steam plants to meet the emergency. In other words, the rate showing to Tacoma's municipal plant is made possible to a degree by the short-sighted economy of withholding investment necessary for a service that would be dependable under all conditions.

The new domestic and commercial rates that go into effect in Portland next month are designed particularly to reduce costs to small consumers. The previous reduction of industrial rates affected both large and small users.

NEW SCHEDULES

The schedules announced to become effective August 15 are as follows: Residential service: 5.5 cents per kilowatt hour for first 30 kilowatt hours used per month; 3 cents per kilowatt hour for next 40 kilowatt hours, and 1.8 cents per kilowatt hour for all additional energy used per month or, at option of customer, 25 cents each month per room, and energy charge of 2.75 cents per kilowatt hour for the first 70 kilowatt hours used per month; 1.8 cents per kilowatt hour for all additional energy used per month.

Commercial lighting and heating, primary schedule: 5.5 cents per kilowatt hour for first 200 kilowatt hours used per month, 5 cents for next 700 kilowatt hours, 4 cents for next 1100 kilowatt hours, 3 cents for next 1500 kilowatt hours, and 2.5 cents per kilowatt hour for excess over 3500 kilowatt hours used per month; secondary schedule: 3 cents per kilowatt hour for first 600 kilowatt hours used per month, 2 cents per kilowatt hour for next 1000 kilowatt hours, 1.5 cents per kilowatt hour for next 2000 kilowatt hours and 1 cent per kilowatt hour for excess over 3600 kilowatt hours used per month.

General farm service $1.50 per month and an energy charge of 3 cents per kilowatt hour for the first 400 kilowatt hours used per month and 2 cents per kilowatt hours for all additional, with monthly minimum charge of $3.

AVERAGE GIRL INCH TALLER

Athletics and Modern Style in Clothes Increases Her Height

ST. LOUIS, July 28. (AP)—The average girl 20 years of age today is 1 inch taller than the average girl of that age ten years ago, Dr. Davis M. Cougill, the new secretary of the health department of the community council, today told listeners over radio station KMOX.

"The average boy has not made that gain," he said. "Boys have always played outdoors and have been very athletic, while girls are just getting the proper amount of exercise and the hygienic conditions for girls are much better now than they were ten years ago. Also, girls dress more sensible now than they did at that time."

All Children Ranging from 8 to 15 Years Affected

End of Illiteracy by 1935 Aim of Government

MOSCOW, July 28. (AP)—For the first time in the history of Russia, laws requiring the education of all children between the ages of 8 and 15 will be enforced throughout the soviet union, beginning this fall.

The government hopes by 1935 to exterminate illiteracy among the 150,000,000 population.

Sixty thousand additional teachers will be required, to which end the government has announced that new pedagogical training schools will be established. A large number of new educational institutions will be built and churches, monasteries and houses confiscated from the Kulaks or rich peasants will be converted into schools.

COMMUNIST TEACHERS

As part of this new "cultural revolution," as the soviet press describes the movement, large proportions of the new teachers will be Communists. Instruction to the young will be based largely on the teachings of Marx, Engels and Lenin. The papers also say that in time all of Russia's children will be Communists. The Communist youths' league will supply 20,000 candidates yearly for the teachers' courses.

PRESS COMMENT

"No country in the world," says Isvestia today, "approaches soviet Russia for the speed with which it is reducing illiteracy. No one can longer speak of the barbarism, backwardness and darkness of Russia, which will soon be a land without illiteracy.

"Before the war there were only 7,000,000 children in the primary schools, whereas today there are 12,000,000. Before the war two-thirds of Russia was illiterate. During the last two years we taught 13,000,000 illiterate adults to read and write."

NEWS OF SOUTHERN COUNTIES

BANKER MEETS CHARGES IN BED

Court Held in Sick Room of I. Isaac Irwin

Head of Closed San Diego Institution Arraigned

Bail Set at $50,000 and His Preliminary Hearing Set

SAN DIEGO, July 28.—Arraigned today in bed at his Point Loma home by Justice Arthur L. Mundo, preliminary hearing was set tentatively for September 4 for I. Isaac Irwin, local banker, on a charge of grand theft.

The court had planned on conducting the arraignment at the Courthouse, but due to a sudden collapse, after which Irwin's physician ordered the elderly banker to remain in bed, the court went to the house for formalities.

Prior to the arraignment, Curtis Hillyer appeared before the court as Irwin's attorney for the purpose of fixing bail. Deputy District-Attorney Bert Comparet argued that $100,000 would not be too excessive as bail. Hillyer objected to this, however, and bail accordingly was fixed at $50,000, which probably will be in the form of a property bond. Deputy Sheriff Jack Tillery has been posted as guard at the Irwin home until the bail has been arranged for.

The specific charge on which Irwin was arraigned accuses him of grand theft of $50,000 on February 11. Joe Meyers, special investigator for the District Attorney's office, signed the complaint. The charges arose out of shortages in the funds of the California Savings and Commercial Bank, of which Irwin was president, which failed to open its doors for business last Wednesday and has been in the hands of the State Banking Department since that time.

Liquidation of assets rather than reopening, is the prospect for the bank, according to announcement today by Will C. Woods, State Superintendent of Banks.

Wood warned depositors against expecting their money in less than four months. Meantime, if a responsible group could be found to refinance the bank, paying in a capital in excess of $500,000, it might be reopened. He said, however, he regarded this prospect as remote.

Trolley Line Slated to Give Way to Busses

MONTROSE, July 28.—Hearing on the application to discontinue service of the trolley railway between Glendale and Montrose will be conducted before the State Railroad Commission in Los Angeles on August 15, next. Already the State Board of Public Utilities and Transportation has given its approval to the abandonment of the line, and it is expected that the Railway Commission also will give its permission to discontinue the service.

If the line is discontinued, as now seems probable, the Motor Transit Company will provide bus service from Tujunga to Los Angeles over about the same route as the railway took through Crescenta Valley. A tentative route has been proposed over the following streets: South from Michigan avenue on New York avenue to Montrose avenue; east on Montrose avenue to La Crescenta avenue; south on La Crescenta avenue to Honolulu avenue; east on Honolulu avenue to Ocean View, and south on Ocean View to Verdugo Road.

Virtual assurance of this route and of a half-hour service was given to residents after Max H. Green and J. L. McIlveen of the Transit Company had gone over the local situation thoroughly and reported at the mass meeting called by the Montrose Chamber of Commerce.

Air Crash Takes Second Victim

VENTURA, July 28.—The fatal plane crash in which Harry Hastings, 42-year-old resident of Fillmore, was killed Thursday, claimed its second victim when Peyton Burke died of his injuries at the Glendale Physicians' and Surgeons' Hospital.

Burke received a broken arm, broken leg and internal injuries when the plane crashed after going into a nose dive only a few hundred feet above ground.

Funeral services will be held at 2 p.m. Wednesday at Todd & Reeves chapel in Pomona, with a unit of the Ventura County American Legion Post in memorial rites.

Burke, who operated a large garage at Fillmore, leaves a widow, Mrs. Mettis Burke; his mother of Pomona, a brother, Walter Burke, and a half-brother, Mack Woolridge of Los Angeles.

THRILLING SEA RESCUE TOLD

Yacht Mary Ann Docks at Ventura After Saving Thirty-six on Sinking Smack Starlight

VENTURA, July 28.—Thrilling rescue of thirty-six persons from the sinking fishing smack Starlight off Point Mugu, twelve miles off this city in the rough Santa Barbara Channel just before nightfall yesterday, was the tale unfolded this morning when the belated yacht Mary Ann docked at Ventura wharf. On the Mary Ann were nine of the survivors of the fishing boat; suffering from exposure and nerve strain, while the remaining twenty-seven had been marooned without food on the bleak shore of Anacapa Island because the forty-foot local craft was too small to bring all back, besides its own crew and party of fifteen passengers.

It was a plucky, dangerous battle against high seas and a roaring wind that the Mary Ann fought to tow the bigger and helpless Starlight and its frantic passengers to safety in the lee of Anacapa Island.

In the words of Miss Thelma Paup of Hollywood, only woman passenger aboard the Starlight, to Arthur Wilvert, local printer, who was on the Mary Ann, "rescue came just in time."

ENGINE WON'T START

"We had barely finished lunch when the Japanese skipper tried to start the engine to cruise closer to the island," she told Wilvert after she had been landed on the desolate rock in the channel by the rescue ship. "He could not get it started. Something seemed to be wrong with the ignition. We weren't worried at first, but when he had tinkered around for more than an hour and the ship was beginning to toss about dangerously it got sort of scary.

"He then tried to put down an anchor, but it wouldn't hold. We had no rope strong enough for the big seventy-five-pound anchor stowed away in the back of the ship.

"Hoisting the distress flag, of course, made us all realize we were truly in a precarious situation. The wind was getting meaner and the waves began to wash us around. As soon as we were washed sideways in the trough of the swells we knew the jig was up unless help came in a hurry. Water started coming over the side in barrelsful with every wave that broke against the rail.

"We all jumped into life preservers and started praying and hoping for help. It was useless to try to bail. The deck hampered us and with the engine disabled the pumps could not be worked.

"Toward midafternoon a false hope caused us a thrill. A large ship passing near by saw our distress signal and answered. Though we waited, it seemed like hours, it never turned aside to aid, but kept on going. As it started to get dark out hopes fell. We would have sunk during the night. Then the Mary Ann sighted us and chugged up. It was the grandest sight I've ever seen," Miss Paup concluded.

Wilvert related the discovery of, and the grim battle to save, the Point Mugu boat. "One of the fifteen men on the Mary Ann, which was taking a party of printers out fishing for the day, happened to look at the Starlight through his glasses as she rocked slowly out in the heavy channel waves," Wilvert said. "He saw the distress signal."

PASSENGERS JOYFUL

"When we got to the boat the passengers were all lined up on the deck next to us, shouting and waving with joy. They were a scared bunch and we meant life to them, perhaps.

"Finally we reached land and got on the beach. We built a big fire and dried out and warmed up. After the experience we had just had we felt too shaky to try to cross the channel back to Ventura until daylight."

Arrival of the Mary Ann and the nine survivors here at 8 o'clock this morning put an end to a search that the district Coast Guard cutter had conducted for the Starlight during the night, and to plans of the Sheriff's office to send a plane to look for the vessel.

The Mary Ann started back for the island at noon today to pick up the remaining towenty-seven survivors. Those it brought back this morning were Jack Kirk, Ventura; T. L. Tinkle, Santa Paula; Mr. Dickensen, Santa Paula, Miss Thelma Paup, Hollywood; Dr. J. E. Potts, Los Angeles; E. C. Jones, San Gabriel; Mr. Harrison, Azusa; E. C. Bush, Los Angeles, and Mr. Petersen, San Fernando.

Most of the marooned group on Anacapa Island are Los Angeles people, it is reported.

PLANTING OF TREES EXTENSIVE

Three-Year Program for Ontario Will Include Setting Out 5000

ONTARIO, July 28.—Five thousand trees to be planted along the local streets at a cost of $20,000 is the ambitious civic beautification program now being worked out by the city engineering department, under supervision of Austin Burt, city service manager. The tree-planting program will cover a period of three years and will embrace forty-three streets, extending more than ninety-eight miles. Total frontage on both sides of streets to be planted is thirty-seven miles, twenty-five miles north of A street and twelve miles south of A street. A total of 135 maps has been prepared showing location and condition of all present trees. The map survey is to be completed by fall if nothing unforeseen happens, according to City Service Manager Burt. Ontario and the rest of Southern California need more shade trees than do other parts of the country, this because of the brilliant sunshine and warm weather prevalent here. The tree-planting program is to be carried out under the 1915 tree-planting act, which gives the property owners opportunity to protest if they wish. Burt estimates the cost of planting will be $4.15 per tree, or $8.30 for a fifty-foot lot. Certain trees must be selected for certain neighborhoods, Burt said, as some trees need considerable irrigation and others need less. In Euclid avenue parkway in Ontario the 660 trees are valued at $330,000, according to Burt's estimate.

Pioneer's Death Recalls Early Burbank History

BURBANK, July 28.—William Britton, 93 years of age, pioneer Burbank resident, died at his home at 1713 Oak street. His death recalls much of the early history of Burbank and San Fernando Valley.

When he and Mrs. Britton came to Burbank thirty-six years ago there was only one store in the village, and where now is the heart of the business district, there was an old watering trough where two dusty wagon-tracked roads converged on the even more dusty San Fernando Road. Britton was an iron worker and had a job in a Los Angeles foundry, to which he rode in a one-horse cart every day. Each morning he arrived at 7 o'clock. Wages then were $1.40 a day.

"Burbank, Glendale and the remainder of San Fernando Valley was a great desert plain with a farmhouse here and there," Mrs. Britton said today. "Since our residence in Burbank, Glendale, Hollywood, much of Los Angeles and all of San Fernando Valley have grown virtually from nothing into one of the largest populated districts in the United States."

Funeral services for Mr. Britton were conducted today at 2:30 p.m. from the A. C. Fillbach funeral chapel at Burbank.

Brush Blaze in Potrero Area Under Control

SAN DIEGO, July 28.—Fire Warden H. G. Wood, directing a crew of twenty-five men, early today succeeded in subduing a brush blaze in the Potrero area that blackened 150 acres before the evening drop in wind velocity made combat practical. A few large oak trees were destroyed by the flames but no appreciable property damage was reported. Careless burning of brush was assigned as the fire's cause by Luther C. Gordon, chief county fire warden.

A smaller blaze, burning near Tecate, some four miles below the border, was being watched for a possible flare-up, but Gordon felt it exceedingly doubtful that the flames would gain sufficient headway to cross the line. A wide, dry river bed just south of the boundary protects American territory.

Fire Destroys Apple Trees

YUCAIPA, July 28.—Twenty acres of fine mature apple trees were burned today in a fire that started by spontaneous combustion from a pile of fertilizer on the Harold Rous ranch. Fortunately the wind blew the fire away from the chicken houses of the poultry ranch, which is one of the largest in the valley.

High grass, which had dried, started the fire in the orchards, and it consumed ten acres of trees on the Rous ranch, ten acres belonging to a man in Los Angeles. The trees were loaded with apples and the loss will be heavy. Rous stated today that he will probably plant peach trees this winter, although he may decide to put in ten acres of grapefruit. The county fire truck was called, but arrived too late to save the trees. The fire burned out when it reached a wide road.

PLANS FOR REBUILDING FISH PIER ANNOUNCED

REDONDO BEACH, July 28.—Plans for rebuilding the municipal fish pier here to include an increase of the width to thirty feet, the installation of concrete deck, rails and deck houses, were announced by Capt. Webb Monstad, owner, today. The plan will follow the permit included in the Monstad interests' lease with the city, made five years ago, which calls for a thirty-foot deck and the other improvements. According to Capt. Monstad, cost of the expansion will be between $15,000 and $20,000 and actual construction is scheduled for the early part of August.

BIRDS SECURED FOR ZOO

Scientific Expedition Returns to San Diego With Many Feathered Specimens for Exhibition

SAN DIEGO, July 28.—With about twenty specimens of Lower California nesting birds aboard, the navy tug Koka docked this morning from Gaudalupe and Scammon's Lagoon. A pleasant but busy time was reported by "all hands." Commanded by Lieut Macklin, the Koka took Dr. Harry Weggeforth, president of the zo-ological society, two assistants and Postmaster Dort to the southern waters on a scientific expedition.

Although it was discovered that professional bird hunters had sadly depleted the rookeries, members of the expedition were able to obtain in good condition the oyster catcher, the reddish aigrette, and two or three herons. These birds now are housed at the zo-ological gardens, Balboa Park, and Mrs. Belle Benchley, executive secretary, is undertaking work of final classification.

Freshly caught green turtle appeared on the bill of fare with pleasurable frequency, according to Dort, who went along mainly for the fishing. The proximity of herds of sea lions to the Koka's anchorage is blamed by the postmaster for comparative failure of the usually superb fishing.

SQUIRREL NOT EASILY RATTLED

He Rattles Rattler Around Until Snorting Steed Frightens Him

PASADENA, July 28.—Here's a new snake story that is the squirrel's whiskers!

In the words of Patrolman Arthur Mills of the United States Forest service—

"I was riding my horse through Winter Creek Canyon when I saw a grey squirrel sitting on a boulder. Within a few seconds, a large diamond rattler crawled from under the rock and eyed the squirrel.

"The squirrel instantly fastened its teeth on the snake's rattlers and tossed the snake about a foot and a half. The snake tried to escape, but the squirrel kept after it until scared by my horse's snort of fear. I thought the affair had gone far enough and killed the snake with a club. It measured three feet and had six rattles."

The rattles are on file as "Exhibit A."

Former Villista Found Stabbed Keeps Silence

UPLAND, July 28.—Alino Colunga of Claremont, who says he was at one time a general in Villa's famous Mexican army, participated in a personal revolution of his own over the week-end that nearly cost him his life. True to the spirit of a good revolutionist, Colunga would give no details of his revolution other than he was the loser. He was found at the entrance to San Antonia Community Hospital, lying in a pool of blood, deeply cut about the head, and one arm was slashed severely in two places.

Officers tried to get Colunga to tell them how he got there, but this he steadfastly refused to do. As he would have died in another half-hour from loss of blood, it is surmised his opponents left him at the hospital door rather than have a dead Mexican on their hands. Two tourniquets were on his slashed arm, one above and the other below the cuts. An ambulance was called to take him from the hospital to his home in Claremont.

San Fernando Assessments Made Lower

SAN FERNANDO, July 28.—San Fernando is one of the several communities in Los Angeles county that has lower assessed land valuations for this year, as compared to the assessment of 1929, according to the assessment roll for this district, just completed by Edward W. Hopkins, county assessor.

The assessed valuation of land this year is $2,954,295, against $3,334,300 in 1929. Realty improvements are appraised at $1,693,690, against $1,732,430 for last year. The assessment on personal property shows an increase of about $200,000, the total for this item this year being $728,970.

The total assessed valuation of San Fernando property this year, including real estate, personal property, stocks and bonds and solvent credits is $5,717,470, the records show. Last year the total was $5,829,425.

Mrs. Mattie Renner was seated as Noble Grand of the Rebekah auxiliary by Mrs. Nellie Austin, District Deputy President. Louis Mohns was installed as Vice-Noble Grand of the Odd Fellows and Mrs. Laura White as Vice-Noble Grand of Rebekahs.

Among other officers seated were Mrs. Lucille Wiley, Mrs. Edith Stockwell, Mrs. Euhla Whillock, Charles Murphy, Frank Smith, W. A. Gray, A. C. Cox and A. L. Jones.

POLICE HEED RADIO SEER

Spurred on by Medium's Message That Bodies of Boys Might Be Found, Officers Seek Spot

SANTA ANA, July 28.—Spurred on by a Long Beach radio medium's message that the bodies of two missing boys might be washed ashore at Huntington Beach, life guards and police officers there today patrolled the strand in search of Harold H. Newton and Earl Knisely, each 13 years of age, who disappeared several days ago from their homes at Placentia.

The lads went swimming and were drowned, the seeress was reported to have said. All day Sunday the search went ahead but no trace of the boys was found.

The patrol of the beach was intensified today, when the medium was reported to have said that the clothing of the youngsters had been found. Neither the Huntington Beach nor Newport police department could verify the report that the apparel had been discovered.

E. E. Newton, father of Harold Newton, did not place all his faith in the message of the radio mystic and extended the inquiry to San Diego, where he believes the youngsters went. He requested the assistance of officers there in searching for them.

AVOCADO GROWERS TO MEET

Orange and Los Angeles Counties Groups in Field Day at La Habra, August 2

LA HABRA, July 28.—More than 100 avocado growers of Orange and Los Angeles counties are expected to attend the field day for the avocado industry to be held here August 2, according to F. D. Haim, chairman of the county farm bureau avocado department. Assisting in plans for the event is Roland Flaherty, executive secretary of the county farm bureau.

The session will open at the Leffingwell ranch, located between La Habra and Whittier, where at 9:30 a.m. Dr. I. G. McBeth, authority on avocado culture, will speak on irrigation.

At 11:30 a.m. the party will inspect the overhead irrigation system used by the Herman Smith ranch. Lunch will be provided by Edwin G. Hart, La Habra Heights avocado land developer.

During the afternoon the growers will be addressed by Prof. Robert Hodgson of the University of California on factors influencing avocado protection.

A tour of groves in the La Habra Heights district will complete the afternoon.

Child-Murder Tip Followed Out by Sheriff

SANTA ANA, July 28.—Search for the body of a slain Mexican boy, said to have been tied in a sack and thrown into a secluded eucalyptus grove near the Santa Ana River, was being pressed today by a posse of officers under the direction of Sheriff Sam Jernigan.

The Sheriff took personal charge of the search upon receipt of a mysterious "tip," said to have come from an undivulged source in Long Beach, that the child's body would be found in the grove. Up to noon today, however, the grewsome prophecy had failed of fulfillment.

The sixty-acre grove, situated near Ocean avenue on the west bank of the river, had failed to yield any sign to verify the anonymous communication received by the officers.

The tip came to the Sheriff's office last night, it was said, advising the authorities that a 3-year-old Mexican boy had been murdered in Long Beach, the body then being placed in a sack and concealed in the grove. It was not buried, according to the tip.

Sheriff Jernigan organized his searching party early today and proceeded to conduct a minute search of the gum grove designated.

Last Rites for Mrs. Buck Today

HUNTINGTON BEACH, July 28. Funeral services for Mrs. Helen Buck, 34 years of age, prominent woman of the Southland, assistant manager of the National Building and Loan Association here, and active member of the Associated Chambers of Commerce of Orange county, the Orange County Coast Association, Eastern Star lodge, P.E.O. Sorority, Woman's Club and local Chamber of Commerce, will be conducted Tuesday at 3:30 p.m. in the Dixon chapel. Dr. Hardy M. Ingham of Glendale, and Rev. John M. Barnhart of the Methodist Church here, will be in charge. Burial will be in Central Memorial Park.

She died in the Santa Ana Valley Hospital after a sixteen-day illness of typhoid fever. She was the daughter of Mr. and Mrs. Harvey S. Young. The deceased leaves a daughter, Gretchen, 9; a sister, Mrs. Ruth Tucker, who is critically ill with the typhoid, and a brother, Hoyt of Arlington, Iowa.

Beach Purchase for State Park to be Talked

HUNTINGTON BEACH, July 28. John O'Melveney, State Park Commissioner of this district, will meet with the Orange County Supervisors tomorrow in Santa Ana to discuss final plans on the proposed purchase of the State beach park to be located between here and Newport Beach, according to an announcement made by W. R. Osborn, president of the Chamber of Commerce, at the noonday luncheon held at the Golden Bear Cafe today.

Osborn said that there would be some work to do to put through the proposition, that it would not be a bed of roses, although many who have opposed the project are now willing to see the deal go through and have agreed upon the location. Another group has selected a site which they will promote, but it is a real-estate idea.

The site proposed for the park here, includes 12,000 feet of beach frontage, and 344 acres of land back from the beach at a cost of $1,482,270. Of this amount the State will pay half—the remainder to be raised by a bond issue.

With the addition of beach frontage adjoining the city of Newport Beach and Huntington Beach there would be nine miles of beach open to the public.

Three Wrecks Put Five Into Hospital Cots

UPLAND, July 28.—Five persons were taken to San Antonio Community Hospital and one was placed under arrest in three automobile wrecks over the week-end in this community. Those taken to the hospital were Hamlin Hawker of Cucamonga, Norman E. Leonard and Virginia F. Leonard, 1405 North Virgil street, Los Angeles; Mrs. D. W. Ford, East Eighth street, Ontario, and Minnie Freeman, 858 East Seventh street, Ontario.

Hawker was injured in a crash with a car driven by Lorna Doone Morden of Alta Loma at the intersection of Highland and Hellman avenues. The others sustained injuries in a crash on Foothill Boulevard east of Baker avenue.

The third crash occurred on Mountain avenue between cars driven by Henry W. McNatt of 985 West Holt avenue, Pomona, and Roy Rister of "nowhere." McNatt was arrested for reckless driving. Rister told police he is an auto hobo, driving a stripped light car about the country just to satisfy the urge to "keep rolling."

'Unloaded Gun' Wounds Victim

REDLANDS, July 28.—Albert Solis, 9-year-old son of Mr. and Mrs. Joseph Solis of 1224 Columbia street, is fighting for his life in the County Hospital today with a bullet hole through his neck which severed a large blood vessel. The boy was shot by Tony Vermontis of 1210 Columbia street, who was showing him how to fire an unloaded rifle.

The police took one exploded shell and one unexploded shell from the gun.

The boy lost a great amount of blood before a doctor could be reached. He was taken to the County Hospital, and it was said that his chances for recovery are about even.

The Vermontis boy told the police that he was sure the gun was not loaded when he pulled the trigger.

PLANT AT VAN NUYS SHIPS DRESSED FOWL

VAN NUYS, July 28.—More than 400 dressed chickens are shipped daily from the C. B. Faulkner Company poultry packing plant, Van Nuys, officials of the plant said today. The San Fernando Valley supply of chickens having been exhausted, the company shipped in four carloads of live birds from Colorado and Utah. The plant has 32,000 live birds on hand now and 4000 in cold storage. In the four carloads that arrived last week, 400 birds were dead from desert heat.

HUNTINGTON PARK, July 28.—Committees from Jinnistan Grotto of Los Angeles and Hamadan Grotto of this city are making arrangements for their first annual picnic, which will be held Sunday, August 17, at White's Point. These two grottoes are the only two organizations of the kind in the State at the present time.

MUNICIPAL PLANT SOUGHT

Petitions Out Asking Torrance City Council to Deny Franchise and Call Vote on Water System

TORRANCE, July 28.—Petitions addressed to the City Council in which a denial of the request of the Torrance Water Light and Power Company for a fifty-year franchise, and an immediate election to establish a municipally owned plant are asked, are being prepared for filing today. The petitions, circulated in several separate sections, will bear several thousand names when filed, supporters say, and will be before the City Council for its consideration on August 5. Coincident with the filing of the petition, supporters of the move to establish a city-owned water system have asked all who are interested to appear at the Council meeting in person on that night to give weight to the petition plea.

The move is the outcome of investigations made by the city engineer's office some time ago, in which cost of a city-owned plant was determined and a survey of water-producing possibilities made. A technical error in the preparation of a petition presented at that time, in which an election to establish a municipal plant was asked, caused the petition to be set aside.

The request for the franchise is the first ever to have been made by the water company, which, through a unique arrangement with the Dominguez Land Company, made many years ago, has been serving the district under a perpetual easement along all property frontage. The easement is not subject to cancellation, it is understood, and establishment of a city-owned system if effected will be by building parallel lines.

Water supplied by the present company is piped from the Dominguez Corporation plant near Dominguez Junction at a minimum rate of $2.25 per 1000 cubic feet. The rate is nearly four times the minimum rate of Lomita, which adjoins this territory on the south, and has its own system, supporters of the city plant plan are pointing out. Possibility that the City Council may grant the franchise is extremely remote, according to City Councilman Carleton Bell.

NATURE'S GARB IN POOL COSTLY

Pasadena Man, Asserted to Have Made Merry With Mermaid, Fined

PASADENA, July 28.—Asserted to have swum in the Annandale Country Club's open-air pool in the nude, accompanied by an undraped mermaid, John McCall of 101 Hurlburt street, paid $25 for his midnight splashing this morning. He was fined on charges of "disturbing the peace."

McCall was arrested at 1 a.m. in company with an attractive South Pasadena girl who vanished before her name could be learned. The arresting officer reported that both were minus clothes and admitted swimming for more than an hour before their flesh-colored splash costumes attracted notice.

John S. Morse, Victim of Plane Crash, Buried

ALTADENA, July 28.—Funeral services for John Spencer Morse, 27 years of age, of 2885 Tanoble Drive, aviation student who was killed instantly Friday when his plane crashed near Glendale, were held this afternoon in the Turner & Stevens Chapel, Pasadena. Rev. R. W. Abberly, assisted by Masonic leaders, officiated, and entombment followed in Forest Lawn Mausoleum, Glendale.

Morse's death occurred when he flew a cabin plane from the Grand Central Airport with Dominick Gnoepff as passenger in an attempt to cure Gnoepff's deafness. A torn wing is believed to have caused the plane to shoot down with such speed from an altitude of 3000 feet that the nose of the ship buried itself six feet in the mud of Lake Toluca. Both men were dead when witnesses arrived at the scene.

Besides his widow, Mrs. Maude Morse, the flyer leaves a 1-year-old son, John Morse, Jr., his mother and father, Mrs. Lottie E. Morse and Frank Morse, and one brother, Nathan C. Morse, also interested in flying.

A few months before his death Morse won a silver cup offered by the Curtis-Wright Flying Service for the best landing made by an amateur pilot.

Man Found Ill on Creek Bank Dies Soon After

VENTURA, July 28.—Found lying in a barranca near Newbury Park at 5:30 p.m. Sunday, both feet dangling in a creek, his clothing torn and ragged, Millett L. Clancy, about 45 years of age, died at the County Hospital five hours later.

Who the man was or from where he had come was a mystery to officers, who were called to the scene by near-by campers. But discharge papers found on the body indicated he had served in the United States Army for a short period during the World War, leading authorities to believe he had been at the Veterans' Hospital at Sawtelle.

According to Coroner Oliver Reardon, the man probably died of tuberculosis and overexposure.

TARZANA WAITS FOR POSTOFFICE SANCTION

TARZANA, July 28.—Petitions for the establishment of Tarzana postoffice are in Washington, awaiting final sanction. Congressman Evans has approved of the proposed station and has recommended it to the postal authorities.

While in the valley Evans will stop in Van Nuys in regard to the plan to build a postoffice building there.

Gov. Tapia of Baja California Says Instructions in English on School Equipment Compliment

"On the contrary, I consider it a compliment to our high-school children," replied the Governor. "You know we use your motor cars without instructions in Spanish, and your airplanes, yes, and even your patent medicines."

The second witticism refers to a California woman who was being persuaded to make one of a group of Americans to visit the west coast of Mexico on a freight boat. "Why, just imagine it," said the enthusiastic promoter," we even go through the tropic of Cancer." At the word cancer the lady shuddered. "I knew there was a catch in it somewhere," she said.

The third anecdote has to do with a recent meeting in Ensenada of Mexican and American directors of

BABY TANGLE TO BRING SUIT

Damages for "Lost Identity" will be Asked for Infant

Watkins's Attorney Planning to File Action Today

Defense Roster will Include All of Hospital Staff

CHICAGO, July 28. (AP)—Damages of $100,000 for a "lost identity" will be asked in a suit to be filed tomorrow by counsel for William Watkins, distraught father of one of the two babies in the now famous Watkins-Bamberger baby tangle.

The suit will be brought against the Englewood Hospital Association in behalf of the infant the Watkins brought home as theirs, only to find him labeled "Bamberger."

"It will be the first suit of its kind ever filed, so far as I know," said Barratt O'Hara, attorney for Watkins.

"The baby will be plaintiff. The plaintiff will assert he does not know who he is. The amount of damages asked will represent the damage done to him through confusing his identity."

BABY'S BEST FRIEND

O'Hara said the suit will be filed through the baby's best friend, Mrs. Grace Dibbell, club woman, who has interested herself in the case. The suit will name the entire staff of the Englewood Hospital, where the Watkins and Bamberger babies were born. This will make twenty-five doctors defendants.

O'Hara also announced later another lawsuit, probably for $100,000, will be filed against the hospital in behalf of Mr. and Mrs. Watkins. The grounds will be the mental anguish to which the couple have been subjected through the possibility they have the wrong baby.

FURTHER ACTION

O'Hara said habeas corpus action to obtain custody of the baby claimed by the Charles Bambergers also will be brought later. It is O'Hara's plan to have three Municipal Court judges decide whether the baby, which yesterday was christened George Edward Bamberger, is really a Bamberger.

The babies involved were born four weeks ago in the Englewood Hospital, where their mothers occupied the same rooms. When the babies were taken home a tag bearing the name "Bamberger" was found on the baby in the Watkins home and a tag bearing the name "Watkins" on the baby in the Bamberger home.

EX-HUSBANDS PROPOSE WAR AGAINST ALIMONY

CHICAGO, July 28. (AP)—Three Chicagoans who have either been cited for contempt or committed to jail for failure to pay alimony, today sought incorporation of the alimony club of America.

The articles of incorporation of the club, sent to Springfield for filing with the Secretary of State, limit membership to men who are divorced, have been sued for divorce or are suing for divorce.

Among others, the articles set out the following purposes:

"To obtain more deliberate action in divorce cases and a more just and equitable adjustment.

"To test the constitutionality in all State and Federal courts of laws under which men are imprisoned for failure to pay alimony.

"To advocate the enactment of laws requiring courts to examine the merits of a divorce case before allowing temporary alimony.

"To procure the establishment of a court of domestic arbitration in which ordinary domestic difficulties may be arbitrated by a judge in private.

"To protect men and society generally against the so-called modern woman who considers marriage a mere step incident to a suit for divorce that she may engage in the business of collecting alimony."

The incorporators are Oswald Mackie, John Murray and Philip Collins. Mackie has pending in the State and Federal courts an alimony appeal charging commitment to jail for failure to pay alimony is in violation of the Federal Constitution.

ROW BREAKS UP HARMONY CONFERENCE

Delegates in Fist Fight Over Primary Slate at Bay State Meeting

WORCESTER (Mass.) July 28. (AP) A "harmony" meeting of Massachusetts Democratic leaders, called to select a slate for the State primary, failed to accomplish its business today after a fist fight developed between two delegates.

An effort to prevent the conference from sponsoring any certain candidates was led by Representative Connery of Lynn. He introduced a resolution to prevent such action and it was during the speeches that disorder developed.

Connery's resolution was passed, 268 to 255, but the vote was doubted. During a roll call today the disorder reached its height. The chairman had little or no control over the meeting, the stage became overcrowded with delegates and the fist fight in the back of the hall started.

With the women delegates frightened by the condition, John F. Fitzgerald, former Mayor of Boston, led in the singing of "Sweet Adeline," while policemen dragged one of the battlers out.

"Death to all Filipinos."

Ordnance experts of the government reservation at the Presidio, who began an investigation to determine the source of the death weapon, if possible, said it contained enough explosive to destroy the entire waiting-room, and perhaps the whole building.

Authorities said a sharp blow administered by any person handling the grenade would have exploded it.

NEW PLEA DISPATCHED BY MOONEY

Pardon Petition Mailed as Court Rejects His Plan to Attend Hearing Today

SAN FRANCISCO, July 28. (AP)—Thomas Mooney today mailed a new pardon petition to Gov. Young in Sacramento on the eve of the Supreme Court hearing of John MacDonald, recanting witness in the Preparedness Day bombing trials whose testimony twelve years ago helped send Mooney and Warren K. Billings to jail for life.

The new pardon plea was mailed a few hours before the seven Supreme Court justices denied Mooney's request he be permitted to attend tomorrow's meeting.

Chief Justice Waste said the court deemed "unnecessary the presence of either Mooney or Billings, being concerned solely with MacDonald's testimony and its possible bearing on the new pardon application of Billings."

MacDonald, located recently in Baltimore, repudiated testimony he gave during the bombing trials and now insists he perjured himself, having been coached by police to identify Mooney and Billings after their arrest. With Hilary Gans and Charles Ruzicka, Baltimore attorneys, MacDonald returned last night from Los Angeles and rested in preparation for tomorrow's ordeal.

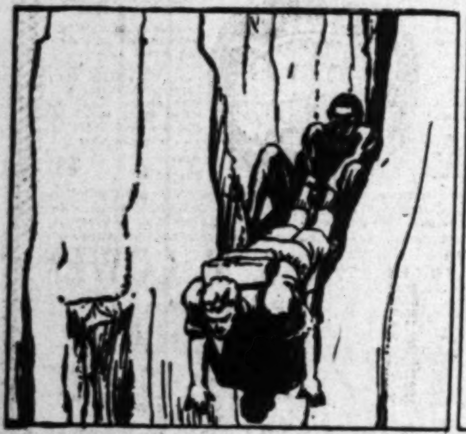
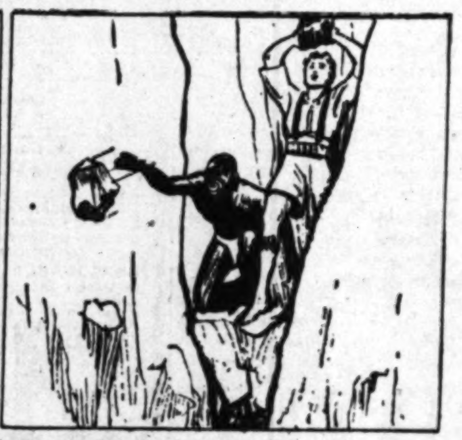
TARZAN AND THE LOST EMPIRE

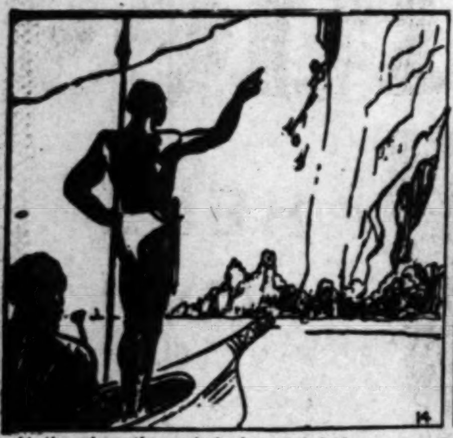
By Edgar Rice Burroughs



Creeping over the loose rubble in the bottom of the fissure, von Harben discovered a sheer drop of a hundred feet to the level of the next terrace and his heart sank. He lay upon his stomach, and instructing Gabula to hold him tightly by the ankles, he wormed himself outward until he could scan the entire surface of the cliff below him.



He saw that the fissure in which he lay was open again to the base of the cliff. He could reach it if he had a rope to swing by, but he had no rope. For hours he meditated and then finally commanded Gabula to join him in lifting the heavy stones that surrounded them. These they hurled to the rocks below. Presently Gabula lifted an unusually large rock, "Look, Bwana!" he cried.



At the place the rock had occupied there was an opening about the size of a man's head extending into the fissure beneath them. Hurriedly the two men set to work to enlarge the hole. As the rock fragments clattered down, a, tall, straight warrior in the bow of a dugout on the lake below looked up and called the attention of his comrades to the cliff.

Rex Maxon

Von Harben and Gabula increased the size of the opening until they were able to climb down, bracing their backs against one wall and their feet against the other. As von Harben stepped from the fissure, the warriors in the dugout below cried, "It is the demon! The great wall is falling! The prophecy is being fulfilled! Let us hasten and tell the masters."

IT CERTAINLY IS A COMFORTABLE FEELING TO HAVE A LARGE LEGACY COMING TO YOU IT GIVES YOU A NEW PERSPECTIVE ON LIFE.
BUT THIS $300,000 THAT IS COMING TO US IN CASH— I DONT WANT TO FEEL WE HAVE TO BE TOO TIGHT WITH IT.
OF COURSE NOT, PHYLLIS. THE INTEREST ON THAT WILL AMOUNT TO $18,000 A YEAR. WE CAN GO A LONG WAY ON THAT.
YES, BUT DON'T YOU SEE HOW SMALL THAT LOOKS WHEN THE WHOLE LEGACY AMOUNTS TO SIX MILLIONS — AND SHOULD DOUBLE IN VALUE IN TEN YEARS!
PERHAPS, BUT YOU KNOW WHEN YOU ARE USED TO THINKING IN DOLLARS AND HUNDREDS IT IS HARD TO GET USED TO THINKING IN MILLIONS.

NATION TO SELL ITS CRUISERS

Denmark Will Dispose of Both of Them in New Policy of Naval Reduction

COPENHAGEN, July 28. (AP) Denmark, which owns but two cruisers, the Heimdal and Neils Juel, has decided to dispose of them. The Heimdal will be scrapped and the Niels Juel, just returned from a royal visit to the Iceland jubilee, probably will be sold to China, naval officers believe.

Minister of Marine Rasmussen has confirmed recent reports of intended "naval reduction."

Dry Criticises British Envoy

NEW YORK, July 28. (AP)—A Washington dispatch to the New York Times says Samuel B. Woods, former Mayor of Charlottesville, Va., an ardent dry, has written a letter to Sir Ronald Lindsay, British Ambassador, protesting against the use of liquor in the Embassy.

The dispatch said indications are Sir Ronald will ignore the protest, adding that officials even declined to admit the letter had been received.

BOX DEFEATED IN TEXAS RACE

Mexican Restriction Bill's Author Beaten by Dies

Denouncement of Raskob Featured in Campaign

Majority of Opponent May Reach 10,000 Mark

DALLAS, July 28. (Exclusive)—Representative John C. Box of Jacksonville, who sponsored the Box bill advocating restriction on Mexican immigration to the United States, was defeated for renomination by Martin Dies, Jr., of Orange.

The Second District, now represented by Box, is composed of fourteen counties, and returns from thirteen of these give Dies 29,055, while Box polled 23,325. The remaining county, Sabine, to be heard from is reputed to be a Dies stronghold, so every indication is that the majority given the Orange candidate will be in the neighborhood of 10,000.

Besides his stand on Mexican immigration, Box's campaign was marked by public denouncement of John J. Raskob, whom he declared should resign as Democratic National Committee chairman.

DEFEATED CANDIDATE LINES UP AGAINST "MA"

DALLAS (Tex.) July 28. (AP)—Texas Democrats today looked at the 55,441 lead Mrs. Miriam A. "Ma" Ferguson, former Governor of the State and wife of a former Governor, had run up over Ross S. Sterling, rich Houston publisher, in last Saturday's primary and began forming alignments for the campaign leading to the run-off primary, August 23, when the Democratic nominee for Governor will be chosen.

Thomas B. Love, Dallas lawyer, State Senator and anti-Smith leader in 1928, was the first of the defeated candidates to declare himself. He announced he would support Sterling. He polled 70,059 votes.

Gov. Moody, who defeated Mrs. Ferguson four years ago but who declined to run for a third term after Sterling announced, came out with a statement of support for Sterling.

As the counting of returns by the Texas Election Bureau continued tonight 701,664 votes had been tallied from 245 of the 253 counties, with eighty-two counties complete, and it was estimated a possible 125,000 votes remained to be counted. There was no thought, however, the trend would be changed. The vote stood:

Mrs. Ferguson, 204,057; Sterling, 148,616; Clint C. Small, 109,724; Love, 70,059; James Young, 64,850; Earle B. Mayfield, 47,273; Barry Miller, 46,168; C. C. Moody, 4011; Frank Putnam, a wet, 2505; Paul Loven, 2475; Dr. C. E. Walker, 1926.

In the Democratic contest for the United States Senatorial nomination, the veteran incumbent, Morris Sheppard, scored an easy victory without having made a single campaign speech. He polled 419,930 votes on the face of the latest returns against 139,789 for R. L. Henry, "wet," and C. A. Mitchner 32,874.

CONAN DOYLE 'HEARD FROM'

Widow Says Psychic Photograph and Messages Have Been Received From Author

LONDON, July 28. (AP)—Lady Conan Doyle, widow of Sir Arthur Conan Doyle, said today Sir Arthur has established definite communication with his family through the medium of a psychic photograph.

She told the Daily Herald Rev. Charles L. Tweedale, vicar of Weston, Yorkshire, an investigator of psychic phenomena, sat for the photograph.

Sir Arthur's picture, Lady Conan Doyle said, is superimposed on a photograph of Tweedale. The picture was made by a professional photographer but the plate was developed and printed solely by Tweedale.

Furthermore, said Lady Conan Doyle, Peter Powell of Chester received through the spirit guide a message from Sir Arthur about a sealed envelope which Sir Arthur left with Lady Conan Doyle. She said there is such an envelope but it can only be opened when Sir Arthur directs her to open it and tells her in advance what it contains.

She asserts the family already has had several marvelous experiences and there has been much evidence of communication from Sir Arthur.

Two of the men, George A. Anderson of Timberlake, near here, and an unidentified companion, were killed. A third, Melvin Scranton, also of Timberlake, was wounded probably fatally.

TURKISH TOWN HIT BY CYCLONE

Adrianople, Ancient Capital, Leveled by Tornado

Twenty Killed and Hundreds Injured in Storm

Architectural Treasures of Centuries in Ruin

ADRIANOPLE (Turkey) July 28. (AP)—This ancient capital of the Ottoman Empire and treasure store of Moslem architecture tonight is a mass of fallen minarets, domes and roofs, blown over by a tornado that killed twenty persons and injured hundreds yesterday.

Four-fifths of the houses in the city, which has a population of about 60,000, were destroyed. The tornado spared the roofs of the government buildings, but literally blew out the windows and doors. Official documents were whirled out through the streets like snow.

After the tornado hailstones the size of walnuts poured down. Crops in the surrounding country were ruined and trees were uprooted.

PROFITS OF PARAMOUNT PUBLIX UP

Report of Corporation for Six Months Shows Net at Record High

NEW YORK, July 28. (Exclusive) The Paramount Publix Corporation reports estimated consolidated net profits for the six months ended on June 28 of $8,434,000. After all charges, an increase of 65 per cent over the net profits for the first six months of 1929, when the earnings set a new high record for the period. With 600,000 shares more outstanding at the end of the first half of this year, share earnings increased by 67 cents, standing at $2.98 for the first six months of this year, compared with $2.31 in the corresponding period of 1929.

For the three months ended on June 30 the estimated consolidated net profit is $3,600,000, compared with $2,556,000 in the corresponding period of 1929. The earnings this year are equivalent to $1.21 a share, against $1.14 a share in the three months ended on June 30, 1929. This aspect of the report was surprising to Wall street, where it had been reported that motion-picture companies had begun to experience the usual summer slump as early as April this year, and the general expectations were that all motion-picture companies would show a sharp decrease from last year's earnings in April, May and June.

The motion-picture theaters missed the usual slump last year and this has been explained on the ground that the talking motion picture was then still enough of a novelty to attract more trade than is usual for the season.

CIGAR BONUS PLAN TOLD

Bethlehem Steel Criticism Prompts United Company to Reveal Full Details of New Deal

BY EARLE E. CROWE

Since the public discussion of the bonus plan in use by the Bethlehem Steel Corporation, a number of companies voluntarily have come forward with details of their own bonus schedules. The United Cigar Stores Company of America, probably with the idea of avoiding criticism at a later date, is one of those to take this wise step.

Utilizing the New York Stock Exchange as the medium for the disclosure of its bonus plan, United Cigar Stores has announced a five-year plan under which principal executives will be compensated in full by the payment of stock bonuses and options to buy more stock.

OTHERS TO SHARE

Certain of the other executive officers will be paid partly in stock and partly in cash. They will also have the opportunity of purchasing additional shares under option agreements.

As a company that recently underwent reorganization, the shares of United Cigar Stores are not particularly attractive now. But at the end of the five-year period it is possible that anticipated business improvement and special efforts of the executives will have brought about a substantial rise in the stock. If this prospect materializes the stockholders at least will have known the facts and can hardly criticise if the executives profit handsomely.

Sometimes these bonus plans work out contrary to expectations, and then the executive officers who gambled on stock bonuses or stock options for regular or extra compensation have labored in vain. Such a possibility equalizes the matter so far as the stockholders are concerned.

Many of the executives running investment trusts have met with this unsatisfactory experience. Since most trust shares, except possibly those exceptionally well managed, have declined substantially in price the privilege of buying additional shares has not been worth exercising.

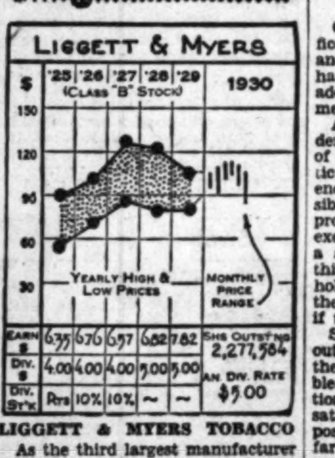
With new or comparatively young companies the stock bonus plan is more feasible than for the older and seasoned corporations. The older companies ordinarily have no stock available for this purpose, unless the company itself steps out in the open market and acquires shares for bonus distribution.

SECRECY HIT

Bethlehem Steel's cash bonus to executives has not been criticised so much in principle as for its secrecy. If the details had been disclosed at the inception of the plan there would have been hardly any question raised now about the size of the bonus payments. The board of directors of a company is the best judge of what intelligent and aggressive management is worth, but now the Bethlehem officers are in the awkward position of having the value of their services publicly questioned by incompetent appraisers.

United Cigar Stores is not taking any chances. Its report to the New York Stock Exchange outlines in full the ramifications of the plan, giving the number of shares to be paid outright annually, the number under option and the price and the approximate dates on which the distributions will be made.

WHAT'S BEHIND YOUR STOCK



LIGGETT & MYERS TOBACCO

As the third largest manufacturer in the expanding tobacco industry, the company's popular brands of cigarettes, Chesterfield, Fatima and Piedmont, bid fair to be well up among the best sellers during the current year. The well-known Velvet, Granger Rough Cut and Duke's Mixture smoking tobaccos also contribute considerably to the organization's profits. Liggett & Myers leads the world in the production of plug tobaccos. In addition to factories located in Philadelphia, Chicago, St. Louis, Durham and San Francisco, the company owns large leaf storage warehouses.

In every year since 1923 earnings regularly have been greater than in the preceding year, culminating in 1929 with a per-share increase of more than 14 per cent over 1928. By writing down valuable patents and goodwill from some $40,000,000 to the present figure of $1, a large hidden reserve has been created to augment further the sound financial position reflected in a current ratio of 11 to 1.

CAPITALIZATION

Funded debt, $28,306,200; 7 per cent cumulative preferred ($100 par,) 225,141 shares; common stock, class "B" ($25 par,) 2,277,584 shares, and common stock ($25 par,) 859,856 shares.

Current Data: Company increased its capitalization this spring by the issuance of valuable rights to stockholders entitling them to subscribe to one additional share for each five held. Value of rights ranged from 17 to 13 on the New York Stock Exchange.

Harvester Will Step-up Output

MILWAUKEE, July 28.—International Harvester Corporation will increase operation of its local plants by 50 per cent within the next thirty days, due to the receipt of a large Russian order for tractors.

While Harvester officials refuse to give exact figures on the purchase, information comes from other quarters that the order was for $7,000,000 worth of tractors. Allis-Chalmers is also negotiating for the sale of additional tractors to the soviet. The Harvester plant in Milwaukee will not add any more men, but time of those working will be increased 50 per cent. The order will keep the Milwaukee plant more active until the Christmas holidays, officials state.

Tobacco Stock Split Ratified

NEW YORK, July 28. (Exclusive) Stockholders of the American Tobacco Company at a special meeting today approved the two-for-one split-up of the common and common "B" stock. A plan was also ratified for the issuance and sale of common "B" stock to employees and officers, and it was also voted to increase the voting power of the preferred to four votes a share from two votes to preserve the relative voting power of the preferred shares.

George W. Hill, president, said earnings for 1930 will undoubtedly far exceed for the first time the earnings of the company before its dissolution by court decree.

EARNINGS OF INVESTMENT POINT DOWN

Report for Six Months of Los Angeles Company Shows $224,059 Net

Net operating profits of the Los Angeles Investment Company for the first six months of this year totaled $224,059.99, the company announced yesterday in a letter mailed to stockholders by W. P. Jeffries, president. This amount is after all charges including Federal tax, and is the equivalent to 45 cents on the 500,000 shares of $10 par value stock outstanding.

In the first half of 1929 net earnings after charges were $522,814, equal to $1.04 a share.

Contrasted with net income of $224,059.99, President Jeffries reports that dividends paid in the six months' period totaled $300,000. In computing net profits, however, no allowance was made for the company's interest in the undivided profits of its subsidiaries, which if distributed, Mr. Jeffries explains, would have made it necessary to draw on surplus for less than $30,000 to meet dividend requirements.

Real estate sales, according to the report, have fallen off materially, and production of crude oil from the company's wells has been sharply curtailed by the lessee as a result of the conservation program.

Directors have declared the regular quarterly dividend of 3 per cent, payable August 15 to stock of record the 15th inst. It is expected, Mr. Jeffries states, that this rate will be continued, irrespective of the decline in earnings. Surplus as of June 30, last, totaled $5,024,408.96.

"It is the opinion of your board of directors," he states, "that conditions in general and as particularly affecting the operations of your company will greatly improve, and that the company will soon be in position to make further additions to surplus from earnings."

Insull Utility Trust to Make Rights Offer

CHICAGO, July 28.—Holders of common stock of Insull Utility Investments, Inc., of record August 30, will receive rights to purchase additional common stock at $50 a share in the ratio of one additional share for each five shares held.

Holders of first and second preferred stock as of same record date will receive the right to buy one additional share of common at $50 for each eleven shares held.

Total offering will involve 600,000 shares of common stock, which will yield $30,000,000 of new capital to the Insull Utility if the rights are all exercised. Stock will be offered and issued as of September 15. The issue will be underwritten and will be sold to stockholders either for cash or on the partial payment plan.

Investment securities now held by the company at closing prices the 26th inst., had a total market value of upwards of $21,000,000 more than cost.

COTTON MARKET

NEW YORK, July 28. (AP)—An early advance in cotton on relatively steady Liverpool cables and overnight reports of continued dry, hot weather in the Southwest, was followed by reactions during today's trading.

Failure of bullish features in the crop situation to promote a more active demand was evidently a disappointment to holders of contracts, and after early buying had been supplied, the market was without much support. After selling up to 12.95 early, new October eased off to 12.65, and the midafternoon market was quiet at net declines of about 5 to 10 points.

SMOOT RAPS FRENCH STAND

Utah Senator Points to Huge Trade Balance Against America in Defense of Tariff Act

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, July 28.—Senator Reed Smoot paid his respects to France, just before leaving Washington this week, for his honeymoon trip to Honolulu.

"An examination will show that we buy goods from France to the value of $165,000,000 per annum," said Senator Smoot. "We also spend about $300,000,000 of tourists' money in France, so that the French receive from us about $450,000,000 a year, as against about $160,000,000 which they spend for goods they purchase in the United States. So the trade balance favors France to the extent of about $290,000,000 annually."

Now on the $156,000,000 of goods exported, American tariffs were increased by $31,000,000, and decreased $14,000,0000 on other schedules. Many of the item increases were pure luxuries. So the tariff would not in any way affect the volume of import. In all, the total average tariff increases on French imports are about 3½ per cent.

Look at the other side of the picture. The French government has a minimum and a maximum tariff within the boundaries of which they bargain with other countries for favored position. Sharp discriminations against American goods have resulted in decreasing American exports to France.

However, not only France, but other European nations—Spain, Italy and Germany among them—have increased their tariff schedules since the new American tariff went into effect last month.

"Goods in merchants' hands are below normal, savings are being accumulated out of incomes, business is worse than it was during the same period last year and the same period of the year before, and unemployment is also greater, but the general feeling is that there will be a substantial improvement in the fall."

Such is a typical answer in a survey made by Ralph Kohn, of the Paramount-Publix Corporation, covering business conditions in the forty States, in which that organization operates.

The two important facts that stand out in this national survey are: (1) that stocks of merchandise on hand are less than last year and getting lower each month; and (2) savings are increasing.

In the farming sections, where both crop yields and farm prices are poor, the outlook is not so encouraging.

The survey parallels rather closely the latest report of Julius H. Barnes on the subject.

Charles W. Merrill, of the United States Bureau of Mines, has issued a most timely paper on gold and silver production.

World production of silver from the time of the discovery of America, 1492 to 1927 inclusive, has been more than 14,000,000,000 ounces. This is about fourteen times the weight of gold produced during the same period.

But more silver has been produced since 1888, a period of thirty-nine years, than was produced in the preceding 396 years.

The great silver countries of the past were Germany, Austria, Hungary, Japan and Sweden. These were followed by silver production in large quantities in Bolivia, Peru and Mexico.

Then the United States began producing precious metals. While it produced considerable silver during the last half of the nineteenth century, it produced more gold than any other nation.

In spite of the fact that only fourteen times as much silver as gold (in weight) has been produced in the last 400 years, today gold is worth about fifty times more than silver, for the ratio of silver to gold stands at about fifty to one.

Rockefeller $3,640,311 Trust Worth $18,252,937 in Thirteen Years

NEW YORK, July 19. (AP)—A report filed in Supreme Court today disclosed the $3,640,311 trust fund established by John D. Rockefeller in 1917 for his daughter, Mrs. Alta Rockefeller Prentice, has a present market value of $18,252,937.

The report, filed by Sidney C. Crane as referee to take the accounting of the Equitable Trust Company as trustee said also that Mrs. Prentice had received $6,693,320 as income from the fund.

The trust consisted of 356,350 shares of Standard Oil Company of Indiana, quoted at 51 1-4 today on the New York Curb Exchange. The increase was due in large measure to stock split-ups, which in one case amounted to 150 per cent.

THE newspaper clipping at the left vividly illustrates the remarkable profits realized by the holder of a typical Standard Oil stock. Other companies have equally impressive records.

NEW YORK, July 28. (AP)—Flurries of buying and selling made the course of stock prices irregular today, although the list, on the average, closed nearly a point higher.

A few shares reached new highs for the recovery, but failed to hold those figures. The chief evidence of group strength was in the utilities, where the day's best advances occurred. Weakness of Warner Brothers Pictures, Transamerica, Safeway Stores and Eastman Kodak had an unsettling effect and operations for the advance met with increasing resistance.

Time money was easier in the longer maturities and there was a slightly firmer trend in commercial paper, movement of which normally is an accurate barometer of business conditions.

NEW YORK BOND PRICES

NEW YORK, July 28. (AP)—High-grade railroad and utility bonds again demonstrated their sensitiveness to even a nominal inquiry today, advancing in a quiet session.

Despite the lightness of the trading—sales fell below $7,000,000—decided progress was made by certain bonds in both the domestic and foreign sections, strength of communications issues and another rally in the Mexican listings.

American Telephone debenture 5s of 1965 were buoyant, climbing to a new high at 106⅛, and were joined in the advance by Illinois Bell Telephone 5s, Postal Telegraph 5s, International Telephone 5s and Western Union issues.

While the movement of railroad bonds was tinged by some easiness, a majority maintained a firm trend and some issues appreciated to the best figure of the year. Among the latter were Chesapeake and Ohio 4½s and Missouri-Kansas-Texas 4s "B."

Weakness and strength were shown by stock-privilege issues. The reaction in Warner Brothers stock was reflected in the movement of the 6 per cent convertible bond. In a fairly large turnover, the issue fell off nearly 3 points.

American Telephone 4½s climbed 2 points and International Telephone 4½s 1. Atchison 4½s made the best showing among carrier convertibles, gaining more than a point, while bonds in this group of Rock Island sold off fractionally.

Trading in foreign bonds was light. The only feature was the marked strength of the Mexicans in thin trading. The government bonds rose from 1½ to nearly 4 points. Railway issues were less active, but strong, with the assented 4½s of 1957 and assented 4s of 1951 gaining fractionally to reach their best figures of the year.

Treasury issues were irregular.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission the close is omitted when the same as the low, and both low and close when same as high.

An Unbroken Record of Prosperity

THE remarkable growth and stability of the public utility industry in the United States are shown by its record of earnings over the past 18 years. During this period, gross earnings of twenty representative public utility companies increased 635%...while net earnings of the same group increased 688%.

Even more striking is the fact that the revenues of the electric light and power industry, according to good authority, have shown an increase in each year over the preceding year since its inception in 1882. Even during the first quarter of 1930, utility earnings showed an increase of more than 4½% over the similar period of 1929.

Backed by this splendid record, high-grade public utility bonds today offer an investment whose strength has been amply proven regardless of fluctuating economic conditions.

Our current list of diversified public utility bonds, yielding 4.75% to 5.75%, will be gladly furnished on request without obligation

Transamerica Volume Again Heavy; Bolsa Chica and Claude Neon Continue Upward Move

Trading in Transamerica Corporation shares again jumped to a substantial volume yesterday on the Los Angeles Stock Exchange after several relatively light turnovers in preceding sessions. A total of 24,000 shares went across the board, accounting for about two-thirds of the total number of shares traded and boosting the daily volume of the exchange substantially above any session last week.

The opening sale on Transamerica was 500 shares at 22 7-8, 1 5-8 off Saturday's close of 24 1-2. After yielding to 22 1-2, the price strengthened and worked up to 23 1-2, the high for the day, but on persistent selling was gradually forced down to 21, the low for the day, and then reacted to 22, easing off toward the close with the final quotation 21 3-4, a net decline of 2 3-4 from Saturday's close.

Bolsa Chica Oil "A" and Claude Neon, two of the most active upward stocks recently, continued to make a creditable showing in face of the general market. Bolsa Chica scored a new high for the year at 14 3-8, against its previous year-high of 14 1-2. After 200 shares were sold in the morning at 11 3-4 and 12, the trading in the afternoon quickened and with 2200 shares changing hands the price was advanced to 14 3-8, at which it closed after temporarily receding to 14 1-4 and 14 1-2. The net gain over the previous close was 3 3-8. The recent activity of the stock reflects the improved outlook for the company, particularly in reference to its Kettleman Hills prospects, according to its market followers.

Claude Neon, which has been under steady accumulation for several weeks, again made progress, advancing to 34 1-4, up 1-2 over the previous close. Officials of the company have stated that despite the depression in most lines, the demand for advertising to stimulate sales is resulting in the company's current operations holding up well with 1929 while net profits due to increased operating efficiency are running ahead of last year. The half-year report is to be released soon.

Other stocks to show gains yesterday included Pacific Lighting common, up 4; Pacific Western Oil, up 1-2; Republic Petroleum, up 20 cents; Rio Grande Oil, up 1-4; Southern California Edison common, up 3-4, and Union Oil, up 1-4. California Bank was down 3-4, and Richfield Oil eased 1-4.

Sales totaled 32,366 shares, valued at $817,975; previous day, 3572 shares, valued at $160,411.

CLEVELAND, July 28. (Exclusive)—Daily Steel Trade today says: Moderate improvement in specifications for steel sheet and tanks is reported at St. Louis. Certain manufacturing lines are ordering material more actively, though the consuming trade as a whole continues quiet. Improvement still is lacking in most steel products throughout the country as a whole, although producers are confident of a pick-up to develop next month.

Grain Futures Point Down on Bearish Mart

CHICAGO, July 28. (AP)—The largest receipts of wheat this season in Chicago and the greatest ever in Omaha did much today to pull down the values of all cereals.

The price-breaking effect was intensified by the circumstance the United States wheat visible supply today increased much more than expected, being augmented 14,503,000 bushels for the last week.

Rain in Iowa and Nebraska, together with indications of widespread moderate temperatures ahead for the corn belt, led to heavy profit-taking in the corn market.

Wheat prices closed unsteady at virtually the day's bottom level, 1⅝@2c a bushel below Saturday's finish. Corn closed 1½@2¾c down, oats ⅛@1c off and provisions unchanged to a rise of 7c.

Chicago receipts of wheat today totaled 1261 cars and Omaha's record was 1481 cars. These figures went hand in hand with assertions from trade authorities the volume of wheat in sight and in prospect is more than sufficient for world needs.

Not much new export business in wheat from North America was apparent, and nearly 500,000 bushels here had to be put in store. It was pointed out that, although the movement of wheat from rural sources Southwest was showing curtailment, the Central States were marketing freely, with spring wheat pressure likely to increase to a material extent as the spring crop harvest was becoming general.

The fact the corn market had risen 16c a bushel in the last three weeks was an incentive to sellers, notwithstanding Saturday and Sunday were extremely hard days on the corn crop, temperatures being the highest yesterday of any day so far.

At the inside, corn prices today showed a maximum drop of 3¼c a bushel below Saturday's finish, but were rallying somewhat in the final transactions. Oats were affected chiefly by the action of other grains.

Provisions closed somewhat firmer, helped by the fact that the arrivals of hogs at western points were fewer than was the case a week ago or at this time last year.

NEW YORK CURB STOCKS

NEW YORK, July 28. (AP)—The curb market began the new week with an irregular upturn led by one of the sharpest advances in the utilities in weeks. Trading continued in small volume and predominantly professional, sales aggregating 405,600 shares.

The advance in the utilities had the earmarks of short covering, and appeared to be largely in sympathy with a retreat of the bears in that group on the big board. American Superpower, United Light "A" and U. S. Electric Power gained a point or so. Electric Bond and Share rose 3¼ to a new high for the movement at 87½, but closed at 86¼. American and Foreign Power warrants rose 3, and American Gas and Electric 4.

Some investment company issues were active and firm. Prudential rose ½ point. Corporation Securities of Chicago and Insull issue rose 2 points. United Founders was firm, getting above 18 again. Goldman Sachs rose ⅝, then lost its gain.

Ulen & Co. was a firm feature in the industrials and specialties, rising 3 points to a new high for the movement at 24. Columbia Pictures rose more than 3.

Oils were sluggish. Active features were Cities Service and Houston new, the former losing ¼ net, and the latter gaining ¼. Gulf advanced 1⅛.

French Line dropped 11 to a new bottom at 26½. Carrier Engineering tumbled 7 to 30, and Canadian Industrial Alcohol "A" and Stein & Co. dropped about 3 to new lows.

The closing price is omitted when same as the low and both low and close when same as the high.

TONE ON STOCK MARKET SHAKY

(Continued from Twelfth Page)

ous denied bearish rumors as to its financial position. The directors will meet on August 6 to act on the dividend.

Safeway Stores also went into new low ground, closing nearly 7 points net lower. Transamerica, under bear pressure, dropped more than 2 points. Eastman Kodak lost 4½ net.

In general, stocks met selling on the advance. United States Steel, American Can, Westinghouse Electric, General Electric, American Smelting, General Motors and Du Pont were carried through their previous highs for the movement, but the rally was quickly followed by offerings. Steel sagged more than a point below the Saturday close.

RAIL DATA BEARISH

The first sixty railroads to report showed net operating income for June of $58,337,000, against $59,042,000 in May. The percentage of decrease from June, 1929, was 33.9, but the total was only 1.83 per cent off from 1928. Rock Island, Burlington and Illinois Central showed gains last month over June of last year.

Copper stocks continued to reflect the more active consumer buying of red metal. Anaconda, Kennecott, American Smelting and Calumet and Arizona were firm and moderately active.

Farm implement shares attracted attention on the announcement that International Harvester is expanding one of its plants to handle Russian business. The stock rallied about 2 points, but lost all but a fraction of the advance. J. I. Case, after selling more than 4 points higher, closed a point lower.

General Electric and Westinghouse Electric made extreme gains of about 2 and 3 points, respectively. The former yielded all but 5-8 of its rise, while the latter finished with a net gain of nearly 2 points.

Foreign exchanges, active and firm, were featured by an upturn in sterling to $4.87, and by an advance in the German mark to a new 1930 high.

California furnished bulk of the grass stock with several loads of fed steers, heifers and young cows from Colorado.

Four loads of 880 to 970-pound Colorado steers brought 9.75@10.15, with a load of 1248-pound Central California grass steers at 9.50 and four loads of 1272-pound weights in the same shipment at 9.25. FREIGHTER LINE MAKES NEW BID

Luckenbach Ships to Call at Jersey City

Announcement Given Out by District Manager

Move Held Advantageous to California Shippers

BY WALDO DRAKE

Jersey City will be added as an eastbound port of call by the Luckenbach Line commencing with the departure from Los Angeles Harbor of the steamer Walter A. Luckenbach on August 16, it was announced yesterday by Harry C. Ewing, district manager. Alternate eastbound Luckenbach ships will make the Jersey City route, so that there will be a sailing for the port every other Saturday.

"Our Jersey City terminal will be pier No. 9, situated on top of the brand-new vehicular tunnel under the Hudson River, so that we can now offer California shippers extraordinary delivery conveniences into metropolitan New York," said Mr. Ewing. "Trucks receiving California freight at this Jersey City pier will not only be relieved of all congestion into New York, but they will be immediately accessible to nine trunk highways into Northern New Jersey."

All North Atlantic ports on Luckenbach Line's present eastbound schedule will be visited in addition to the new port of call, the order of call being Philadelphia, New York, Jersey City and Boston. The Luckenbach Line, first intercoastal carrier to offer terminal service to the New Jersey port, operates fourteen steamers in express freight service to North Atlantic ports and six freighters in California-Gulf trade.

TUNA BOAT LITTLE DAMAGED IN STRANDING

Examination of the new tuna boat Belle Isle yesterday disclosed her little the worse for having run her length on a reef at the Isthmus, Catalina Island, Sunday while on her trials with 100 persons aboard. The vessel, pulled off the rock Sunday afternoon by the Coast Guard cutter Algonquin, Commander M. S. Hay, master, came back to Wilmington under her own power that night, and yesterday was pulled up the ways at Parke & Kibele's yards, where she was built.

Examination revealed two gashes in her keel, a shoe torn off from her forefoot ten feet aft, and a plank punctured by a shoe bolt. Repairs costing $900, and taking two to four days, it is said, will make her as good as new. The frame was uninjured and the craft took no water, declared a tribute to her construction.

John Mardesich, her owner, and at the wheel when she struck, said he knew the rock was there, but that his calculations on the channel were off ten feet.

Twenty-five five-ton Moreland trucks, manufactured in Los Angeles, went out for Russia last night on the Panama Mail intercoastal liner Colombia, which carried 100 passengers for New York. The trucks will be trans-shipped at New York to Moscow, by way of Leningrad. They were purchased by the Amtorg Trading Company, purchasing agents in America for the soviet government. The liner also carried 10,000 cases of Mission Dry orange juice, also a Southland product.

The intercoastal lumber situation was further perturbed yesterday by the announced resignation of Earl H. Strange, who has been chairman of the United States Intercoastal Conference for the past year. Mr. Strange, requesting that the resignation be effective August 16, gives his desire to re-enter the lumber business in the Northwest as his reason, but shipping leaders believe his action was prompted by the recent flurry over reduction of the intercoastal lumber rate from $11 per 1000 feet to $8 per 1000.

It was announced yesterday that the scheduled conference between Atlantic Coast and Pacific Coast lumbermen, to have been held next month in an effort to stabilize the coast-to-coast trade, has been indefinitely postponed.

Asama Maru, new motor liner of the Nippon Yusen Kaisha disembarked 149 passengers from the Orient early yesterday and has 1100 tons of cargo, including 210 of frozen albacore, for discharge here.

Los Angeles Harbor proved it could handle silk shipments as expeditiously as her more experienced northern port rivals, according to shipping men who watched the first regular inbound consignment, 1330 bales from Japan, as it was dispatched for New York over Union Pacific lines. In at sundown Sunday on the O.S.K. motor liner Kinai Maru, the $1,000,000 cargo was rolling east by midnight. The vessel sailed for New York yesterday noon after discharging 1226 tons of other oriental freight.

Maj. Robert Marchetti, Hollywood attorney and yachtsman, and a party of guests were yesterday morning picked up off Huntington Beach aboard the major's eight-meter racing sloop Duce by the Coast Guard cutter CG-901 and towed into San Pedro.

The Duce left Avalon Sunday afternoon for San Pedro, Marchetti told Capt. Gardner of the CG-901, but when the breeze died out the engine broke down and the fifty-foot sloop drifted down coast all night. Their signals for help were unseen by scores of passing fishermen and yachts. The Duce was until recently owned by Stuart Haldorn of Burlingame, then being called the Monidah.

The Dutch freighter Bintang arrived from Dutch East Indies yesterday to discharge eight passengers and 1100 tons of crude rubber, spice, coffee and kapok. Dodwell & Co., agents, also announce the expected arrival the 31st inst., of the Prince David, new liner built in England, en route to British Columbia for the Canadian National Steamship Company. B. C. Keeley, Coast manager, is due here tomorrow and will ride the ship north.

This question of foreclosures!

WE THROW UP NO SMOKE-SCREEN OF DIGNITY .. in our willingness to discuss this era of foreclosures .. which confronts every lender on real estate .. during times of slackened prosperity .. because conservatism in loans .. has made us a profit on foreclosures through 37½ years.

With monthly amortizing payments on its loans, the MUTUAL Building and Loan Association OF POMONA is able to keep its finger on any shaky loan-pulse long before the loan gets to the dead-loss stage. And we've been in THIS business for 37½ years.

THE TIGHTEST BARGAIN-HUNTERS .. for homes and income properties .. during times of momentary depression .. have learned to look for foreclosed values .. among conservative financial institutions .. and they have swept three-quarters of a million dollars worth of foreclosed properties .. from the books of the MUTUAL Building and Loan Association OF POMONA .. during the past two years .. at a PROFIT to us.

We keep no dead properties on our books. If a foreclosed property doesn't MOVE, we cut that valuation down by applying the profit on other sales until it HAS to sell. Bargain-hunters have found THAT out. And we're glad to see them. We're in the loaning business—the MUTUAL OF POMONA is no property-holding trust.

As an investor, borrower or bargain-hunter YOU will find that the economical methods of this small-town, old-fashioned financial institution have earned three State of California thrift records, through 37½ years.

"TIMES" THEATER GUIDE

MOTION PICTURES

Bard's, Eighth between Broadway and Hill—"The Flirting Widow." Dorothy Mackaill does the sporting thing.

Boulevard, Washington at Vermont—"On the Level." A modicum of rough humor for those who enjoy Victor McLaglen.

California, Main near Eighth—"A Lady to Love." A capable, though censored, transcription of "They Knew What They Wanted." Good performances by Vilma Banky and Edward G. Robinson.

Carthay Circle, Carthay Center—"So This is London." Will Rogers goes abroad again and finds London as funny as Paris.

Chinese, 6925 Hollywood—"Hell's Angels." It took Howard Hughes four years and $4,000,000 to produce the colossus of the air; and it was worth it.

Criterion, 642 South Grand—"Romance." Garbo more glamorous than ever in a picture not equal to the play.

Egyptian, Hollywood Boulevard—"The Border Legion." One of the best of westerns is made funny and exciting by Richard Arlen and Jack Holt.

Figueroa, Figueroa at Santa Barbara—"The Cuckoos." Some good stuff and much nonsense by Bert Wheeler and Robert Woolsey.

Filmarte, 1228 North Vine—"Asphalt." A ponderous melodrama of assorted crimes sent over from Germany.

Forum, Pico at Norton—"Only the Brave." Nicely done is this story of the old South. Gary Cooper and Mary Brian.

Loew's State, Broadway at Seventh—"Wild Company." A preachment to parents takes on both the comic and the dramatic aspect. With Frank Albertson.

Million Dollar, Broadway at Third—"The Big Pond." A comedy of gum and love. Maurice Chevalier.

Pantages, Hollywood at Vine—"The Big House." An exciting story of prison life well told. Wallace Beery and Chester Morris.

Paramount, Hill at Sixth—"Queen High." A weak transcription of an old stage success, bolstered by the performances of Charles Ruggles and Frank Morgan.

Ritz, Wilshire at La Brea—"The Big Pond."

R.K.O., Hill at Eighth—"The Runaway Bride." Nicely exciting is this romance between Mary Astor and Lloyd Hughes.

R.K.O., Orpheum, Broadway at Ninth—"Dixiana." Bebe Daniels in a musical something of the South and of very uncertain caliber.

Tower, Broadway at Eighth—"Golden Dawn." More music, but what of it? Vivienne Segal.

United Artists, Bdwy. nr. 9th—"Raffles." Ronald Colman is a decided hit in a picture much above par.

Uptown, Western at Tenth—"The Social Lion."

Warners' Downtown, Hill at Seventh—"Three Faces East." Good entertainment furnished by the war and Eric von Stroheim with Constance Bennett.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"The Way of All Men." An effective storm spectacle that just misses its point. With Douglas Fairbanks, Jr.

Westlake, 638 Alvarado—"The Cuckoos."

STAGE

Belasco, Hill at 11th—"Rebound." Ina Claire sparkles in various moods, and the dialogue has bright moments.

El Capitan, Hollyw'd Blvd. nr. Highland—"To the Ladies." The lighter side of domesticity provides amusement such as only Glenn Hunter can offer.

Hollywood Playhouse, 1733 N. Vine—"Fata Morgana." Elsie Ferguson charms anew in this dramatic tale by Ernest Vadja. Tom Douglas comes near to being a sensation as the boy.

Vine Street, Vine nr. Hollywood—"Oh, Judge." A musical melange somewhat enlivened by Bernard Granville.

VARIETIES

Follies, 4th and Main—Burlesque.

KILLING OF INFANT HELD ACCIDENTAL

Chicago Jury Exonerates Father Who Fell on Baby While Admittedly Drunk

CHICAGO, July 28. (AP)—A father who fell while intoxicated and crushed to death his 5-months-old daughter today was exonerated of criminal responsibility by a Coroner's jury.

Edward M. Johnston, war-time aviator and La Salle-street broker, was arrested Saturday after the child's death. His wife collapsed after taking the stand to tell the jurors her husband had always been devoted to her and the baby. She was helped to a seat beside her husband.

Johnston said he had taken several drinks while on the way to a cemetery to decorate the grave of his wife's child by a former marriage. The infant, Mary Jane, later had been left in the father's care while Mrs. Johnston went to visit her brother.

When the baby awoke and cried Johnston carried it in his arms. He stumbled and fell upon the child.

Sundeen refused to accept the parole because he said he is innocent of the charges against him and would accept nothing short of complete exoneration. He returned to his cell to serve the rest of his sentence, twenty-one months.

Duel Over Dog Ends Fatally

BREMERTON (Wash.) July 28. (AP)—In an argument over the shooting of a dog three months ago Samuel J. Pyree, Fernwood rancher, shot and killed Louie Marsh, 48 years of age, a neighbor, in a field near here today.

Pyree, who was taken into custody, was slightly wounded by birdshot from Marsh's shotgun. The duel was witnessed by Paul Marsh, 14-year-old son of the slain man.

Three weeks ago Pyree's dog was shot and Pyree accused Marsh of the deed.

Britain Saves 'Book of Hours'

LONDON, July 28. (AP)—A dramatic last-minute appeal for funds has saved the Bedford Book of Hours, one of the greatest sources of medieval English art and history, from leaving the British Museum for the United States.

The time limit of one year which J. P. Morgan put on a loan of £33,000 he made to the museum to buy the book expires tomorrow. The museum still owed £19,000 on the account.

Tonight trustees said the money is in and it as assured the book will remain in England.

Los Rojos Van a Inaugurar un Gran Programa Escolar

MOSCU, Julio 28.—Por primera vez en la historia de Rusia, se pondrán en vigor, a partir del otoño proximo, leyes escolares que hacen obligatoria la educación de todos los niños entre los 8 y los 15 años de edad. El gobierno cuenta con que para 1935 quede exterminado el alfabetismo entre los 150,000,000 de habitantes de este país.

Van a necesitarse sesenta mil maestros adicionales, y, respondiendo a tal necesidad, el gobierno ha anunciado que se establecerán nuevas escuelas pedagógicas. Se construirán numerosos establecimientos educativos, y se convertirán en escuelas las iglesias, los monasterios y las casas que se les han confiscado a los Kulaks o campesinos ricos.

La prensa se ocupa de esta nueva "revolución cultural," y dice que una fuerte proporción de los nuevos maestros será comunista. La instrucción a los jóvenes se basara principalmente en las enseñanzas de Marx, Engels y Lenin. Dicen también los periódicos que con el tiempo todos los niños de Rusia serán comunistas. La Liga de Jóvenes Comunistas proporcionará anualmente 20,000 candidatos para los cursos de maestros.

Estímase en $16,000,000 la Fortuna Dejada por Depew

NUEVA YORK, Julio 28.—A su muerte, en 5 de Abril de 1928, dejó Chauncey M. Depew bienes líquidos valorados en $15,954,249, según lo ha demostrado hoy el cómputo que se hizo del impuesto de sucesión correspondiente.

Constaban en su testamento dos legados, uno de $1,000,000 a la Universidad de Yale, y otro de $100,000 al pueblo de Peekskill. El resto de los bienes se lo dividen su viuda, May Depew, y un hijo, Chauncey M. Depew, Jr.

La fama de Depew descansaba sobre todo en su chispa como orador de banquetes. Murió de 93 años de edad. Su fortuna consiste casi toda en titulos.

Bermuda Protesta contra los Aviadores Yanquis

WASHINGTON, Julio 28.—Una de las recompensas de Roger Q. Williams por su reciente vuelo sin escalas de Nueva York a las Bermudas y regreso, ha sido la suspensión por noventa días de su licencia de aviador.

Las Bermudas son una colonia británica, y el gobierno de allí se ha quejado de que Williams no había recabado autorización para volar sobre aquel territorio.

El ministerio de Comercio ha resuelto hoy que tal protesta está justificada, y que es de acordarse la suspensión dicha. Williams tendrá, pues, que permanecer en tierra mientras expira el periodo de noventa días.

Acompaño a Williams en su vuelo a las Bermudas el canadiense Errol Boyd.

Enviado a la Cárcel por el Delito de Extorsión

LANSING (Michigan) Julio 28.—Samuel J. Meyers, de 39 años de edad, se confesó hoy culpable del delito de extorsión, y fue sentenciado a prisión de veintitrés meses a dos años.

Meyers fue pillado el sabado por la policía del Estado en una tentativa de obtener $15,000 de Richard H. Scott, presidente de la Reo Motor Car Company, mediante amenaza de matar al citado financiero y a tres miembros de su familia.

La Correspondencia Diplomática por Aire

WASHINGTON, Julio 28.—Aplicando los rápidos medios modernos de tráfico a hacer más intimo su contacto con nuestros representantes en Iberoamérica, el ministerio de Estado ha adoptado el correo aéreo para expeditar la correspondencia diplomática con las hermanas del sur. Previendo el rápido desarrollo de este sistema para transportar despachos secretos y confidenciales entre Washington y las capitales de las repúblicas iberoamericanas, el citado ministerio ha solicitado del negociado de presupuestos que apruebe un aumento considerable en la partida prevista para las valijas diplomáticas despachadas por correo.

deral Judge Intervenes in Mining Feud

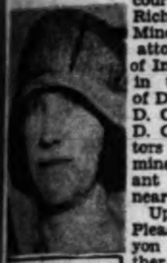
omen Granted Injunction in Ballarat Case

ysteria Grips Complainant Following Decision

Tales of miners' feuds in the Panamints, of barking guns in the canyons and dead Indians in gold mines of the Ballarat country and a woman's screams ringing through the Federal Building entered United States Judge McCormick's courtroom yesterday—all on the judge's twentieth anniversary of his first position on the bench.

In the end, one group of litigants—women—was given the protection of the United States against being interfered with in doing the work necessary to be done before Thursday midnight in order to hold their claims. The other group—men—was given the protection of a $3000 bond required of the women lest there be damage done them until the ultimate court disposition of the case.

PROPERTIES INVOLVED



MRS. ORPHA HART

The verbal shooting began when "Bodie Dick," long so known in the Panamint country, strode into the courtroom as Richard Smith Miner, veteran attorney-at-law of Independence, in the defense of Don Clair, W. D. Clair and V. D. Clair, operators of Radcliffe mine in Pleasant Canyon, near Ballarat.

Up this same Pleasant Canyon a little farther lays also one of the Lucky Strike mines of Mrs. Mary Thompson, her daughter, Harriet Thompson, and Mrs. Orpha Hart, who gathered gold from the hills under the name of Ballarat Mining Corporation. Between the Radcliffe and Lucky Strike properties lays the Stone Corrall and there is where the trouble began because it is the source of the water supply in that part of the desolate Panamint wastelands.

THREATS REPORTED

MRS. HARRIET THOMPSON

The women represented to the court that they had claims in the canyon and that under the law they must do a certain amount of work on them each year before July 1 or the claims revert to the public domain and so become open to anybody again. They declared that the Clairs threatened and scared off their Indian workmen whom they sent up the canyon to work the claim in order to save it; that guns cracked and bullets whistled over them after they had passed the Clair camp; that one of the Clairs told the workmen they had better not go up the canyon because something might happen to them and that shortly after the Indians arrived to work the property, an explosion occurred which resulted in two dead Indians and others being injured.

And that is what made the grizzled and veteran Bodie Dick mad and he told the court so. He said that was an implication that his clients had done murder and up in Inyo country they would not stand for that sort of a thing when untrue. He offered to produce the man who had fired the fuse of the exploding dynamite in the women's mine to show that the fuse was set and lighted by one of the women's own employees who was inexperienced and used one that was too short.

Don Clair and his father, W. D. Clair, testified that they have all the mining claim they wish and that no reputable mining engineer in the country would give the women $100 for their claim and so they are far from trying to scare the three women of Ballarat out of Pleasant Canyon so they can extend their claims. Thereupon Attorney Louis Euler for the women asked W. D. whether he did not know about the women having been offered $8,000,000 for their claims and W. D. hotly replied that he never had.

The elder Clair testified that he had shut down his mine, taken his

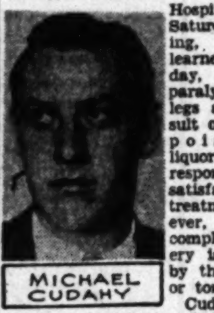
POISON RUM PUTS SCION IN HOSPITAL

Young Michael Cudahy Recovering from Attack Laid to Bad Liquor

Michael Cudahy, 22-year-old scion of the millionaire meat-packing family, has been in the Hollywood Hospital since Saturday morning, it was learned yesterday, suffering paralysis of both legs as the result of drinking poisonous liquor. He has responded so satisfactorily to treatment, however, that his complete recovery is expected by this evening or tomorrow.



MICHAEL CUDAHY

Cudahy was stricken about 2 a.m. Saturday, according to his mother, Mrs. J. P. Cudahy of 1844 North Vine street. At that time, she stated, his bride, the former Muriel Evansen, telephoned her that he had complained of numbness in both legs, and feared he had fallen a victim of infantile paralysis.

Mrs. Cudahy notified Dr. William E. Branch of 6305 Yucca street, her physician, who took young Cudahy to the hospital, where his condition was diagnosed as the result of poisonous alcohol.

Mr. and Mrs. Cudahy returned to Hollywood on the 19th inst., stopping at the Roosevelt Hotel following a six-months' tour of Europe.

YOUNG CAN'T QUIT BALLOT

County Counsel Holds That Registrar Must Keep Democrat's Name on Republican List

Under the provisions of the direct primary law, the name of Milton K. Young Democratic candidate for Governor, whose name also was filed for the Republican primary ticket, cannot be removed from the latter by Registrar of Voters Kerr of Los Angeles county. This is the gist of an opinion drafted late yesterday and which will be given to Kerr this morning by County Counsel Mattoon.

Kerr said last night he will abide by the opinion of Mattoon and that of Atty.-Gen. Webb, of similar import, made public Saturday.

Kerr asked for the opinion from the County Counsel after Young requested that he not print his name on the Republican primary ticket. He contends his name, if printed on the Republican ticket, will confuse voters with that of Gov. Young, Republican candidate, for re-election.

In his letter to Kerr, the County Counsel says:

"While the situation thus presented is a difficult one, as no one wishes to compel the printing of a name of an unwilling candidate upon the ballot, I have made a careful investigation of the law upon this question and believe that under the provisions of the direct primary law there is no alternative but that Mr. Young's name must appear on the Republican ballot at the primary election.

"In 1916, as the primary law then stood, the Supreme Court held that a candidate might withdraw and not have his name placed upon the ballot, pointing out, however, that this was true in the absence of statutory provision to the contrary.

"Subsequently, in 1919, Section 25 of the direct primary law was amended to prohibit the withdrawal of any candidate on whose behalf a declaration of candidacy had been filed and requiring that the names of all candidates for whom nomination papers were filed should be printed on the primary ballot.

"This section was amended twice by the Legislature at the 1927 session, which has given rise to still further difficulty. However, it seems reasonably clear that the amendment last enacted is the law. It has been frequently held by our own courts and those of other States that where a section of the law is amended twice the amendment last

GREETING GIVEN TO SHORTRIDGE

Senator Back in California After Nearly Two Years

New Tariff Law Praised as of Great Value to State

Whole-hearted Support for Hoover Program Urged

The new tariff law passed by the last Congress is going to mean more to California than has any other tariff law ever passed, according to Senator Shortridge, who arrived here yesterday on the Los Angeles Limited for a brief visit on his way home.

"California has so many divergent interests in the line of production, whether in crops or in manufacture, that she has an interest in any tariff law that would be hard to match," he said. "This time our interest was greater than ever, and we came out, as usual, on top."

Senator Shortridge remarked that it was twenty-one months ago that he left the Coast for Washington, and has been engaged in promoting the interests of California at the national capital ever since. Only three times in that long stretch did he leave Washington, once to go to New York, once to Boston to deliver an address and finally to Philadelphia.

"And twenty-one months in Washington is twenty-one months in Washington," he added with a smile.

HOOVER PRAISED

President Hoover's popularity over the country is rising higher than ever, the Senator said. Despite those who belittle his accomplishments, the President has had plenty of his legislative projects incorporated in the legislative program and approved. Senator Shortridge mentioned, for example, the continuation of the Federal Farm Board, the tariff bill, the transfer of prohibition from the Treasury Department, and, finally the approval of the naval treaty.

"As for myself," said Senator Shortridge, "I believe that we ought to send to Congress only men who will stand back of Herbert Hoover as President of the United States through thick and thin. He is a great man with a very broad and far-reaching vision, a leader whom any man can be proud to follow."

PLEASED BY NEWS

Mr. Shortridge expressed satisfaction that the grape growers have succeeded in obtaining enough signatures to insure Federal relief and said it is a good thing for California that this has been accomplished. He feels that the Federal Farm Board is going to prove itself to be a very desirable and effective institution.

Following his strenuous work in Washington, during which his position on the Senate Finance Committee placed him in the front rank in the tariff battle, Senator Shortridge is going to have a few days rest at his home. Prior to going north, however, he will confer with advisers in Los Angeles and then drop down to San Diego for a day or so. He was met at the Southern Pacific train yesterday morning by a group of friends and political leaders. A group of young women known as the G.O.P. Juniors presented him with a small statue of an elephant.

Council Extends Airport Lease

The ordinance extending for fifty years the lease on the south 480 acres of the Municipal Airport was adopted yesterday by the City Council by a vote of 12 to 3, Councilmen Lewis, McAllister and Williams voting in opposition.

The renewed lease will have forty-eight years to run. It also extends the purchase option so that the city can buy the property at $3250 per acre until September 30, 1935, or at $3500 per acre until September 30, 1940.

FLYER PERILS FILM GROUP

Director and Executives Join in Malibu Beach Federal Protest Against Stunt Aviator

The lives of many prominent motion-picture people and their children were endangered and a well-known director narrowly missed being hit by a stunting airplane pilot who swooped his plane down within eighteen inches of the sand along the Malibu Beach front on Sunday, according to charges laid yesterday before the aeronautical branch of the Department of Commerce for investigation. The name of the pilot of the plane is known but was not disclosed.

Bob Hazen, in charge of the local Federal office, admitted yesterday that a petition, signed by twenty-five persons, among them outstanding film personages, is on file at his office asking for such an investigation. He has assigned Inspector Shields to the inquiry and Hazen said he expects to announce the action to be taken, if any, against the pilot tomorrow.

PLANE SCATTERS BATHERS

The incident occurred at noon Sunday when the pilot is charged by witnesses with swooping his plane down along the beach from a power vertical bank, skimming along the beach not more than eighteen inches from the sand, scattering bathers right and left.

Ernst Lubitsch, director, fled from the path of the plane as did other bathers. It is understood Gloria Swanson's two children, Gloria, 10 years of age, and her adopted son, Joe, 8, were playing on the beach at the time.

PETITION SIGNED

The signers of the petition charging the pilot with reckless flying and with violation of the government aviation laws and regulations include Lubitsch, B. P. Schulberg, vice-president at Paramount; Frances Macdonald, actress; Dick Hyland, former Stanford football player and writer and his wife, Mrs. Adela Rogers Hyland, writer; Walter Moroseo, film executive and his wife, Corinne Griffith, actress; Bill Armstrong, actor; Harry Edwards, Christie film executive; Jack Buchanan, English actor, and others.

Maurice Chevalier, French screen idol, Mrs. Chevalier, Clara Bow, Prof. Eisenstein, Russian director; Miss Swanson and many others were on the beach at the time but did not sign the petition as they had left the beach yesterday before it was circulated.

According to the witnesses, this is the second time the same pilot is said to have piloted his plane along the beach. Two weeks ago Sunday he went through the same antics

MARK SET BY TOTAL REGISTRY

City and County Primary Lists Exceed 800,000, as Predicted by Kerr

The prediction of County Registrar of Voters Kerr that the total registration for the primary election August 26 would exceed 800,000 was more than made good by unofficial figures announced yesterday. The grand total—unofficial—is 806,794.

This total, which includes both city and county districts, is the largest ever recorded for a primary election, Kerr says, and many of the 750 deputy registrars stationed throughout the county are yet to be heard from. It is believed the official count will fatten the present known figures considerably, but the result of the final canvass will not be announced for several days.

In the city of Los Angeles 455,605 voters registered. This number was divided as follows: Republican, 314,962; Democratic, 96,002; Socialist, 2801; Prohibition, 3257; declined to state party affiliation, 38,583. Total for city, 455,605.

Los Angeles county: Republican, 242,678; Democratic, 72,588; Socialist, 1840; Prohibition, 5450; declined to state party affiliation, 28,633. Total for county, 351,189.

MEYER LISSNER EXPIRES

Former Member of Shipping Board and Well-Known Political Figure to be Buried Tomorrow

Meyer Lissner, former member of the United States Shipping Board and for many years prominent in politics, died at his home, 644 South June street, last night, after an illness of several months.

Mr. Lissner was born in San Francisco in 1871 and after graduating from the schools of Oakland received law training at the Los Angeles Law School, where he was graduated in 1898.

He served as president of the Los Angeles Board of Public Utilities in 1909 and in 1915 as a member of the State Industrial Accident Commission.

During 1921 he was appointed a member of the United States Shipping Board and held this post until his resignation in 1926. During the term of his office on the board he handled the sale of many ships in Pacific waters. In 1928 Gov. Young appointed him again to the Industrial Accident Commission, which post he held until his death.

Mr. Lissner was one of the founders of the Los Angeles City Club, a member of the Los Angeles Municipal League and vice-president of the National Municipal League, as well as a member of the Los Angeles Chamber of Commerce and the Commonwealth Club of San Francisco.

In addition to the widow, Mrs. Ermine Greenhood Lissner, he leaves two sons, Louis M. Lissner, a Los Angeles attorney, and Jay G. Lissner, also of this city, and a daughter, Miss Aline Lissner, a student at Stanford University.

The funeral services will be conducted tomorrow morning at 10 o'clock at Forest Lawn Cemetery, Glendale, under the direction of Bresee Brothers.

CHURCHES' FUSION FAVORED

Presbyterians Support Union With Methodists; Mooney-Billings Case Debated

Organic union of the Presbyterian Church in the United States, the United Presbyterian Church and the Methodist Episcopal Church was advocated by more than 1000 delegates to the synod of California at a session conducted yesterday at Immanuel Presbyterian Church.

Proposed union of the three great religious bodies was unanimously favored by the adoption of the report of the church union committee. The proposed union, favored by the general assembly, would bring under one organization 5,000,0000 Methodists and about the same number of Presbyterians.

Action on the report of the synod's moral welfare committee, which recommended that the synod put itself on record as in sympathy with propositions to "investigate" further into the Mooney-Billings case, with a view to possible pardon of the convicted men, may be taken by the delegates this morning. A resolution to adopt the report was temporarily tabled yesterday, following a warm debate. The report asked the synod to express itself as "in accord with" those persons who "protest against the thoughtless, prevalent attitude that a man may be kept in prison on the general principle that he is an undesirable citizen."

It was pointed out by those opposing adoption of the report that a similar resolution was proposed at last year's synod by Rev. Graham Hunter of Fullerton (the same member of the moral welfare committee who was responsible for the report introduced yesterday) and that it was voted down.

A feature of yesterday's program was a tea party for women given at the home of Mr. and Mrs. Chester W. Brown, 919 West Washington street. A cast of women gave a costumed presentation of Rev. W. C. Isett's drama, "The Mother of Ram Das." The Religious and Historical Drama Guild will present the play again this evening at Immanuel Presbyterian Church.

Yesterday afternoon's session was featured by an address by Dr. S. T. Montgomery, secretary of the California Anti-Saloon League, who praised President Hoover for his determination "to make 100 per cent good on America's noble experiment," and who pointed to the fact, attested by authoritative statisticians, that since prohibition went

COLISEUM PLAN READY AT LAST

Council Committees Agree on $227,000 Project

Report Probably Will Get Approval Today

No Bond Issues Will be Put on August Ballot

A method of financing of the final work for enlarging the Coliseum to seat 100,000 was worked out by the City Council yesterday which apparently meets all objections. A joint report of the Finance and Legislative committees will be submitted this morning to the Council, with every prospect of adoption. The sum involved is $227,000. The county has promised a like sum.

Councilman Davis, chairman of the Legislative Committee, who has been endeavoring to work out an arrangement for the completion of the Coliseum, was successful in getting Councilmen Burns and Cooke of the Finance Committee in agreement. They have been opposed to the Coliseum appropriation, not being able to see where the money was to come from.

HOW IT WILL WORK

The enlargement will be financed by the cancellation of the allocation to the Maple-street project, which has been abandoned, transferring it to another fund, and then appropriating it to the Coliseum work. If all goes well it is expected that the great bowl will be enlarged in time for the season's football games.

The two committees also decided yesterday afternoon not to submit any bond issues on the August primary ballot. Had this been done, it would have required a special city election at an extra cost of $86,000. Due to charter amendments, the city must hold a special election at the time of the State November election.

BOARD CRITICISED

The Board of Water and Power Commissioners, however, demanded that no other bond issues be submitted in November which might possibly conflict with or endanger the success of the proposed $31,000,000 power bonds.

The board was subjected to considerable criticism in the Council for this attitude. The committee decided to submit two items, aggregating $3,000,000, in November, because of the prohibitive cost in August. They are $500,000 for a jail at Lincoln Heights Police Station and $2,500,000 for additional main sewers.

JULIAN MAIL FRAUD CASE CONTINUED

Trial of Lewis, Berman and Rosenberg to be Set on December 15

The government action against S. C. Lewis, former president of Julian Petroleum Corporation, now serving a seven-year sentence at McNeil Island Federal prison; Jacob Berman, also serving a term at McNeil Island prison, but now in the Los Angeles County Jail on a State charge, and E. H. Rosenberg, serving a term at San Quentin prison for bribery, was continued yesterday by United States District Judge James until December 15. At that time the court is expected to set the case for trial.

The three are accused of using the mails to defraud in connection with sale of stock of the Julian company.

BULKHEADS REMOVAL SOUGHT FOR VENICE

A resolution by Councilman Williams, submitted to the City Council yesterday, calls for the Board of Public Works to remove all bulkheads or obstructions to free passage to the beach which are reported being constructed in the beach stub-end streets at Venice. The matter was referred to the Public Works Committee.

The Lancer

THE law has spoken in the case of the lovely Miss Evelyn Egan. Young ladies riding home from the beach must wear something more than a bath robe—but not much more.

BLESSED RAIN WITHHELD

The farmer seems to be just naturally a child of grief.

Before they are fairly through crying over wheat and corn crops so big that they can't be sold they have begun to wail over the killing of the next year's corn by summer drought.

The furniture dealer in our town has just come back from an automobile trip through the Middle West. He has a wheat farm where he is selling wheat at a loss of 10 cents a bushel.

By comparison we are rolling in prosperity in California.

BURNING UP MONEY

The truth is not mysterious in this case.

There are only a few ways whereby wealth can be absolutely destroyed. War is one. The cost of the World War mounted to such figures that they ceased to mean anything. But here is a concrete example of the way money was burned up:

A daring young soldier made a one-man raid into no man's land between the trenches. The Germans opened fire on him. The Allies started a hot barrage in the attempt to rescue him. The Germans responded with artillery. Ordnance officers estimated that this little exchange of fire (not important enough to be mentioned in daily reports) had cost more than $50,000.

After the World War people of all countries, their pockets filled with borrowed war money, figured that they were prosperous. They are finding out now how prosperous they really were.

DON'T WORRY, YEH!

Mrs. Lucetta L. Payne, 58 years of age, tells us the way to have long life is not to worry. But she forgot to tell us how not to worry.

As she is a cousin of Vice-President Curtis she is presumably of Indian blood. Which suggests the answer; to avoid worry, avoid hurry. I have never seen an Indian in a hurry.

And hurry is usually the result of too many engagements. From the bottom of my soul I loathe engagements. How do I know now what I will feel like doing next Wednesday afternoon?

I hate going some place. I like to start out in a car and just amble along until I find myself somewhere.

WHAT LOVE CAN DO

This little school-teacher, Mrs. Mildred Obar Walizer of the San Pedro fishing village, has done more to promote peace between the United States and Japan than all the long-tailed, top-hatted government delegations ever sent across the ocean either way.

They received her as though she were an empress. They knew she meant it. Every pupil educated in her schoolroom at San Pedro who returned to the homeland has made hundreds of friends for this country.

There was a time when this country came so close to war with Japan that barbed-wire entanglements were secretly erected in the Philippines. At the present time there are no two countries so unlikely to go to war.

"COUNT" SEIZED AS LOVE THIEF

Woman Posing as "Wife" Also Under Arrest

Alhambran Says Self-styled Nobleman Stole Mate

Suspect Has Been Arrested Many Times Before

The tangled trail of Eugen Reique, psuedo Belgian count, and known to police of the Pacific Coast under half a dozen other names, came to an end last night when he was placed in a cell at the County Jail.

Reique, whose right name is unknown to the authorities, but who has used Eugen Guillaume Rolf Van Der Reique in his affairs with women, and known to be the husband of at least three wives, was arrested yesterday at a soft drink stand in Fresno where he was an attendant.

Arrested with Reique was Mrs. Myrtle A. Nisbett Davis, who posed as his wife, but who in reality is the wife of John C. Davis, Sr., of Alhambra. With the couple the police found two children, Jack, 10, and Virginia, 9. Both are declared by the authorities to be the children of Mr. and Mrs. Davis.

ACCUSATIONS MADE

When the arrest was made Mr. Davis accompanied the officers and charged that his wife and the psuedo Belgian count had "eloped" from the home here fourteen months ago. Reique and Mrs. Davis are held on several counts of perjury and conspiracy to commit perjury on charges filed by Davis. The husband asserts that his wife and Reique swore to false affidavits on the parentage of Jack, the 10-year-old son. He asserts that the couple swore that Reique is the father of the child.

In addition to the attempt to steal his wife and children, Davis charges that Reique obtained from Mrs. Davis $2000 worth of property, diamonds valued at $1800, and an automobile. He also accuses the self-styled count of obtaining $2500 in cash from his wife's sister.

LONG LIST OF CHARGES

Police records on Reique, who has been arrested for a long list of thefts, fake marriages, forgery, auto stealing, attempts to fake insanity and impersonations, show that he came to this country shortly after the close of the war.

He is believed, according to the police, to have slipped into the United States under the guise and in the uniform of a sergeant. Shortly after his arrival he was apprehended for pretending to be the son of the ex-Governor of Michigan. This was at a time while he was in an army hospital. Here he won the affection of a Red Cross nurse, whom he married in New York after his recovery. Declaring that he was wealthy and owned a large ranch near Sacramento, he started for California with his wife. At Omaha funds ran short and Reique telegraphed friends of his wife for $5000. He then disappeared.

Another woman came under his spell in Reno, but the affair wound up when he left her, taking valuable gems.

Davis, in requesting the aid of the authorities in attempting to break up the affection between his wife and the self-named count, told Dep. Dist.-Atty. Smith that the two became friendly in 1928, and that they "eloped" in May of last year.

Complaints charging perjury, under which they were arrested, were made Wednesday, when warrants were issued. In the meantime, Davis told Smith, he had traced the couple and knew where they could be apprehended. He lead the officers to Fresno and pointed out the wanted man.

Reique was booked on three counts of perjury and perjury conspiracy at the County Jail last night, after a long statement was taken from the asserted Mrs. Davis. The woman was arraigned on an identical set of charges in Municipal Night Court and released on bail.

FLYING MELON AROUSES IRE

Recipient Wants to Know Who Started It Going; Appeals to Sheriff

It may have been a watermelon to the owner, but it was only a well-aimed missile to M. L. Lucas of 2568 Indiana street.

The trouble is, Lucas doesn't know who threw it. All he knows is that he was where it stopped sailing through the air.

Yesterday the human target appeared at the Sheriff's Florence substation No. 2 and told his story. He said he was passing in front of 8238 Atlantic Boulevard Sunday afternoon when adventure—in the shape of the melon—came his way.

Deputy sheriffs accompanied him to the office of Judge Miller in Huntington Park, where a warrant was issued for the arrest of John Doe, charging assault and battery.

County Holds Golfie Curfew in Abeyance

Los Angeles county will take no definite action relative to a midnight curfew ordinance for miniature golf courses in unincorporated territory until the city of Los Angeles and other cities in the county act.

This was the statement of Supervisor Wright yesterday when asked concerning the proposed measure.

Several weeks ago the Board of Supervisors asked the County Counsel to prepare an ordinance providing for the closing of the courses at midnight. It was also planned to compel the golf-course operators to turn their radios off at 10 p.m.

"No action will be taken by the county until it is learned what the city of Los Angeles and others in the county are going to do," Supervisor Wright declared.

Child Disease Shows Decline

Much encouragement was seen by Health Officer Parrish yesterday in the fact that the number of new cases of infantile paralysis reported over the week-end was only seven, and that no deaths were reported. With Saturday's and Sunday's cases the total for the month of July was brought to 146. Deaths from the disease during July have numbered nine.

In all previous outbreaks of this disease, it was stated, there have always been from three to five times as many cases in July as in June. During last June there were eighty-six cases of the disease in the city and six deaths, and on this basis the health officials feared a July total of at least 250. Adherence of the public to the precautionary measures which the department suggested is felt to be the reason for the failure of the present outbreak to take a toll as great as the disease always has in the past.

Police Seeking Missing Child

Mary Louise Tate, 11 years of age, is wanted at home.

Last Friday Mary stormed out of the house at 650 North Robinson street because her mother had slapped her for helping herself to a piece of silver from her brother's paper route fund.

Mrs. Louise Tate, the mother, was confident Mary would not remain away long. But when Mary remained away that night and did not return the next day she became alarmed. Her alarm grew as two more nights and days passed and still no Mary.

Yesterday she implored police aid, convinced the child had run into serious trouble. When Mary left she had on a pink dress, light shoes and stockings. She has dark blue eyes, dark hair, is 5 feet tall and weighs 81 pounds.

JURORS GIVE PICNIC FOR JUDGE SHELDON

Judge Sheldon, candidate for office No. 10, Superior Court, was guest of honor at a picnic given at Sycamore Grove Saturday, by jurors who have served in his court during the time he has been on the municipal bench. A picnic lunch was served at noon and the afternoon was given over to entertainment.

ORAL ARGUMENTS HALTED

Oral arguments were dispensed with yesterday at a hearing on the appeal of Thomas C. Breitenstein, Pasadena contractor, convicted with Warren C. Earle, former Pasadena City Engineer, of having obtained approximately $40,000 through illegal paving contracts. The Appellate Court ordered that the case be submitted on the filing of all briefs.

been named "hidden" when the town is spread out in plain sight over the broad valley? This is because the old town—now a few crumbled ruins of old walls—lay in a hidden valley about four miles back of the present town.

You have no doubt clawed through Spanish dictionaries trying to find the meaning of the name of Coachella Valley. You will not find it. They intended to call it "Conchella"—on account of the prehistoric sea shells found there. "Coachella" represents the mistake of a telegraph operator who sent dot-dash when he meant dash-dot — when reporting the name to Washington.

MURDER CHARGE IN AUTO DEATHS

Mexican Driver in Accident Held Without Bail

Manslaughter Case Opened on Another Fatality

Police Detectives Seeking Additional Witnesses

Continuing the campaign against irresponsible motorists, the District Attorney's office yesterday charged one man with two counts of murder and another with manslaughter as a result of fatal traffic accidents over the week-end.

Philip Montijo, Mexican, of Wilmar, is charged with the murder of Frank Chavria and Frank Canarino as a result of an automobile accident on Garvey Road. The complaint charges that Montijo failed to make a boulevard stop and collided with a car driven by A. Rodrigues of 478 Savannah street, Los Angeles. The two men killed in the accident were passengers in Rodriguez's car.

The manslaughter complaint was issued against C. A. Martin, 28 years of age, of 2618½ Glover Place. He is charged with causing the death of Germain Fourcade in an accident which occurred on Crenshaw Boulevard. Mrs. Margaret Fourcade, wife of the dead man, is reported near death as a result of the accident.

Detectives from the Wilshire division of the Los Angeles Police Department, still are seeking additional witnesses to the accident.

Montijo was arraigned before Municipal Judge Ballard late yesterday and was ordered held without bail to await preliminary hearing on charges of drunk driving and two counts of murder. Hearing was set for August 4, next.

men and gone to the aid of the Indians when some of them came running down the canyon to tell of the explosion. He said the body of one of the Indians killed lay in the mine two days before being taken out. The Clairs freely admitted ordering the women's men out of their shack at Stone Corrall but denied that they had interfered with the women's employees' rights to a share of the water.

WOMAN HYSTERICAL

The litigants have been in court before in dispute over their rights. This time the women asked for an injunction against interference and got it at the end of the hearing. Judge McCormick said he expressed no opinion as to the merits of the case which has yet to be heard for final disposition but that if the plaintiffs are being interfered with they should be protected and that if the defendants are not interfering with the plaintiffs then the injunction will do them no harm beyond the amount of the bond.

In some manner, Mrs. Thompson understood the ruling to be adverse to her side and rushed toward the judge crying that she would not put up any bond. Her friends hustled her outside the courtroom where she became hysterical and rent the air with shrieks while being taken through a gathering crowd into a waiting automobile. Friends said the woman has been ill recently.

It was pointed out by some familiar with the case that had the judge not issued the injunction against the Clairs the women might hold their claims at least temporarily without doing the required work because of asserted interference but that now that the injunction has been granted they must do the work in order to hold the properties. The necessary work will cost a tidy sum of money at this time, it was learned.

ABANDONED WIFE GRANTED DIVORCE

Mrs. Marjorie W. Chute was granted a divorce from Parmer W. Chute, Hollywood business man, in Superior Judge Sproul's court yesterday. The Chutes were married in Battle Creek, Mich., in 1918 and separated May 12, last. Mrs. Chute testified that one day when she came home from a beauty shop she found that her husband had left and that she hasn't heard from him since.

Gunnery School Completed and Ships Go North

The battle fleet's annual summer school for gunnery officers, which has been conducted off the port the past month aboard the battleships Tennessee and Oklahoma, was completed yesterday morning as the two dreadnaughts sailed for Puget Sound to rejoin the fleet, on summer cruise. Numerous new developments in fire control of five-inch antiaircraft and broadside batteries were perfected during the courses and will be disseminated by the gunnery graduates to the fleet this fall.

The only combatant units of the fleet still at the local base are the aircraft carriers Saratoga and Lexington, this week engaged in machinery overhaul after completing short range battle practice and night battle and night spotting practice.

The battleship Mississippi, which has been on the Atlantic coast this summer carrying Navy R.O.T.C. units from eastern colleges on training cruises, sailed from Hampton Roads on the 24th inst. and will arrive Los Angeles Harbor August 10, via the Canal and Corinto.

WOMAN FILES SUIT AFTER "FACE LIFTING"

Declaring she suffered from nervous shock and bears permanent scars from a "face-lifting" operation, Marie A. Brown yesterday sued F. Floyd Brown for $68,000, naming Brown as the physician who performed the operation.

The plaintiff declares that the operation was performed March 31, last.

passed is the law and the earlier amendment is not effective."

Here, in the communication, law cases are cited. The letter then goes on:

"In Section 25 of the primary law, as amended by Chapter 838, Session Laws of 1927, there is the following provision:

"'Whenever anyone has declared or accepted a candidacy for a primary election, the name of such person must be printed upon the ballot, or ballots, of such primary election as hereinbefore provided in Section 12 of this act, unless such person has died and such fact has been ascertained by the officer charged with the duty of printing the ballot at least twenty-five days before the day of the election.'"

The County Counsel's letter then goes on:

"Two methods are provided for a person to become a candidate for office at the primary election. In either case a declaration of candidacy must be filed, but by the first method a candidate personally files a statement denominating the declaration of candidacy, while by the second a declaration is filed by persons recommending him as a candidate, called sponsors, and the candidate files an acceptance of the nomination by the sponsors.

"Mr. Milton K. Young filed his own declaration as a candidate for the Democratic nomination and was sponsored as a Republican nominee by sponsors and filed his acceptance of their nomination. Both this filing of an individual declaration and the acceptance of a nomination by sponsors are covered in the provisions of Section 25 above set forth. Under the circumstances there appears to be no alternative but to print Mr. Milton K. Young's name on the primary election ballot as a candidate for both the Democratic and Republican nominations for Governor."

Today's Bible Text

And above all these things put on charity, which is the bond of perfectness.—Col. iii, 14.

WHY NOT?

We have Greater London, Greater New York and Greater Berlin leading the world in population. A Greater Los Angeles would crowd the leaders.

CRUISERS

Last year the nations launched 50 per cent more cruisers and 300 per cent more were in process of construction than in the twelve months preceding the World War.

WORLD'S BIGGEST WORD

The world's longest word has been brought across the ocean at last. It is, antidisestablishmentarianistically. It took the theologians several hundreds of years to build it.

NO LACK THERE

Scientist declares that the jaws of the human race are growing smaller through lack of exercise. After a while we will know a Congressman just by looking at his face.

A SHIRT'S LIFE

Trade paper says that ten years ago a shirt could go to the laundry only eighteen times without showing wear and that the present average is twenty-three. Where is that laundry?

TEN WORDS

The most popular ten words of the English language have at last been selected by the Acoustical Society of America. They are: a, of, and, to, in, that, it, is, I. These little words fill up 25 per cent of space. One of these might be omitted regularly and enhance the popularity of the writer.

MARCH OF TIME

The first radio program was broadcast in 1920 and in 1933, just thirteen years later, John D. Rockefeller, Jr., and a group of associates hope to send all over the world, from a $250,000,000 plant in the heart of New York, radio and television programs, including the great news events of the day. Surely this is the wonder age.

NEWS

There is a large and vacant opportunity for some editor to write a piece that will be favorable to the United States Senate. One way for the Senate to furnish a bit of real and popular news would be for it to stand by the President in something or other. The President is becoming solider and solider with the citizenry day by day.

MA LEADS AGAIN

The irrepressible Ma Ferguson, once Governor of Texas after her husband, Jim Ferguson, had been impeached and removed, is way out in front in the Texas primary again. But since her impressive plurality is still far from a majority—there was a field of ten candidates—her lead does not guarantee a nomination; she will fight it out in a run-off primary next month with Ross S. Sterling, Gov. Moody's candidate, and it is predicted that the strength of most of the other candidates will go to Sterling. Primary results are frequently incomprehensible and it is possible this one was influenced by the heat wave. Otherwise it is difficult to account for Mrs. Ferguson's lead.

Her gubernatorial career was marked chiefly by highway scandals and by the release from prison of large numbers of poor boys who had done nothing but burglary, robbery, arson and murder to deserve imprisonment. She was voted out enthusiastically four years ago. In the meantime Jim tried vainly to get the Legislature to remove the ban on his running for office in person.

More satisfactory to the country at large is the apparent defeat of Congressman John C. Box, the Mexican exclusion enthusiast, for renomination. Though this defeat is not yet assured, the opponent of this baiter of a friendly people seems to have a safe lead in the early returns and Box is unlikely to sit in Congress again. His presence there gave strength to the fiction that the people of the border States are anxious to lose their chief common-labor supply, and his repudiation by his district may have an important effect on restriction legislation in the future.

THE GRAPE AGREEMENT

The signing up of more than 85 per cent of the grape acreage of California in a co-operative marketing association means a good deal more than the obtaining of a government loan through the Federal Farm Board. It means the salvation of the grape industry—the largest single agricultural industry in California—through its own efforts and not through outside aid. Eventually, if the growers stick by their contracts over a term of years, their industry will be stabilized on a co-operative basis that will permit it to weather any storm and prosperity for them will be the result. Such prosperity, of course, will aid the whole community in an incalculable degree.

Before the walnut and the citrus industries were organized co-operatively, they were in much the same situation as the grape growers have been for the past two or three years. They had haphazard marketing, they had surpluses which bore down the price below the cost of production, they had a strictly limited public demand, they had all the troubles which flow from hit-or-miss production and chaotic selling methods. The citrus and walnut co-operatives pulled these industries out of the mud, marketed the crops in a systematic manner, stimulated consumption by judicious and extensive advertising, developed new outlet channels through by-products and eliminated much of the hazard that necessarily attends any agricultural production. Neither the walnut nor the citrus producers would ever care to return to the former system. Their co-operatives, the most successful in the world, are held up as examples to all agriculture and give hope that in some such way will the whole farm problem be solved, if any solution is possible.

Now they are to be joined by a similarly organized grape co-operative, which should be able to do as well or even better. The grape co-operative has the advantage that 90 per cent of all the grapes produced in the United States are grown in California. The co-operative, with at least 85 per cent control of the California crop, will thus control approximately 77 per cent of the American crop, which is a considerably higher percentage than has ever been obtained of either citrus or walnut production and should be sufficient to guarantee a substantially higher return for the growers.

In the opinion of expert marketers, there has not been overproduction of California grapes so much as badly adjusted distribution. There has been too much effort to sell all the grapes in one place, or at least in too few places, with the result that the market has been glutted in spots and bare in others. The co-operative, if well managed, will restrict the supply to what the market can absorb in all places and will seek out new places of disposal, as well as new grape products into which all or most of the surplus can be diverted. The demand for grapes at present is far below possibilities and there is little doubt that consumption of this delicious and healthful fruit can be enormously expanded by intelligent effort.

Despite the obvious advantages of co-operative organization, getting the grape growers together has been a difficult task, because grape production has been in many diverse hands. The committees which have worked unceasingly to accomplish the result have done splendid work and are entitled to full credit.

The capital which the Federal Farm Board has provided will not of itself, of course, immediately land the grape industry on the heights of success. Nothing can do that except a well-thought-out program, adopted and stuck to. The money advanced would, without such a program, be merely a slight palliative, a stop-gap, likely in the long run to do more harm than good. It is the organization, not the government loan, which is the big thing, the real object of all this endeavor.

California is entitled to congratulate itself heartily on the outcome of the grape campaign. The grape industry still has tribulation ahead of it, in all probability, but it has taken a long step in the right direction.

FREE SPEECH AND RADIO

Some misapprehension of the principles involved appears to animate those who are now defending miscellaneous radio slander and vituperation in the guise of free speech. It is not a question of the right of Rev. R. P. Shuler or anyone else to utter or to publish anything he may wish to say—it is whether the use of a radio channel, which is public property, is one serving the public interest.

Radio channels are limited in number and there are far more applicants for them than persons to whom their use can be permitted. There is no "right" to use a radio channel; there is only a revocable privilege; and radio licenses can be and should be terminated when the privilege is misused. A close analogy is the privilege of operating an automobile on the public highway. This can be, and should be, denied, to anyone who frequently or habitually drives in a dangerous manner, as shown by repeated disregard of the traffic laws. There is here no denial of the right to use the highway; and the cancellation of a radio license is similarly no denial of the right of free speech.

The laws of Congress require that the holders of radio permits shall use the channels assigned to them in a proper manner, which means that due regard must be had for time, place and matter. There is no right to broadcast obstructionable, false or defamatory matter. While the Radio Commission is specifically and properly prohibited from exercising censorship, it is specifically and properly charged with the duty of seeing that the public property in these radio channels is put to its best use. To give the public misinformation is obviously not good use of a licensed public agency.

Even free speech, under the broadcast interpretation, has its limitations. The right of free speech, for example, cannot be exercised from a soap box at Seventh street and Broadway during the rush hour—that would interfere with traffic. Similarly, a radio channel is intended for traffic that is beneficial, or at least innocuous, and should be assigned solely to some one who will put it to beneficial, or at least innocuous, use.

One amusing feature of the discussion has been the repetition, with approval, but without acknowledgment to its author, of a quotation from Voltaire, French unbeliever, by Shuler. When the latter read to his air audience the words, "I do not agree with a word you say, but will defend to the death your right to say it," he may have been ignorant of their origin, or he may have known their origin, but preferred not to tell what it was. His assaults on religion have made Voltaire anathema to the clergy for a century and a half and it is strange to hear his words on any subject echoed from a theoretically Christian pulpit. Perhaps Judge Yankwich, who furnished the quotation to the broadcaster, was having some quiet fun at Shuler's expense.

TO BE OR NOT TO BE

Attorney Milton K. Young, lifelong Democrat and this year's unopposed candidate for his party's nomination for Governor of California, is cast neither in a happy nor a heroic role as a contender both for the Democratic and Republican gubernatorial nominations.

When Mr. Young, taking advantage of provisions of the State's direct primary law as drafted by Gov. Young, had his name placed on the Republican ballot he was immediately accused of improper political connections and motives by the Governor's supporters.

Now, in an eleventh-hour demand that his name be stricken from the Republican list, Attorney Young is made the target of suspicion and criticism by those opposing the re-election of the Governor, intimations being indulged to the effect that the Democratic Young has been subject to political persuasion by the Republican Young.

Mr. Young's clamor for removal of his name as a Republican contender is not impressive in view of the fact that his original action was accompanied by an extensive explanation setting forth the deliberation that prompted his course.

Possibly not justly accused by either Republican faction so far as concerns the motives back of his vacillating conduct, the Democratic aspirant has not added to his political prestige or to the clarity of personal and political issues in the gubernatorial contest.

Whether he succeeds in his belated effort to have his name deleted from the Republican column—which seems doubtful—it is unlikely that Mr. Young will seriously influence the gubernatorial contest. The best that can be hoped from his backing in and out of the Republican contest is a change in the primary law making such a ridiculous situation impossible in the future.

The LEE SIDE o' L.A.
BY Lee Shippey

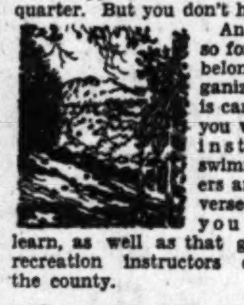
BECAUSE of the stock market last spring, a lot of Los Angeles county youngsters are enjoying the finest vacation of their lives.

If the market hadn't wobbled they would have had to go to some expensive and exclusive resort, but as it is they are vacationing in Big Pines, Los Angeles county's all-year playground, where they are living on top of the world.

Organizations Benefit

It doesn't cost you anything to vacation at Big Pines if you take along your tent. Of course, you have to pay for the wood for your camp stove and buy your groceries at the store, but you'd have to do as much at home. If you don't possess a tent you are out of luck unless you belong to an organization, for all the permanent camps are in constant demand for the use of Boy Scouts, Camp Fire Girls and such organization members. You may just drop in on Big Pines and stop at the hotel, paying a moderate rate, but there are no quarters there in which you can do light housekeeping.

Big Pines is, in short, a place where you can almost get back to nature. You can camp, with plenty of water assured, and forty kinds of recreation at hand. You may hike or row or swim or ride or learn woodcraft or handcrafts, you may dance and go to the movies and you don't have to pay the fiddler or the ticket taker. After each dance or picture show the "kitty" is put in a prominent place, and if you feel you have had a good time you may drop in what you feel like dropping in—a nickel, a dime, a quarter. But you don't have to.



And if you are so fortunate as to belong to an organization which is camping there, you will have the instruction of swimming teachers and others versed in things you want to learn, as well as that given by the recreation instructors employed by the county.

A Community of Youth

It surely pays Los Angeles county boys and girls to belong to organizations. All summer the Los Angeles Boy Scouts keep 100 scouts there, each contingent staying two weeks and then making room for others. There are similar groups from Santa Monica, Glendale, Pasadena and many other communities. Among those we saw there the other day were the All-Nations Club of Los Angeles, the Catholic Girls, the Glendale Girl Scouts, the Los Angeles Girl Scouts, Santa Monica Hall, the Seventh Day Adventists, the Graham Congregational Church, the South Pasadena Boy Scouts, the San Fernando Boy Scouts, the Trail Finders, the Huntington Park Boy Scouts, the Pasadena-San Gabriel Valley Boy Scouts, the Long Beach Camp Fire Girls, the Catholic Welfare League, the Volunteers of America and the Santa Monica Girl Scouts.

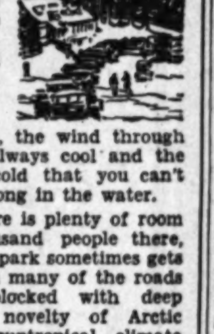
They made up what might be called a community of youth with more than 2000 healthy youngsters in it. Can anyone doubt that they were having a good time?

Recreation For Older Folks

But the county doesn't confine its efforts to young people. A great deal of recreation for older people is provided. It makes no difference if you dance or not, you can get a lot of fun out of the potato dance or the "dance" in which one chair at a time is removed and one dancer is left seatless every time the music stops, when all must be seated instantly. Men and women with what appeared to be permanent grouches have laughed them off in a single evening watching that sport.

Miss Jo Plummer, recreation director, keeps starting things so energetically that she has worked herself down to about ninety-five pounds—and she may have weighed 200 when the season started, for all we know.

What we mean is that she rides, hikes, swims, dances and skips about from camp to camp and game to game so continuously that it looks as if she might have lost any amount of weight. But she looks so well that we don't imagine she really has.



High Life

Big Pines camp contains 5600 acres of beautifully wooded mountains, reaching an altitude of 6862 feet. At such altitude, the wind through pine forests is always cool and the springs are so cold that you can't hold your hand long in the water.

In summer there is plenty of room for several thousand people there, but in winter the park sometimes gets crowded, for then many of the roads and trails are blocked with deep snow and the novelty of Arctic scenes in this suptropical climate brings such throngs on week-end and Sunday trips that parking space in the limited area which can be kept clear of snow is at a premium. Then ski jumpers and skaters and tobogganers hold carnival where now boys and girls in bathing suits are learning to be porpoises. Among the campers we saw there was a girl who lived at one of the beaches. She had gone up there to learn to swim!

Gaining Popularity

Big Pines was opened to the public in 1922. At first only a comparatively few people visited it. It has grown steadily in popularity and during the first six months of this year 172,000 people checked in there. The recreational facilities are greater this year than ever before, but they are taxed to the limit.

Los Angeles countians are learning to take advantage of this great park—although, so far, it is the people of the big cities who have used it most. And Leslie McDonald, assistant chief ranger, tells us that they are mighty pleasant people to handle and get along with, too.

"We've only had one fire this year," he says, "and that wasn't started by any of our campers. It was started by some hunters who strayed into the edge of our land."

GREAT NEWS
By James J. Montague

No longer is literchoor past the command
Of the person who wears a white collar;
He can purchase a book like a factory hand,
For the price has gone down to a dollar.
The novels that lately could only be read
By the higher-priced laboring classes,
Will now by the millions of copies be fed
To the vast intellectual masses.

The yarn of adventure, the swashbuckling tale
Of halberd and target and saber,
Henceforth through the nation will daily regale
Not only the scions of labor,
But also the book-keeper, clerk and stenog,
May peruse through the evenings of summer
The stories which through the past years set agog
The soul of the affluent plumber.

To the booksellers' shops will now journey a throng
Of the salaried youth of the nation.
Sad folk, who have hungered and thirsted for long
To be stirred by the Art of Narration,
But whose yearning was vain, for the curse of small pay
Makes its victims decidedly thrifty,
And the publishers always maintained till today
That a novel should sell for two-fifty.

So henceforth many thousands of excellent books—
Which is really a massive assignment—
Once exclusively purchased by chauffeurs and cooks
Will find shelves within homes of refinement.
And now that the thought of the people who write
Not nearly so costly to seek is,
Young erudite persons will not of a night
Be forced to repair to the "speakies."

BOYHOOD OF FAMOUS AMERICANS

I.

VICE-PRESIDENT CHARLES CURTIS

BY J. V. FITZ GERALD

(Copyright, 1930, by the North American Newspaper Alliance)

[This is the first of eighteen articles outlining the boyhood of famous Americans and telling how they got their start in life. The chapter below deals with Charles Curtis, Vice-President of the United States. The others in the series will be Charles Evans Hughes, Gen. Pershing, Owen D. Young, Julius Rosenwald, Patrick E. Crowley, George F. Baker, Walter S. Gifford, John J. Raskob, Ralph Modjeski, Walter C. Teagle, Dr. William J. Mayo, Henry Morgenthau, James A. Farrell, George Eastman, Walter Chrysler, David Sarnoff and John Hays Hammond.]

The Cheyennes were on the warpath. They were out to exterminate the Kaws. Vastly superior in numbers, they attacked their enemy at the Council Grove reservation. The Kaws were in a perilous position. They faced death.

The chiefs met in council. They had to get a messenger through to Topeka for aid if they were to survive. They selected an 8-year-old boy to carry the news of their plight through the lines of the Cheyennes and across fifty-seven miles of prairie that separated them from Topeka.

Charles Curtis was the lad picked for the hazardous errand. He took a supply of dried buffalo meat, won his way through the Cheyennes and trotted and trudged all the way to Topeka to get the aid that reached the Kaws in time to save them. That was in 1868, when the West was really wild and woolly, when buffalo roamed the plains, when Indians still fought and scalped.

The boy's father was a white man, a New Englander of good birth. His Indian heritage came through his mother, a descendant of White Hair, famous Osage chief. White Hair was the great, great, great grandfather of the lad who brought relief to the beleaguered Kaws. The boy was attending school at the Kaw agency, living there with his mother's people, when the Cheyennes took the warpath.

The little fellow, destined to become leader of the United States Senate and Vice-President of the United States, was brought up in the Indian tradition that fortitude, ability to stand hardships and physical superiority were traits to cultivate from the cradle.

Before his mother died, which was when he was 3, he had learned to swim and to ride. His mother had him on the back of an Indian pony when he was a year old. It was she, also, who taught him to swim. He could follow a trail, catch fish and hunt when he was of kindergarten age of the present generation.

He was born in 1860 in a log cabin, near the banks of the Kansas River, in what is now North Topeka. The great outdoors of the prairie was his early schoolroom. There he learned the lessons that were of so much help to him in getting his feet on the first rungs of the ladder of success.

After his mother's death he went to live with his Indian relatives, but following the Cheyenne raid he rejoined his father, staying with the father's parents at North Topeka. There he entered the grade schools, attending them during the winters until he was 16.

Almost born on the back of a pony, he spent his summers as a jockey, riding in races at the country fairs. He was famous as a jockey all over the State and the frontier country by the time he was 10. He rode the horses of his father and other owners in the sprint races that were such a feature of western fairs those days.

He was riding at a Kansas City track when Jesse James and his gang held up the course in 1872. The bandits were after money only, but the lad, thinking they might steal his favorite horse, hid the animal until they rode away.

While he got a bad fall when a horse bolted with him in a race, the marks of which he still carries on his face, he didn't quit racing until his wise Indian grandmother advised him to leave horses alone and study, that he might amount to something in life. She gave him this advice after he started with her tribe on a migration to Oklahoma, then Indian Territory.

Persuaded by her to return to Topeka, he resumed his schooling. He drove a hack at night to pay his way through high school. He turned down a fine contract as a jockey so he might follow the advice of his Indian grandmother and get an education.

He was a good student, once his mind was made up to find a career for himself. He made particular strides in elocution and delivered the commencement address when he was graduated. It so impressed the wife of a lawyer in the audience that she induced her husband to take the youngster into his office.

That is how Charles Curtis began the study of law that was to help him reach such high places. He was admitted to the bar in 1881. He went to Congress in 1892, rose rapidly to a commanding position as a legislator and was his party's successful nominee for Vice-President of the United States.

LIGHT READING

Have you ever thought of taking up the World Almanac for light reading on a long winter evening? It seems that in Little America the World Almanac was among the most popular of the 1200 books taken along for information and entertainment. It settled many friendly disputes among the adventurers and student scientists who dug themselves in for the winter at the bottom of the world and served to keep them in touch with many phases of the world's activities, past and present.

A Chirp of Protest

INDIO (Cal.) July 22.—[To the Editor of The Times:] "The Lancer" of this date is unusually good, but it would help if you would buy some Spanish characters.

As mentioned in the last paragraph of Carr's good column of this date the mentality of the ordinary run of the D.O.P. does not note the difference. However, a great many of us who have been on the other side of the Rio Bravo del Norte have a feeling like a rusty file drawn across the edge of an old shovel when the Spanish of the Real Academia Espanola is trifled with.

Some of the near Spanish published at times in your "Gran Diario," frequently by Mr. Lee Shippey, reminds us of Jim Carey, the American shoemaker who chided one of his native workmen as follows:

"When you sabe en la noche that you ain't goin' to viene en la manana why in the hell don't you habla?"

Atentamente,

THE DESERT CANARY.

Strong Language

LOS ANGELES, July 24.—[To the Editor of The Times:] Some "Bible-reading" friends concerned about Dr. Shuler's "ignorance of Scripture" should be reminded our Divine Lord was roused to such anger that these words burned on His gentle lips: "Woe unto you scribes (politicians) and Pharisees (religionists.) Hypocrites!"

If these Bible-reading friends have a concordance they will find more "inflammatory words" spoken by the gentle Man of Galilee whose life was taken by the hypocrites He so sternly denounced. He seems to have taken a political situation in hand.

Should Animals Suffer So?

ASTORIA (Or.) July 21.—[To the Editor of The Times:] In the almost universal intense heat of the past few weeks, with so much human suffering and death, few persons stop to think of the misery of animals who also suffer and die and who must depend upon humans for food, shade, water and who cannot plead their own case. The drouth has caused shortage of pasture, leafage, berries. Wild animals as well as live stock suffer. Faithful old work horses drop dead in their tracks all over the Midwest and beyond. Hogs, cattle, poultry. No shade, no water. For fear of losing them, their owners ship hastily, driving afoot, jounced about in trucks, out in the blinding swelter of 90, 98, 110 degs. heat, thrust into railway cars, overheated, crushed. Nobody caring what they endure on the long, hot ride to slaughter pens.

WHERE CAN I LEARN

Band?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

There is a constant demand for musicians who can take part in a band. The Polytechnic Evening High School, 400 West Washington Boulevard, gives free instruction, with a chance to play once a week under an experienced director, in the different band instruments.

Only advanced students are admitted to this class, but beginners may go now and put their names on a waiting list for instruction beginning September 2. This instruction will be free, as is all musical instruction this summer.

Each student furnishes his own instrument and music, but the school has a large library of music, which he is privileged to borrow by depositing the price of the piece until he returns it.

The class meets on Monday, 7 to 9 p.m., in the auditorium.

THE YOUNG IDEA

Fond mammas and papas who excuse all sorts of unmannerliness and insubordination in little Willie and Susie on the basis of the madman theory of letting the little dears develop their natural instincts in order that they may not suffer from inhibitions and crossed complexes, receive a rude jolt from the words of John Dewey, dean of educators and philosophers in America. Referring to freedom in the schools, he points out the dangers of any education which progresses with the belief that a child lives "inside itself" and takes no account of "society and its moving forces." In other words, the child who develops his own personality at the expense of society is fit only to live alone in the jungle rather than in the highly complicated civilization of a modern society. Is education moving backward while society tries to press forward, or is the trouble caused by substitution of the law of "survival of the fittest" for the Golden Rule?

PARSON PIKE ON THE "MIKE"

Good Parson Pike, he used to preach
In loud, sonorous tones;
His vibrant voice would fairly reach
The marrow in our bones!
And when he sang, we all sang too—
But he would sing alone;
Our voices, they were all taboo—
His voice it reached the throne!"
And when he turned his vocal grill
Upon ol' Satan's crew
He bombed and blasted it until
We shook in ev'ry pew!
And some of us felt like the ones
To whom his words applied,
And quivered, quaked, in burning-lake,
And baked and stewed and fried!
His voice still thunders down time's trail,
And echoes in our hearts
Where'er we've gone—to [illegible] or jail,
In California's marts;
Also it "booms" into our dens
Wherever we may go,
For Parson Pike, in recent years
Roars o'er the radio!
And none of us would be surprised
If, on the judgment morn,
He'd blow the last and final blast,
On Gabriel's famous horn!

KING GEORGE'S CLOCKS

The royal blocks of England number nearly 1000, scattered around the various castles made use of by King George. In Windsor Castle alone there are 360 clocks, and in the other royal palaces and residences about 600 more. About 100 of these are at Buckingham Palace. The King's clocks get two thorough overhaulings a year—in spring and in autumn. The work of cleaning and putting them in order keeps about a dozen men busy for nearly two months. The mere task of winding them all—which is carried out by employees of one firm—is a considerable business in itself. Altering the entire collection twice a year when Daylight Saving Time begins and ends, provides work for several men.

"Praise the bridge that carries you over," said the ancients. Especially if it's the kind that carries you over until pay day.

People are much the same everywhere, and if King Carol had acted the same way over here somebody would have crowned him.

Correct this sentence: "I'll marry when I find the right kind of girl," said he, "but I won't let one fool me."

Truth is stranger than fiction, probably because it is not heard so often.

Some people go through life feeling sure that they owe themselves more than they can ever pay.

All men are inclined to yearn for wealth, but some of us have greater yearning capacity than others.

PARSON PIKE ON THE "MIKE"

Good Parson Pike, he used to preach
In loud, sonorous tones;
His vibrant voice would fairly reach
The marrow in our bones!
And when he sang, we all sang, too—
But he would sing alone;
Our voices, they were all taboo—
His voice it reached the throne!"
And when he turned his vocal grill
Upon ol' Satan's crew
He bombed and blasted it until
We shook in ev'ry pew!
And some of us felt like the ones
To whom his words applied,
And quivered, quaked, in burning-lake,
And baked and stewed and fried!
His voice still thunders down time's trail,
And echoes in our hearts,
Where'er we've gone—to "fame" or jail,
In California's marts;
Also it "booms" into our ears,
Wherever we may go,
For Parson Pike, in recent years
Roars o'er the radio!
And none of us would be surprised
If, on the judgment morn,
He'd blow the last and final blast,
On Gabriel's famous horn!

KING GEORGE'S CLOCKS

The royal blocks of England number nearly 1000, scattered around the various castles made use of by King George. In Windsor Castle alone there are 360 clocks, and in the other royal palaces and residences about 600 more. About 160 of these are at Buckingham Palace. The King's clocks get two thorough overhaulings a year—in spring and in autumn. The work of cleaning and putting them in order keeps about a dozen men busy for nearly two months. The mere task of winding them all—which is carried out by employees of one firm—is a considerable business in itself. Altering the entire collection twice a year, when Daylight Saving Time begins and ends, provides work for several men.

BABY'S FUTURE IN TEST TUBES

Court Asks Science to Seek Paternity

"Blood Will Tell," Says Jurist
Judge Hardy with child, Eduardo Cordoza, judge examining tubes used in tests.

"BLOOD will tell," Superior Judge Hardy declared yesterday while deliberating over the problem of deciding the paternity of 3-months-old Eduardo Cordoza, whose mother recently brought a criminal complaint against Jack Mabel, grocer, charging him with criminal assault.

And with this axiom in mind, Judge Hardy called in Lawrence Parsons, pathologist at the University of Southern California, and Frank P. Gompert, technician for the Sheriff's homicide detail, and asked that each take independent blood tests of the child.

Both Dr. Parsons and Gompert yesterday took blood samples from the infant and each will make independent tests to determine whether or not Mabel is the father.

The complaint was filed by Adelino Cordoza, 17-year-old mother of the child, who asserts that Mabel assaulted her in his grocery store while she was employed there.

Judge Hardy has taken the matter under submission and is scheduled to make a decision on August 1.

DELAY BY WOODMEN ON INSURANCE URGED

Because an injunction has been granted in Illinois restraining officers of the head camp of the Modern Woodmen of America from putting into effect new insurance rates until a referendum is held, members of the society were yesterday urged by J. J. Reid, trustee of the San Fernando Valley camp, to await the outcome of referendum before changing their insurance policies.

Finance Group Wins Prejudice Plea in Court

Superior Judge Bishop yesterday issued a writ of prohibition, restraining Municipal Judge Wood from trying the case against Arthur Pinover, Sidney S. Miers, W. Harold Dodge, the Dodge Finance Company, and York Investment Company. The latter are charged with a misdemeanor. When the case was set for trial before one municipal judge, the finance men asserted prejudice. The presiding judge of the Municipal Court sent the case to Judge Wood. The petitioners asserted that only the Judicial Council can designate the trial judge after prejudice is claimed.

Judge Bishop denied the writ as to the Municipal Court as a whole, but granted it as to Judge Wood.

RALLY FOR WATER SET FOR TODAY

Thousand Civic Leaders Will Hear Wilbur Talk on Boulder Project

More than 1000 men and women prominent in civic and business circles of Southern California are expected to be present at the get-together luncheon to be given in the Biltmore at noon today in the interests of an adequate water supply for this section of the State, officials in charge of the affair announced yesterday. The lunchean is being sponsored jointly by the Chamber of Commerce and Mayor Porter.

Secretary of the Interior Wilbur is to be the principal speaker. He was reported yesterday, en route here by motor from Lake Tahoe, and is to reach the city this morning. His talk, it is believed, will be concerned chiefly with the uses to which the first $10,000,000 already appropriated for erection of the Boulder Dam will be put. It is possible, too, that he will make some inquiry concerning the Metropolitan Water District's progress toward the proposed Colorado River aqueduct project.

Anticipating mention of the aqueduct, W. P. Whitsett, chairman of the water district board, will be present to explain its present status. Gov. Young and Mayor Porter also will speak. John C. Austin, president of the Chamber of Commerce, is to preside.

Aerial Express Line Will Open Service Friday

The Aerial Express Corporation, headed by Alfred Malling of this city, will inaugurate its all-express air line Friday from each end of its line, Los Angeles and Seattle. No ceremony will mark the inauguration of the line.

After ten months of surveys and experimentation, Malling believes the west coast is ready for fast aerial freight and express. The route selected passes from Los Angeles to San Francisco, Oakland, Portland, Tacoma to Seattle. No passengers will be carried.

"As a matter of fact we cannot carry passengers," said Malling. "The ships are specially built Ryan monoplanes, more or less of the same type used by Col. Charles A. Lindbergh in crossing the Atlantic, all windows are walled in and the interiors are devoted solely to express, all seats having been replaced by wall, ceiling and floor battens. The flying personnel, are all experienced pilots, many of them veteran Southern California men."

Corrine Griffith Report Denied

In a London dispatch printed in The Times of the 27th inst. it was stated that Corrine Griffith is in the British capital awaiting the arrival of the stork.

Yesterday her husband, Walter Morosco, stated that Miss Griffith is now in Los Angeles, and that the London dispatch must be a case of mistaken identity. He also denied that his wife is expecting the arrival of an heir.

ESSAY PRIZE WON BY GIRL GRADUATE

Margaret S. Cunningham

Miss Margaret S. Cunningham, graduate student at the University of Southern California, has won first prize in an essay contest, the subject being "The Abundant Life."

The contest was sponsored and financed by Burdette B. Brown, a friend of S.C. interested in the broader aspects of education and life, who conceived the idea that it would be desirable for college students to think and to write on the problems of life, interpreting the term "The Abundant Life," according to his own intellectual resources and experiences.

One prize of $25 and two prizes of $10 were offered to graduate students and alumni who had achieved their baccalaureate degrees; eight prizes of $10 each were offered to undergraduates who competed among themselves for the same.

Jesuit Mission Plane Due to Arrive Today

Catholic church officials will today welcome a specially constructed Bellanca amphibian plane, due to arrive at the Grand Central Air Terminal at noon, where it will receive a final grooming for a flight to Alaska, there to be used in the Eskimo and Indian missions of the Jesuits.

The plane will be piloted by Brother Art J. Seltus, S.J., and he will have with him as copilot, Capt. George Pickenpack. Brother Seltus will continue with the plane on its Alaska flight with the Rt. Rev. Mgr. William Hughes, director of the Bureau of Catholic Missions of Washington, D. C.

Once in the North, the plane, which has been named the Marquette, will be used for communication between the chain of Jesuit missions which extend from the Bering Strait to Anchorage and inland to Fairbanks. The priests and teachers will use the equipment in place of the dog-teams to make the 1000-mile journey which formerly required a month of tedious mushing. Radio equipment, similar to that used by Rear-Admiral Byrd on his South Pole flights, has been installed.

DAM CELEBRATION HELD

Great Gathering at San Bernardino Marks Passage of Boulder Bill with Grand Jubilee

BY CHESTER G. HANSON
"Times" Staff Representative

SAN BERNARDINO, July 28.—With delegations here from all over Southern California, from Las Vegas, Nev., and from Kingman, Ariz., San Bernardino today held her big celebration commemorating the passage of the Boulder Dam bill.

The official program started with a reception and dinner for distinguished visitors and was concluded with a ball at the Municipal Auditorium, following a program of speaking before a great crowd at the auditorium. The parade was one of the longest seen on the local streets since the city was organized and included in the long line of marching admirers of Representative Swing was a section comprised of members of the Ku Klux Klan. The clansmen, some 100 or more, were clad in white robes and were led by several decorated automobiles upon which were mounted crosses illuminated by electric lights.

ANGELENOS ATTEND

A large delegation from Los Angeles attended, led by a group of the directors of the Metropolitan Water District and their wives. The directors are interested in the celebration for the fact that San Bernardino is one of the member cities of the district and will share with other municipalities in Southern California in procuring Colorado River water through the aqueduct.

Virtually every city in Riverside and San Bernardino counties was represented at the celebration by official delegates, and Las Vegas sent her American Legion drum and bugle corps. The meeting at the auditorium was preceded by a parade.

ARIZONA FAILURE SEEN

Mojave county in Arizona just across the river also sent a delegation. Representative Swing was the chief speaker at the meeting. W. P. Whitsett, chairman of the metropolitan district directors, spoke a few words of greeting. R. C. Harbison, director from San Bernardino on the district board, was general chairman.

Arizona's attempt to delay the work on the dam will fail, it was predicted here by Congressman Swing in his address.

"Arizona's appeal to the Controller-General to withhold payments authorized by Congress shows the weakness of Arizona's case," said the Congressman.

SUICIDE BULLET ENDS LONG, VAIN LOVE TRAIL

By a "Times" Staff Correspondent

LONG BEACH, July 28. (Exclusive)—For five hours Ed Simon, 28 years of age, sat in his automobile here today, debating whether he would kill himself and the girl who declined his attentions, or only himself.

He'd driven from Columbine, Wyo., to see Carmen Gwin, 18, of 1502 Cedar avenue, the girl he loved, but who, she said tonight, could not bring herself to love him.

He hadn't stopped to eat or sleep on the drive from Columbine. And as soon as he arrived in Long Beach early today he called at her home.

Again, as in Columbine before she came to Long Beach, the girl declined to accept him as a suitor, and Simon had driven a few blocks away from the house, to come to a decision.

Finally he wrote his decision on a note which he left on his steering wheel.

"Good-by, Carmen—I can't bring myself to kill you, I love you too much," he wrote and then sent a bullet into his brain, dying instantly.

What the note didn't reveal concerning his futile effort to win the girl, she supplied, say the police.

"I'd known him for years in Wyoming, and left there four months ago to get away from him," she told police.

Miss Gwin is a student at a business college here.

Society Favorite Given Surprise Dinner

[Ray Huff studios]

Miss Glory Kennedy

AMONG the popular members of the younger set being much entertained this season is Miss Glory Kennedy, attractive daughter of Mr. and Mrs. Edwin T. Kennedy of 634 South Kingsley Drive. Miss Kennedy returned recently from a delightful trip east, and one of the lovely affairs given in her honor was the surprise dinner-dance at the Bel-Air Bay Club with which Mr. and Mrs. Kennedy celebrated her birthday anniversary.

Society

by JUANA NEAL LEVY

Although having enjoyed a most delightful vacation outing and being entertained even by royalty while abroad, Mr. and Mrs. William May Garland are glad to be at home again.

They visited in England, France, Germany and Sweden, and a particularly delightful experience in the latter country was the eternal daylight, being able to even read a newspaper out of doors at midnight in Stockholm, without the aid even of a candle. They enjoyed grand opera and the theater also and while in Sweden were entertained by royalty and while in Berlin were honor guests at a charmingly appointed reception given by President Hindenburg.

Mrs. Garland is going north Friday and will open their lovely house at Pebble Beach, where she will be for August, and more than likely will entertain with many week-end parties.

Mr. Garland went north Friday of last week and is attending the high jinks of the Bohemian Club at its grove, the low jinks featuring last Friday night while the high jinks and annual play will take place this Saturday night, closing the outing which each year is an outstanding event of interest to members in Southern California as well as in the north.

Mr. and Mrs. Garland were accompanied on their European trip by their elder son, William Marshall Garland.

Wedding Announced

Mrs. Katherine Philips Edson announces the marriage of her daughter Katharan to John Morley Merson, the ceremony taking place here last Friday, the 25th inst.

Announce Betrothal

The gardens of the home of Miss Ellen Pearson, 2922 Budlong avenue, was the scene of a charmingly appointed lawn party the 20th inst., when the occasion served to announce formally the engagement of Miss Dorothy McCall to Douglas Moore. Miss Pearson was assisted by Miss McCall and guests included Miss Nadine Brehm, Miss Mavis Brehm, Miss Margaret Whidden, Miss Roberta McPherrin, Miss Hazel Spencer, Mrs. George Peterman, Miss Ethel Whitlock, Miss Helen Jiles, Miss Thelma Pascal, Mrs. Lucille Rieson, Miss Mary Stephens, Mrs. Louise Emery, Miss Ida Mae Storey and Miss Adrienne Fortune.

The wedding will be an event of much interest as both Miss McCall and her fiance are popular members of the younger set here.

For Bride-Elect

Miss Margot Pulfer entertained at her home Thursday evening honoring Miss Gloden Marshall, whose engagement to Mark H. Silver of San Francisco was announced recently. The affair was a miscellaneous shower in which members of Delta Iota chapter of Delta Theta Tau Sorority participated, Miss Marshall being a popular member of the chapter. Miss Marshall left Saturday morning by Western Air Express for Columbus, O., where she was met by her fiance, the wedding taking place yesterday in Columbus. They are planning to make their future home in Cincinnati.

Felicitations

Mr. and Mrs. Norman Cooper Wells (Marjorie Rankine,) who have been making their home at Belmont Shores, Long Beach, since their marriage last fall, are receiving congratulations over the arrival the 15th inst. of a daughter, born at the Lutheran Hospital.

Gilroy-White

The marriage of Miss Mary Gilroy, daughter of Mr. and Mrs. W. F. Gilroy of 237 South Clark Drive, Beverly Hills, to Eugene T. White of Hinckley, Ill., was solemnized at the Wee Kirk o' the Heather, Glendale, the 17th inst., with Rev. Willsie Martin officiating.

The bride was charming in a white satin gown, the veil of tulle held in place by orange blossoms. She carried an arm shower of butterfly roses, white sweet peas and valley lilies.

Mrs. A. K. Gilroy assisted her sister-in-law as matron of honor, wearing a gown of shell-pink chiffon, with silver slippers. She carried orchid sweet peas.

Leslie W. Hoops of Big Rock, Ill., served as best man and Austin K. Gilroy and John W. Gilroy, brothers of the bride, ushered.

The bride has been instructor of English and Latin at Hinckley Community High School for the past five years. She was graduated from Knox College and is a member of Zeta Pi Sorority. Mr. White, who is the son of Mrs. Margaret E. White of Somanuk, Ill., is assistant cashier in the Hinckley State Bank. He claims Northwestern University of Evanston, Ill., as his alma mater and is affiliated with Sigma Alpha Epsilon Fraternity.

Among the guests from a distance were Miss Ted Greer of Aurora, Ill., Miss Gwendolyn Houton of La Grange, Ill., and L. W. Hoopes of Big Rock. Immediately following the ceremony there was a reception at the home of the bride's parents after which Mr. and Mrs. White left for a short wedding trip. They left the 21st inst. for Hinckley, where they will be at home to their friends after August 15.

Invitations Issued

Mrs. Clarence Lee Jackson of South Gramercy Place has issued invitations for the marriage of her daughter, Miss Lucille Margaret Jackson, to Dr. Robert Monroe Harlan of Pasadena. The wedding has been set for August 5 at 8 o'clock in the evening at the Westminster Presbyterian Church in Pasadena. G.O.P. County Central Group Plans Dinner

Preparations are being made for the meeting of the Republican County Central Committee on August 7 in the Hollywood Storage Company roof garden, when the Fifty-fifth District organization will be the host at a dinner party.

An assemblage of nearly 1000 is anticipated. Capt. L. L. McClary, vice-chairman of the county committee and chairman of the district organization, is completing arrangements for a program and a list of ten speakers.

Since it is the first time in history that Hollywood has entertained the committee, Carl Bush, secretary of the Hollywood Chamber of Commerce, will welcome the visitors. Capt. McClary, who is a candidate for Assembly in the Fifty-fifth District, will introduce Col. William Eric Fowler, the county chairman, who will preside.

The chairmen of the twenty-two districts will attend, along with committee members, candidates and others. The assembly will bring to an end the two-year service of the committee, as a new organization will be elected on August 26.

More than forty teachers of dancing completed the tenth annual normal course of the Earle Wallace Studios of Dancing and were presented with diplomas yesterday. Graduation exercises were conducted in the grounds of the W. A. Clark, Jr., residence, and an elaborate program of special dance numbers was presented for the entertainment and instruction of the teachers.

A feature of the normal course was the selection of a modern waltz to be featured by the teachers for the coming year. The dance is made up of a number of the regular waltz steps embellished with acrobatic dance feats.

A Bedtime Story

by THORNTON W. BURGESS

FARMER BROWN'S BOY IS CALLED HOME

The fun that doth to anger lead
Becomes a sorry thing indeed.
—Farmer Brown's Boy.

Farmer Brown's boy and Farmer Brown himself were at work in the cornfield. Jim Crow was sitting on a fence post. He was watching them work and to hear him talking crow talk you might have thought that he was bossing the job. By and by, the sound of a horn reached them. It came from the house. It was a signal. It was the signal Mother Brown always uses when she wants Farmer Brown or Farmer Brown's boy to come up to the house.

"Run along up and see what your mother wants," said Farmer Brown.

Farmer Brown's boy put his hoe against the fence and started up the long lane on his way up to the house. Jim Crow flew over and alighted on Farmer Brown's boy's shoulders. So presently they reached the barnyard. Jim Crow flew around back of the barn. Farmer Brown's boy was very much surprised when he opened the door and caught a glimpse of Mother Brown's face. He knew at once that something had disturbed her very much indeed. He couldn't remember when he had seen his mother look quite so provoked.

"Where's that crow!" snapped Mother Brown.

"I don't know," replied Farmer Brown's boy. "He rode up from the cornfield on my shoulder, so he is somewhere around."

"Look at that wash!" commanded Mother Brown.

Farmer Brown's boy looked at the clothes basket once more piled high with snowy linen. "Well," said he, "what of it?"

"This is the second time these clothes have been washed this morning," declared Mother Brown, "and all on account of that pesky bird of yours."

You should have seen the look on Farmer Brown's boy's face. He blinked, quite as if he didn't understand what his mother was saying. "What has my crow got to do with your washing?" he demanded.

"Everything!" retorted his mother. "This washing has been out on the lines once and when my back was turned that crow pulled every clothespin and dropped the wet clothes on the ground. What is more, he stole the clothespins, and that is why I've called you. I can't hang clothes out without clothespins and I have only half a dozen left."

Jim Crow was sitting on a fence post

"But how do you know it was the crow? Did you see him?" Farmer Brown's boy asked.

"No, I didn't see him!" snapped Mother Brown, "but no one else would have taken those clothespins."

"But," protested Farmer Brown's boy, "he went down with me to the cornfield this morning and he came back with me, so how could he have pulled your clothespins?"

"That bird has a perfectly good pair of wings," replied Mother Brown. "Probably he flew up there and then flew back down to the cornfield without your knowing it. You can depend upon it, that pesky bird is responsible. I have stood for a lot of his mischief, but this is too much. Now, you go look for those clothespins."

Farmer Brown's boy didn't know what to say. He wanted to laugh. Yes, sir, he actually wanted to laugh. He was sorry for his mother and he was sorry that she had all that extra work to do, but the funny side of it struck him and he wanted to laugh. He didn't quite dare do it, however, in the presence of his mother. He knew well enough that she would be ready to laugh herself by and by, but he also knew that she didn't feel like laughing then. So he went out to look for Jim Crow. He had an idea that if he could find Jim Crow he could find the clothespins.

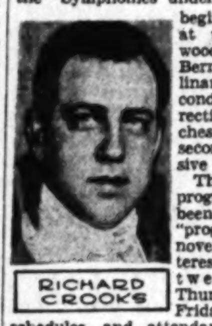
NOVELTIES IN PROGRAM FOR BOWL

Molinari, Noted Italian, Will Conduct Orchestra and Richard Crooks Sing

With unusual features scheduled for every night, the fourth week of the "Symphonies under the Stars" begins tonight at the Hollywood Bowl, with Bernardino Molinari, Italian conductor, directing the orchestra for the second successive week.



RICHARD CROOKS

This week's program has been called a "program of novelties." Interest lies between the Thursday and Friday night schedules, and attendance records are expected to soar.

Thursday marks the two hundred and seventy-fifth performance in the Bowl, and a special program has been arranged including a return appearance of Richard Crooks, youthful American tenor, who scored a hit in his first appearance a week ago. Crooks will share honors with Molinari, who will conduct three numbers.

Miss Antonia Brico, 28-year-old California girl, whose recent triumphs in Germany caused critics to hail her as one of the two best women conductors in the world, will appear Friday night, along with the Albertina Rasch ballet of sixty dancers, who will interpret Dimitri Tiomkin's latest composition "Suite Choreographic," which will have its world premiere.

Saturday night Molinari will conduct "Symphonic Variations," the only American composition he ever has agreed to direct, with Arne Oldberg, the composer, and his daughter-in-law, Hilda, at the pianos.

Tonight's program includes numbers by Beethoven, Mozart, Rabaud, Tschaikowsky and Rossini.

CHEF WYMAN'S CLASS WILL TAKE VACATION

After the cooking class of today the weekly sessions of The Los Angeles Times' Free Cooking School, conducted by Chef Mabelle Wyman in the Southwest Building, 130 South Broadway, will be suspended for a few weeks. The date for resuming has not yet been set but will be announced later. For the class this afternoon Chef Wyman will demonstrate a program of delicacies that will be novelties to many housewives. They include a marble angel food cake, apple nests, chicken loaf, clover leaf cookies, baked brains and spaghetti. The class begins promptly at 2 o'clock.

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

PINEAPPLE APRICOT MARMALADE

Place in a sauce pan three-fourths of a cupful of crushed pineapple and add to it one-half cupful of apricots, that have been peeled and cut in small pieces, add one and a half cupfuls of sugar, stir and bring to the boiling point, and boil hard for five minutes. Remove from the fire and let stand for five minutes, stirring occasionally until the jam shows a tendency to thicken. Place the mixture in small jars, placing a maraschino cherry next to the glass after each spoonful of jam, allow to stand until cold, cover with parafin, and store.

COCOA MILK SHERBERT

Four tablespoonfuls of cocoa, three-fourths of a cupful of sugar, one tablespoonful of flour, one egg, one-half cupful of boiling water, one tablespoonful of butter, one teaspoonful of vanilla extract, two cupfuls of milk. Mix the cocoa, sugar, and flour together, and rub until smooth, add the boiling water, and stir well and cook slowly for five minutes. Pour the cocoa mixture over the well-beaten egg, stirring it in a little at a time. Return to the double-boiler, add the milk, butter, and cook for two minutes longer, cool, add the extract, and freeze.

STUFFED EGG PLANT

One large egg plant, one green pepper, one small onion, two tablespoonfuls of butter, one teaspoonful of salt, one-fourth teaspoonful of paprika, one cupful of cooked corn, one-half cupful of bread crumbs, two tablespoonfuls of grated cheese. Peel the egg plant, and cut in half, remove the center, being careful not to break, chop the pulp, place it in a sauce pan with the green pepper and onion, and cook until yellow with the butter, then add the seasonings and corn, cook together until well blended. Return the mixture to the egg plant shells, sprinkle the top with the bread crumbs, and grated cheese, dot with bits of butter, place in a baking dish and bake in a medium oven until tender.

MOONLIGHT PUNCH

Four tablespoonfuls of grapefruit juice, one tablespoonful of grenadine syrup, two tablespoonfuls of sugar, mix the grapefruit juice, grenadine together, place chopped ice in tall glasses, pour in three tablespoonfuls of the mixture, fill the glass with ginger ale and stir well, garnish with a red or green cherry.

WIFE WINS DIVORCE ON "MANNERS" PLEA

Boredom was expressed by her husband when she had callers, Mrs. Marjorie F. Ravitch complained yesterday in seeking a divorce from Maurice Ravitch. He would retire to a corner and hold a newspaper between himself and her visitors, Mrs. Ravitch said. Superior Judge Gans granted her a decree, together with custody of her daughter, Marjorie, 3 years of age. "He would refuse to speak to me for days," testified the wife.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

HOW ARE AVERAGE WEIGHTS AND GAINS COMPUTED?

Seven pounds is computed as being the average birth weight for babies, solely because the majority of them arrive weighing somewhere near that amount. The average normal monthly gain in weight for the first six months is one and one-half pounds. This, allowing for the fact that at about eleven days baby weighs just what he did at birth, causes baby to double his birth weight at the fifth month.

If he keeps on gaining at an average of one pound a month from the sixth to the twelfth month, he attains a weight of twenty-one pounds at one year. Thus the rule that baby doubles his weight at five months and trebles it at one year holds good only for the baby weighing seven pounds, or about that, at birth. The child, for instance, who weighs nine at birth, won't weigh twenty-seven at one year but will gain one and one-half pounds a month for six months which brings him to a weight of eighteen pounds, less one-half pound for that first two weeks' failure to gain which is seventeen and one-half. Adding six more for his next six months gain brings him to twenty-three and one-half pounds at one year.

ELIMINATING FIFTH BOTTLE

An admirer asks the above question and also this one: "Baby weighs twenty-one pounds, five ounces, at nine months and is fed five feedings of twenty-five ounces pasteurized milk, fifteen of water and six tablespoonfuls of sugar. Is it advisable to increase this formula in hot weather? How can I eliminate the fifth feeding?

"When can she have undiluted milk? She gets cereal, a puree of spinach, carrots, tomatoes and kale, juice of one orange and one-half ounce of cod liver oil. When shall I start beef juice and how shall I prepare it? She had her first two teeth at eight and one-half months without upset, will the next ones go harder with her?

"She sits alone without support but cannot get up to a sitting position and shows no inclination to crawl or stand. Is this due to her weight?"

WHOLE MILK AT ONE YEAR

When babies weigh twenty pounds, usually at one year, they get four bottles of undiluted, unsweetened milk daily. Your formula should be strengthened as rapidly as is consistent by adding one more ounce of milk and extracting one ounce of water until it arrives at thirty-two ounces of milk and eight ounces of water. Keep up five feedings for a time, then take out the eight ounces of water gradually and feed this diminishing fifth bottle to baby at night. Reduce sugar to four tablespoonfuls.

Beef juice isn't essential, though vegetables are, and soup is considered an appetizing way in which to serve vegetables. (This is all in our feeding leaflet which you may have, as well as the one on "Average Ages at Which Teeth Appear," for only a self-addressed, stamped envelope.) Don't anticipate trouble with the second group of teeth. Baby is rather heavy, which may retard her inclination to crawl and stand, and make her more awkward. She is still at this crawling, standing period and has plenty of time to try it out.

HEALTHFUL COOKING (Continued)

STEWING

Stewing is very closely related to simmering except that not as much water is used. The best temperatures for stewing range from 140 deg. to 170 deg. Very little water should be used and the vessel should be kept closely covered. You must avoid too high temperature if you wish to obtain the best food flavors. The food may be cut into small pieces to reduce the cooking time. This is quite adaptable to the cheaper cuts of meat, and always results in a good flavor to the foods. Very little fuel is used by this method, and the meat does not lose by drying out.

FRYING

Frying is not as wholesome a method of preparing food as any of the others. Butter, contrary to popular notion, is less suited for frying than olive oil, cottonseed oil or corn oil. Deep frying is always preferred to frying in an ordinary frying pan. The fat should be hot enough to immediately coagulate the other portions of the food so that the fat does not penetrate.

Often meat can be pan-broiled in a skillet without using any fat, coagulating the meat quickly on both sides, and then turning the fire down.

BAKING

Baking is a process of cooking in the dry heat of an oven. Although great temperatures are possible with this method, the interior of moist food scarcely ever reaches the boiling point. Baked foods are better than boiled foods because all of the juice and mineral elements can be retained.

Some dextrinization takes place on the external parts of all baked starchy foods. Baking can be used to prepare any kind of food, even some which you may not think of as being baked, such as carrots, beets, prunes, string beans, celery and peaches.

The larger and more solid foods may simply be placed in the oven with a pan underneath to catch the drippings, but the smaller and leafy vegetables should be placed in a pan with the cover over to retain their moisture until cooked, after which the cover may be removed to allow some drying out.

In baking in the oven, have the temperature very hot and keep it hot for about fifteen minutes. This will seal in the juices. Then reduce the heat and baste frequently to keep the meat moist and well flavored. Baking seems to bring out some of the meat extractives more strongly than any other method. For baking beef or mutton, bake twenty minutes for each pound, and allow twenty minutes extra. Pork or veal takes twenty-five minutes for each pound, allowing twenty-five minutes over.

Roasting is similar to baking, except that it means cooking over hot coals or open fires. It is now often used to mean baking in the oven. The larger joints of beef and pork are referred to as roasts, even though they are really baked.

Grape Juice for Health
Physicians Recommend It

A Brain-Sharpener. Pure grape juice, served as a breakfast fruit, is so perfectly adapted to the human system that its rich fruit nourishment and mineral salts are taken into the blood stream without digestive effort—quick, new vigor to meet the awaiting problems of the day!

Non-Fattening. Pure grape juice deserves a prominent place on every reducing diet—first, because it supplies the kind of nourishment the body needs; secondly, because it is non-fattening. Its mildly laxative qualities keep one feeling fit and fine.

A Delightful Refreshment. For more than 60 years Welch's Grape Juice—the pure juice of luscious Concords—has proved a delightfully refreshing beverage for millions of people. Six liberal portions to the pint make it the most temptingly delicious 5c drink in America. Many prefer it diluted with one-third water. Insist on Welch's—pure, unadulterated.

NEGRO GOES FROM COURT ON 'LEG BAIL'

Bandit Suspect, Held on Traffic Charge, Outwits Bailiff and Escapes

Slamming a door shut in the face of a bailiff, Willie Norman, Jr., 20-year-old Negro and confessed bandit, yesterday made a sensational escape from Municipal Judge Valentine's traffic court while detectives were preparing to present him in another courtroom to face a complaint charging fifteen counts of robbery. He gained his freedom by sliding down a drainpipe to the courtyard of the old County Jail and then running through an alley to Main street.

Norman was arrested on the 23rd inst. at his home, 1665 West Thirty-seventh street, by Detective Lieutenants Anderson and Bergeron. He and Hart Pitman, 19, also a Negro, of 118 North Westlake avenue, were charged with robbery after assertedly admitting fifteen recent hold-ups.

The two youths were to have been arraigned yesterday, but Norman first was taken to traffic court to plead to an old warrant that had been found on file against him. Officer Hanson turned him over to Bailiff Vignes in Judge Valentine's division. Norman asked permission to enter the lavatory. Bailiff Vignes ushered him in, whereupon the Negro slammed the door, locked it and crawled through a window to a ledge.

Bailiff L. D. Moore of another court saw the prisoner escaping and with drawn revolver ordered him to halt, but Norman continued his flight. Moore sighted him again as he emerged on Main street but refrained from firing in fear of striking pedestrians.

When he learned of the escape Capt. McCaleb of Wilshire division, whose men had arrested Norman and Pitman on the 23rd inst., requested Inspector of Detectives Slaten to launch an investigation.

Couple Planning Golden Wedding

The golden wedding anniversary of Mr. and Mrs. J. Schwartz, 1427 West Forty-eighth street, will be celebrated at the Sea Breeze Beach Club, Santa Monica, August 8, next. The ceremonies, to which all his friends are invited, will take place at 9 p.m. to be followed by dancing. Mr. Schwartz is head of the New York Bottling Works.

Glendale Man Admits Arson

Arson was admitted yesterday by Fred J. Stevens, electrician of Glendale, when he pleaded guilty to the charge in Superior Judge Craig's court, bringing his trial to an abrupt end. Lieut. Frank C. Williams and Policeman F. B. Ricksecker of the Glendale police force, were in court to testify against Stevens when his case was called.

Judge Craig will decide Thursday on Stevens's plea for probation, and will pass sentence if the application is denied.

GOVERNOR'S COUNCIL TO MEET TODAY

Public Invited to Attend and Hear Reports Made by Heads of Departments

Meeting for the third time in Los Angeles, the Governor's Council will open a two-day session today in the assembly room on the first floor of the City Hall, with the public invited. Gov. Young will preside.

Today's program calls for reports by nine of the thirteen directors of State departments. At the morning session, which will begin at 9:30 o'clock, reports will be delivered by Bert B. Meek, director of the Department of Public Works; Mrs. Anna L. Saylor, director of the Department of Social Welfare; George H. Hecke, director of the Department of Agriculture; Vierling Kersey, director of the Department of Education, and Lyman M. King, director of the Department of Finance.

At the afternoon session, which will open at 2:30 o'clock, reports will be made by Will J. French, director of the Department of Industrial Relations; Earl E. Jensen, director of the Department of Institutions; Will C. Wood, director of the Department of Investment, and Allan B. Bixby, director of the Department of Military and Veterans' Affairs.

Tomorrow morning, directors will confer with citizens in offices in the Associated Realty Building. The Council meeting will close tomorrow afternoon.

Meeting Will Form Plan to Save Mission

A mass meeting for discussion of ways and means to raise money with which to restore the Mission San Miguel was announced yesterday by the California Restoration Society through its secretary, C. James Lansing. The session will be held at 8 p.m. Thursday on the ninth floor of the Chamber of Commerce Building, Twelfth street and Broadway. More than 500 invitations to attend and aid in naming committees have been mailed to members of Native Sons and Native Daughters of the Golden West, Knights of Columbus, Ebell clubs, Daughters of the American Revolution and other organizations.

Among the fund-raising events contemplated, according to Lansing, is an all-day picnic and barbecue featuring an entertainment program by stage and screen stars. This probably will be given at Luna Park, formerly Selig Zoo.

The Mission San Miguel, nine miles north of Paso Robles, it is pointed out, is the last of all those in the California chain now remaining as originally designed and built. Its beams and supports are still bound together by rawhide thongs; but termites have made such inroads upon its unprotected timbers that it is now on the verge of collapse.

Funds will not be solicited at Thursday night's meeting, Lansing states.

Mrs. Hoyt Paid New Honor for Floral Work

In appreciation for her work as president and founder of the International Desert Conservation League, Mrs. A. Sherman Hoyt of Pasadena has been elected an honorary life member of the Horticultural Society of Germany. Notification of the honor was given in a letter from Dr. Carl Ludwigs, president of the German society, and Secretary of Agriculture for Germany.

"Your act is the beginning of a very important and laudable work," stated Dr. Ludwigs, "for there is no doubt but that by the expansion of traffic, industry and industrial works, nature's equilibrium will be menaced in a disastrous manner. Certain plants will become more and more rare, certain kinds of animals are on the point of being destroyed and at the same time the danger is increasing that people will lose the sense and the love of the flora and fauna of our beautiful globe."

Mrs. Hoyt now is en route to England, where she will attend as a delegate the World Horticultural Congress at Cambridge University. She intends to confer with foreign leaders of the league while abroad, returning September 1.

Love of Finery Girl's Undoing

Because she wanted more pretty clothes and had no money, Mary Roberts, 23 years of age, wrote worthless checks to get them, she admitted yesterday in Municipal Judge Ballard's court in waiving preliminary hearing on check charges. Her attorney, Allan E. Lund, said she will plead guilty in Superior Court. The checks aggregate $205.

Judge Ballard raised the girl's bail from $500 to $1000 when Dep. Dist.-Atty. Stahlman disclosed that she is wanted in Oakland on a charge of violating probation after conviction for a similar offense there.

NEW SUMMER SCHOOL SESSION ANNOUNCED

An intensive three-weeks' post-summer session will open at the University of Southern California from August 8 to August 30, next, according to announcement of Dr. Lester B. Rogers, dean of the Trojan summer school. Registration will open on Monday and continue to Thursday, August 7. The session has been organized to meet demands for additional undergraduate and graduate work and especially the demands of teachers for courses required for credentials available, to those vacationing earlier in the summer.

MORE PASTORS INDORSE FITTS

Fifteen Names Added to List Approving Candidacy

All Occupants of Pulpits in This City and Vicinity

Statements Give Reasons for Lending Support

Announcement that an additional list of fifteen ministers has been added to the large group indorsing the candidacy of Buron Fitts for Governor was made here yesterday. The clergymen are pastors of churches of Los Angeles and vicinity, including some of the leading churchmen of the State. In indorsing Fitts each commented briefly on his reason for the indorsement of the Los Angeles candidate for Governor. The names of the ministers and their comments follow:

Rev. Gordon Palmer, past department chaplain of the American Legion, pastor of the First Baptist Church of Pomona—Unquestionably Buron Fitts is the logical candidate for Governor. First as a citizen and then as a veteran he has rendered invaluable service to this State and to his comrades among the service men.

Rev. Thomas Grice, pastor of Grace M. E. Church of Long Beach, chaplain of South Pasadena Post of the American Legion—Fitts is my choice for Governor and should be the choice of every serious-thinking man in California.

DRY LEAGUE MEMBER

Rev. W. Earle Smith, director of religious education for the Northern Baptist Church, San Francisco—It was my desire that the Anti-Saloon League indorse both Young and Fitts. I am a board member of the league and was present when the vote was taken.

Rev. W. S. Dysinger, pastor of First Evangelical Church—The action of the Anti-Saloon League has nothing to do with my decision as to the logical candidate for Governor. I am for Buron Fitts.

Rev. J. A. Andrews, pastor of Hollywood Methodist Church, South—You can say for me that I believe Buron Fitts, if elected, will not only enforce the dry laws but will make an excellent Governor.

Rev. O. L. Enyard, Bethel Methodist Church—I am for Buron Fitts for Governor because I believe we need a more forceful man as the State's chief executive.

Rev. Neal T. McGowan, pastor of First Christian Church, Hollywood—Fitts is the man.

REAL CANDIDATE

Rev. W. E. Tipton, pastor of Epworth Methodist Church—Buron Fitts is a real candidate for Governor. I have watched his career with keen interest. He is the type of man we can count on to do things.

Dr. B. L. Jennings, pastor of First Methodist Church, Venice—I am making a little canvass of the field in Venice. I am for Fitts and I am satisfied that the church people are the ones to rally to the man who has been such an outstanding figure for law enforcement.

Dr. Henry C. Kendrick, pastor of Community Christian Church—I'm for Fitts, first, last and all the time. I do not like the dilatory tactics of our present Governor. Fitts is a forceful character, an out-and-out dry who will be a real Governor.

Rev. C. E. Bayer, pastor of Asbury Methodist Church—It is my firm belief that Buron Fitts, if elected, will enforce the dry laws and on his splendid record make us a fine Governor.

STAND UNSHAKEN

Rev. J. Proctor Knott, pastor of Hollywood Methodist Church—Count on me as one of the strong boosters for Buron Fitts. I know the Anti-Saloon League indorsed the Governor, but that has not changed my attitude.

Dr. Edwin Brown, acting pastor of Temple Baptist Church (during the absence of Dr. John Snape)—It is a certainty that Buron Fitts, when elected Governor, will enforce the dry laws of California. He is a man you cannot help but admire for his stand on vital questions. I feel just as Dr. Snape does that we should unite to elect Buron Fitts.

Rev. Harris Erickson, pastor of Atherton Baptist Church—Buron Fitts will enforce the important laws of our State if elected Governor. He is an outstanding character in politics.

Rev. W. R. French, pastor of Westlake Methodist Church—Buron Fitts is the type of man we want for Governor. His record marks him as the outstanding candidate who will enforce the laws. He stands for principle and the action of the Anti-Saloon League makes no difference as to my attitude. Gov. Young is the type of man the lawless element wants to keep in office. He is a disappointment because he does nothing.

CITY CLUB SPEAKERS LAUD DISTRICT ATTORNEY—

Strong indorsement of Dist.-Atty. Fitts for Governor of California was voiced yesterday by the majority of speakers at a joint session of the county and municipal government and State affairs sections of the City Club.

"Rolph is a good-natured fellow and not lacking in common sense and ability, but, having known him for four years, I cannot believe that he would be a good Governor," said Jason A. Neilson. "He is under control of the political machine of which he is a member and he switches parties to further his own interests. He is incapable of meeting the difficult issues which face this great State and, having been tied up with elements opposing the Republican party, he cannot command the backing of that party.

"Gov. Young has been unable to fulfill the objectives which he set forth in his platform," said Mr. Neilson. "I do not like the manner in which he attacked his predecessor in office in regard to the economical administration of State affairs. Buron Fitts is young, honest and aggressive and has in him the possibility of giving this State a splendid administration. His record is one of which any man might be proud. As Lieutenant-Governor he performed his duties like a hero, working when his physical condition gave him the right to complete rest and medical care. In other words, Fitts has 'guts.'"

EATON DEFENDS FIGURES ON DAM

Chief Engineer of Flood District in Statement

San Gabriel Survey Highly Accurate, He Asserts

Immediate Rechecking of Map Requested

A flat denial of the charge that his excavation figures at the site of San Gabriel high dam are incorrect, along with a request for immediate action by competent engineers to make a recheck of his surveys, are set forth in a communication to the Board of Supervisors yesterday signed by E. C. Eaton, chief engineer of the Los Angeles county flood-control district. Copies of the letter were also sent to the grand jury, the American Society of Civil Engineers and the American Association of Engineers.

After hearing the letter read the members of the Board of Supervisors received it and placed it on file. No action was taken at the meeting yesterday.

EATON'S STATEMENT

The communication by Engineer Eaton, in part, is as follows:

"In view of the news items claiming statements of certain engineers that they, in one or two days, arrived at elevations and quantities widely different from those of this office may I submit the following:

"Indications from examination on the ground are that these engineers had not carefully located official starting points, resulting in erroneous figures.

"The case line used for our surveys was determined by the flood-control district with unusual care as a special precaution and was tied in by triangulation to an official United States government base line known as the 'Michelson Base,' extending from Mt. Wilson to Mt. Baldy. It happens that this base line is known to be one of the most accurate in the United States and for this reason has been used as a base in certain experiments for the determination of the speed of light.

INSTRUMENTS PURCHASED

"Prior to commencement of our triangulation and other surveys we purchased for this particular work special instruments of precision known as 'theodolites,' capable of being read to ten-second divisions, whereas ordinary survey instruments read to sixty-second divisions.

"Our complete closed triangulation system was run with precision instruments and was tied to the government base with an exceptionally close check and well within the most rigid government requirements for service of the first order. Under the method used unusually substantial and permanent markers were employed to designate co-ordinate points.

"It is, of course, necessary to establish definite and accurate control points very carefully measured in order that the same points may be used in determining the difference between original and field topography.

SURVEY CAREFUL

"I mention these facts as an indication of the care taken in our surveys and to demonstrate the facilities now available for exact and precise checks if ordinary careful methods are used.

"The charges publicly made that the detail map on five-foot contours and thirty feet to the inch scale as drawn and used by the flood control district was fictitious and was an 'alibi map' have already been admitted to be utterly false.

"The general charge that the quantities of excavated material as measured and certified to by our engineers exceeded the actual quantities by approximately 273,000 yards is unqualifiedly false.

"Many of the men whose work was involved in the engineering details and in the final estimates have been in the employ of the county for a number of years and their loyalty and ability have never heretofore been questioned.

ACTION REQUESTED

"The loose and scurrilous and false charges have now been current for seventeen days, namely, since the 8th inst. I have requested an immediate investigation and resurvey and ascertainment of measurements and quantities. The State of California has reason to be proud of the extraordinarily high standing and attainments of its engineers and certainly from our engineers a group of men or a firm, or firms, may be quickly selected with the recommendation of the national engineering organizations, the American Society of Civil Engineers and the American Association of Engineers, whose report would be final and of unquestioned verity.

"At this crucial time of the year our whole flood-control organization is disturbed, our normal working conditions and morale disorganized and the interests of the taxpayers endangered. Further delay in appointing competent engineers of high personal reputation to check the actual excavation, will, in my judgment, be seriously detrimental to the interests of the county.

"In behalf of the members of the flood-control district, I request immediate action, officially from your honorable board and the investigating committee of the grand jury to make an accurate and careful check of the actual yardage excavated."

APPOINTMENT OF ENGINEERS DUE TOMORROW

Appointment of a committee of three engineers to make a survey of the abandoned San Gabriel dam site to determine whether or not Los Angeles county paid contractors more than they were entitled to for preliminary excavations, are scheduled to be made by a grand jury committee tomorrow.

Thus far, the committee has spent all of its time in conference with Frank C. Stafford, deputy District Attorney, and engineers recommended for the work.

Frederic I. Morris, grand jury foreman, announced yesterday that no decision will be reached in the matter until tomorrow.

New Ship Opens Traffic in Silks

While the $1,000,000 cargo of silk she brought here from Japan was being rushed across the continent by special train, the new freight motorship Kinai Maru of the Osaka Shoshen Kaisha Line resumed her voyage to New York yesterday after having established Los Angeles Harbor as a regular silk-receiving port of call.

The Kinai Maru arrived Sunday with 1330 bales of silk, completing a record-breaking maiden trip from Yokohama. An hour and a half later the cargo had been transferred to Union Pacific cars, and with delivery of consignment papers by Capt. Toru Yamaguchi to Conductor G. A. Stewart, the trainload moved out on its eighty-five-hour dash to New York.

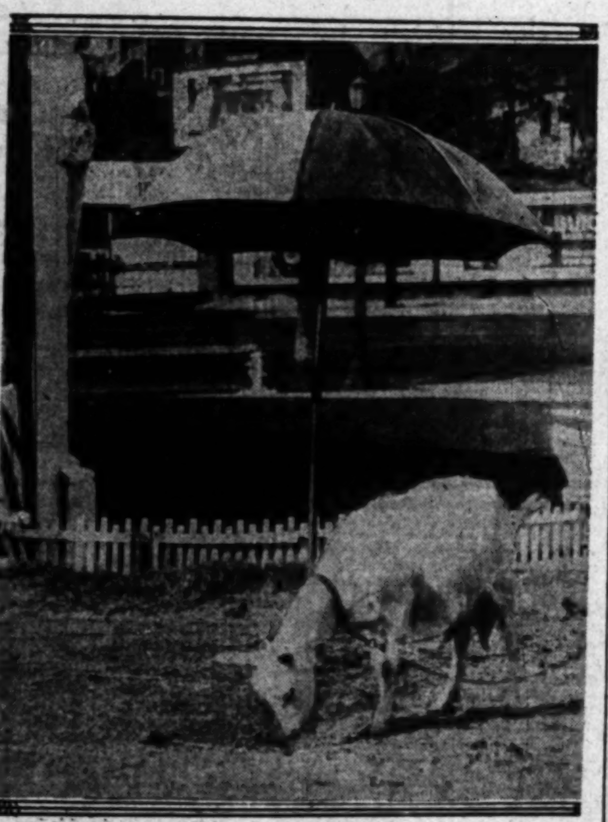
Arrival of the shipment marked the beginning of what is expected to be extensive silk traffic through this port. Five more motor liners similar to the Kinai Maru are to be added to the line this year, and all, it is believed, will carry silk shipments. The next, the Tokai Maru, is due here September 18.

CLERK ENDS LIFE IN HOME

M. O. McClung, 47 years of age, a clerk, was found dead in his home at 2301 West Seventy-sixth street yesterday afternoon by his wife Mary when she returned from a shopping trip. Police who investigated declare he had shot himself through the heart with a rifle because of despondency over ill health.

GOAT GLOATS IN UNIQUE SHADE

Nannie Likes Her Beach Umbrella



Old Sol Can't Kid Her

Mrs. Nannie Goat shown enjoying shade of beach umbrella her owner provides.

NANNIE hardly would qualify as a beach beauty, but that does not prevent her from having her beach umbrella under which to bask when the rays of the sun become too trying. Nor does Nannie disport herself in a bathing suit, nor yet in beach pajamas, and if anyone attempted to lure her into the briny, she probably would offer strenuous—even violent—objections. And yet she is devoted to her beach umbrella.

Nannie is a goat who has good goat sense, and when her owner, L. F. Katona of 2212 Sunset Boulevard, was thoughtful enough to provide her with a shady spot in the form of a red-and-white regulation beach umbrella on the lot on Rosemont street and Sunset Boulevard, where she is staked out, Nannie exhibited her rare acumen by realizing what it was for and proceeding to put it to good use. Many are the lazy, happy hours when the nibbling of grass has irked her, that she puts in following te shady spot around as the sun moves on its course, and when she was asked to pose for a picture in her favorite spot, she skipped about and cavorted as coyly as any bathing beauty about to pose for a Sunday supplement.

HIT-AND-RUN PAIR SOUGHT BY OFFICERS

Three Suspects Arrested by Deputy Sheriffs as Driving While Drunk

Two hit-and-run drivers were sought by deputy sheriffs yesterday and three others were held as drunken driving suspects in a week-end crusade against reckless driving.

One of the hit-and-run victims was Phyllis Carn of 8746 Homewood avenue, who was run down in front of her own home by an unidentified woman driver. The car passed over the child's foot and the driver fled as the victim screamed. The second victim was Max Roehl, 835 Kilkea Drive, whose car was damaged in a collision at Santa Monica Boulevard and La Brea avenue.

The drunk driving suspects are Manuel Amezcua, Jr., 167 South Avenue 21; Harry E. Hoover, 2415 East Fifty-third street, Vernon, and George Morrow, 700 South College street.

Each was involved in a traffic accident, according to Sheriff's reports.

JUDGE GUERIN GETS VETERANS' SUPPORT

Commander Franklin J. Potter of the United Veterans of the Republic, officially notified Superior Judge Guerin yesterday that the United Veterans of the Republic have indorsed his candidacy for re-election to office No. 11 of the Superior Court. Commander Potter spoke highly of Judge Guerin's record on the Superior bench.

"DECEIVED" WOMAN DEMANDS $50,000

Mrs. Mary L. Jackson, who asserts she was "deceived" by Harry E. Atwater of Glendale after he promised to marry her, sued Atwater for $50,000 in a breach-of-promise action yesterday.

HOSPITAL FIRE HAZARDS CITED

Building Inspector Reports Lack of Film Vaults

Carelessness Shown Cause of Blazes Spreading

Dance Halls and Apartments Safeguards Ordered

But six Los Angeles hospitals of a total of twenty-three are equipped with fireproof concrete storage vaults for films used in laboratory work, it was disclosed yesterday in a report by J. J. Backus, head of the city building department, to the Building and Safety Committee of the City Council.

The report covering the activities of the city building department embodies the recommendation that an ordinance be passed requiring fireproof vaults in hospitals or the use of noninflammable films. The investigation was made following the explosion of films in the Cleveland Clinic Hospital May 15, 1929, when 125 persons lost their lives.

Of the twenty important fires in buildings, inspection by the city building department discloses that in practically all the spread of the fire was caused by carelessness, in one instance, fireproof doors being so blocked with boxes that they could not be closed, and in another the sprinkling system of the building having previously been turned off.

In sixty-five dance-hall and apartment-house inspections it was found that adequate fire provision was lacking in many such structures, and more exits and fire escapes were ordered. Twenty factory owners were required to strengthen buildings following inspections, and one motion-picture theater was condemned for this use during the past year. Of 150 complaints investigated 40 per cent resulted in repair work to these structures being ordered by the department for reasons of safety.

The report recommends the creation of a higher rating for inspectors handling this type of work with a salary in excess of the regular inspector.

TWO MORE TAKEN FOR 'RIDE' PLAN

Suspect Held in Attempt to Kidnap Man Names His Companions to Officers

Said by deputy sheriffs to have been identified as one of the trio who tried to take Thomas A. Jordan, asserted former bootlegger, for a ride last Saturday, James Sampson, 22 years of age, 127 East One Hundred and Eighteenth street, yesterday made a confession involving his two companions. They were rounded up quickly by deputy sheriffs and gave their names as Joseph Potter, 18, 1632 West Eighty-third street, and Manuel Silva, 21, 422 East One Hundred and Nineteenth street.

Sampson, known only as "Jimmy" to the wife of the intended victim, was recognized by her when she snatched a handkerchief mask from his face as the three were trying to force Jordan into their car. The would-be abductors fled when she screamed, but Sampson was arrested a few hours later by Deputy Sheriffs Wintermute and Ramsey. The arrests of the other two followed questioning of Sampson.

All will be booked on a charge of assault with a deadly weapon, the officers said. They refused to talk.

Santa Barbara Bank Aide Gets Jail Sentence

Elmer B. Campbell, former assistant cashier of the First National Trust and Savings Bank of Santa Barbara, appeared before United States District Judge James yesterday for sentence on a charge of misappropriation of bank funds. He was sentenced to serve seven months in the Santa Barbara County Jail. It was reported by bank examiners that the peculations of Campbell, who pleaded guilty, amounted to about $35,000. Campbell disappeared from Santa Barbara, but returned after several months and surrendered himself.

BEN LYON SIGNS WITH WARNERS

Basil Rathbone Playing Lead in "Boudoir Diplomat;" Ellen McCarthy Signs Long Contract With M.-G.-M.; Lasky Wins Services of Popular Writer

BY GRACE KINGSLEY

Ben Lyon was working so long in "Hell's Angels" that we rather expected him to emerge with a long gray beard. However, seen over at the Warner studio yesterday, he was as youthful looking as ever.

Indeed, such excellent work did he do in that film that Warner Brothers decided to tie up his services. They have therefore signed him on a long-term contract, to be exact, a contract for five years, according to the announcement of Darryl Zanuck.

His first role under the new agreement is the leading male part in "Ex-Mistress," the anonymous story which is the latest, but probably not the last, of a long list of anonymous ex-thises and ex-thats which have been flooding the book markets of late. So far nobody has been chosen for the name part.

Roy Del Ruth will direct the picture, which is to be made as a special.

BASIL RATHBONE UNIVERSAL HERO

After a week of suspense and many film tests, Universal has to announce that, after all, Basil Rathbone has been signed for the leading male role in "The Command to Love," renamed "Boudoir Diplomat."

BASIL RATHBONE

Rathbone, as is known, played the same role on the stage that he will now essay in the talking picture version.

He is originally from the London stage, where he played many distinguished roles, including most of the leading Shakespearean heroes. He has also played in Molnar pieces, including "The Swan." He has appeared in New York also in a number of plays. At one time he was a member of that noted group known as the Stratford-on-Avon Players. Rathbone lately signed for pictures, and has played a number of leads for Metro-Goldwyn-Mayer.

M.-G.-M. SIGNS NOTED NEW YORK ACTRESS

To hop right off a train from New York and into a good part is the nice break Metro-Goldwyn-Mayer arranged for pretty Ellen McCarthy, latest addition to that studio's list of contract players.

ANITA PAGE

Miss McCarthy, featured in the New York Oscar Hammerstein success, "The Golden Dawn," has been given an important role in "War Nurse," which Edgar Selwyn has just started. The principals are June Walker and Anita Page, Robert Montgomery and Robert Ames. Other featured players include Marie Prevost, Martha Sleeper, Helen Jerome Eddy, Hedda Hopper and ZaSu Pitts. Becky Gardiner made the adaptation from the much-discussed novel.

Coe Signs With Paramount

Charles Francies Coe, one of the most successful modern authors of melodramatic fiction, has been signed by the Paramount Publix Corporation, and will arrive in Hollywood on Saturday night from New York, it was announced yesterday by Jesse L. Lasky.

The writer reported at the company's studios yesterday to start work on a future starring vehicle for George Bancroft.

His works include many stories of gangland, published in the Saturday Evening Post, and including "Me, Gangster," "The River Pirate," "Hooch" and others.

Macdonald Vacations

Just as soon as J. Farrell Macdonald finishes his role in Warner Brothers' "The Steel Highway," he will hie him out on the high seas in his yacht, the Lorna M. He will be accompanied by his wife and daughter, and expects to visit the Mexican coast.

Too Hot for Them

If you have been thinking of that R.-K.-O. "Silver Horde" company as doing its stuff up in Ketchikan, Alaska, you have another guess coming.

EVELYN BRENT

The players have returned from that locality, whither they journeyed a couple of weeks ago. The reason given was that they found it too hot to work there. They will produce the whole picture in sets made at the studio and on near-by locations. Included in the company are Evelyn Brent, Joel McCrea and Louis Wolheim.

Rogers Must Face Trial on Robbery Counts

Glenn A. Rogers, 24 years of age, recently acquitted of the murder of Policeman James Costello, was bound over for Superior Court trial on two charges of robbery and one of possession of a blackjack following his preliminary hearing before Municipal Judge Ballard yesterday. Bail was set at $10,000 on the robbery charges and $2500 on the blackjack charge.

R. A. Fuller, street-car conductor, testified that Rogers held him up at Thirty-ninth and McKinley streets on the night of March 25, last, six days before Officer Costello was killed. Rogers took $14.77 from his change belt, leaped from the street car and fled, Fuller said.

L. Hanson, also a street-car conductor, testified to a robbery on December 7, 1929, at Eleventh and Georgia streets. He identified Rogers as the bandit who took $40 from him. The blackjack, officers called by Dep. Dist.-Atty. Stahlman testified, was found in Rogers's possession two days after Costello was killed.

Donald M'Kay's Case Postponed

Donald McKay, former chief trial deputy under Dist.-Atty. Keyes, will not be tried on a charge of accepting a bride until November 5, next, Judge Wilson ruled yesterday.

The continuance was granted with the consent of William McKay, chief of Dist.-Atty. Fitts's trial department.

At a former trial the jury was deadlocked. McKay is charged with having accepted a bribe from A. I. Lasker, automobile finance man, to quash a grand theft case then pending against him.

PAYTON HEADS DIVISION

The appointment of E. C. Payton as general manager of the Southern California division of the Rudolph Wurlitzer Company was announced yesterday by Thomas P. Clancy, national vice-president of the Wurlitzer organization, who is here from Cincinnati. Mr. Payton is widely known throughout music trade circles here, having been an executive of Wurlitzer in both the Southern California and Northern California divisions for the past ten years.

HIGHWAY OPENS TOMORROW

Weldon Canyon Road Relieving Newhall Tunnel Traffic, to be Dedicated for Public Use

Marking the completion of a new highway into San Fernando Valley from the north, ceremonies formally opening the recently completed Weldon Canyon road will be held tomorrow at 9:30 a.m. at the junction with the San Fernando Road and Weldon Canyon just this side of the Newhall Tunnel.

Participating in the program will be representatives of the California Highway Commission, the Automobile Club of Southern California and the Chamber of Commerce, together with officials from the various San Fernando Valley cities.

The new route, built at a cost of $3,125,000, will serve as an alternate to the Newhall Tunnel road and is expected to greatly improve traffic conditions between Saugus and San Fernando. It leaves the Ridge Route at the Santa Clara River south of Castaic and extends for eight and six-tenths miles southeasterly into and through Gavin and Weldon canyons to its San Fernando Road junction.

In addition to improvements in alignment and grade it eliminates the Newhall Tunnel and two dangerous grade crossings and shortens the distance between Los Angeles and San Joaquin Valley points by one and two-tenths miles. It has a graded width of forty-six feet and a Portland cement concrete pavement thirty feet wide throughout its entire length.

Some idea of the traffic affected by the additional route is afforded by a recent check by Automobile Club of Southern California engineers which showed that 23,150 vehicles passed over the San Fernando Road between the north limits of Los Angeles and Saugus during a twenty-four-hour period.

DISTRICT MAP APPROVED

The City Council yesterday approved the assessment district map for the improvement of Witmer street between Sixth and Seventh streets.

CHAIR RETAINED BY THORPE

Police Commission Re-elects Him as President Despite Uncertainty on Reappointment

Although his term as a member of the Police Commission expired on the 1st inst., and he has not as yet been reappointed by Mayor Porter, Willard G. Thorpe was re-elected president of the commission at its annual organization meeting yesterday. He was nominated by Commissioner Drake, the nomination was seconded by Commissioner Walkup and his election was unanimous.

Mayor Porter was asked, after the action of the Commission became known, whether it meant that he has given the commissioners assurance of intention to reappoint Thorpe for another five-year term, but he denied that he has done so. He said he has not even been called on by the commissioners for any assurance of the continuance of Thorpe on the commission.

"They did ask me," he said, "whether I had any objection to their re-electing Thorpe as president and I told them I had none, but that had no bearing on whether or not he will be reappointed."

Asked directly whether or not he had arrived at any decision on the matter of reappointing Thorpe, the Mayor countered with, "I have nothing to say on that."

Drake was re-elected vice-president of the commission. He was nominated by Commissioner Coe and the nomination was seconded by Commissioner Wehn.

JUDGE GETS LAST WORD IN CLASH WITH WOMAN

Unruliness on the witness stand in his court yesterday inspired Superior Judge Gans to fine a witness, Aaron Rosenberg, and to warn the plaintiff, Mrs. Clara Rosenberg, that she would be jailed if she continued ignoring the court's admonitions to silence. Mrs. Rosenberg was suing her husband's uncle and aunt, Mr. and Mrs. Joseph Koratzky, for $100,000, asserting alienation of her husband's affection.

Judge Gans's warning to Mrs. Rosenberg was aroused when she kept crying "It's a lie" from her seat in the spectators' section. After her attorney, S. S. Hahn, admitted he could not keep his client silent, Judge Gans warned Mrs. Rosenberg she would be sent to jail if she persisted in her contempt.

Rosenberg, as witness for the defendant, next offended by repeated volunteering of statements on the witness stand, although ordered to keep silent by the judge. When he left the stand Judge Gans fined Rosenberg $10 with the alternative of going to jail for five days. Attorney Lewis for the defendants paid the fine.

Rosenberg yesterday testified that he paid Morris Abrams $150 as matchmaker to introduce him to Mrs. Rosenberg, but that he later regretted the expenditure. While they were on their honeymoon, he said, she urged him to climb a fence to pick a flower, and in doing so he tore his trousers. At that embarrassing moment, he testified, his love cooled. His insistence on detailing the trousers-tearing incident led to the fine for contempt. Mrs. Rosenberg asserted that the Koratzkys asked her husband why he did not marry a rich widow.

Whispers in the Wings

BY MURIEL BABCOCK

THE spirited and amiable revival of "Sherlock Holmes" with William Gillette which New York witnessed last year during the holiday season is coming to Los Angeles.

WILLIAM GILLETTE

I was told yesterday that the Erlanger office had booked Mr. Gillette and "Sherlock Holmes" into the Biltmore Theater for a January engagement.

There has been talk about this for some time, but the skeptics have cast a doubt that Mr. Gillette, now in his seventies, would undertake the long trip from the East to the Pacific Coast. Now it is known definitely, barring accident, that not only is he coming here, but that he will make a good old-fashioned road tour, stopping in principal cities en route for performances.

When "Sherlock Holmes" was revived, after thirty years, in New York last season it won the finest kind of critics' notices. One reviewer wrote: "There are moments when people smile at the play, but this is not when Mr. Gillette is speaking. He seems to have stepped almost unchallenged from a generation ago—that stern, dry, staccato personality, with underlying wistfulness and sentiment; a weary, preoccupied manner; giving a curious suspense and import to lines trifling in themselves and possibly flat in other hands."

More of "Candlelight"

And continuing with notes on Erlanger activities, it seems that Reginald Owen, seen here recently with Fay Bainter in "Caprice," will be in the cast of "Candlelight," coming to the Biltmore Theater during August. He will play the role he had in the original New York production, that of Prince Rudolf.

Eugenie Leontovich, who played the lead in the Chicago production, will have the part Gertrude Lawrence portrayed in New York. The third important player will be Alan Mowbray, who was seen on the Coast a year ago in the New York Theater Guild plays. Theatergoers may recall him particularly for his work in the title role of "The Second Man."

"Candlelight" was adapted by P. G. Wodehouse from a comedy by Siegfried Geyer.

Glendinning to Guild

Ernest Glendinning, who will be seen with Tom Moore and Gladys George in "Tea for Three," arriving at El Capitan Theater Sunday matinee, returns to New York immediately following the run of the show to join the New York Theater Guild for the fall season. He was with that group last year.

Prima Donna Visits

Miss Edith Scott, prima donna ingenue with the Shubert organization in New York, a former Los Angeles girl, is paying calls on old friends in town these days in between visits with her family.

EDITH SCOTT

Miss Scott seems to have chalked up quite a singing and dramatic record for herself back east. Last season she sang opposite Barry Lupino in the revival of Victor Herbert's "Babes in Toyland," which had three weeks at the Jolson Theater and then went on tour. Her first professional appearance was in "Big Boy;" she was for eight months understudy to Marilyn Miller in "Sunny;" had a part in "My Maryland;" was Lisa in "Music in May" at the Casino and one of several singers chosen by Mme. Emma Calve to study at the latter's chateau in Avignon, France.

She returns to New York in the next few weeks to fulfill an engagement with the Shuberts. A sister, Mrs. Charles Lowry, is a member of the business organization of El Capitan Theater, here.

In Zoe Akins Play

From New York comes word that Muriel Kirkland, star of "Strictly Dishonorable" and who left the cast of that play a week or so ago after words with the leading man, Tullio Carminati, will go under the management of William Harris, Jr., this coming season. She is going to have an important part in Zoe Akins's new play, "The Greeks Had a Word for It."

Musketeers Plan Season

The Musketeers, a Hollywood dramatic organization, which last season produced some eighty original one-act plays at its little theater on Sunset Boulevard, announce an ambitious schedule for next year.

They will do, they say, an original full-length play every six weeks, operating under the name of the Barnstormers' Production Club.

"Irene Makes Her Bed," three-act comedy drama by Ethel Mobray Dalson, will open the schedule August 7 at the Theater Mart in Juanita avenue for a four days' run. The piece has been in rehearsal for three weeks under the direction of Gilbert Clayton. The theme involves the efforts of an old-fashioned daughter to check the modernism of her mother.

Symona Boniface, known for her work on the stage here, will have the title role. The cast includes Frank Ball, former director at R.-K.-O.; Magdalene Schaeffer, Murray Edwards, Dick French, Emilie Straube, Marilyn Lane, Bertha Baird and Frank Pharr.

REED DIRECTING

Luther Reed, director of Radio's extravaganza, "Dixiana," now being shown at the Orpheum Theater, is busily engaged in the direction of Victor Herbert's "Babes in Toyland" at the R.-K.-O. studios.

Experienced Players Enact Drama

Fredric March

Noted on both screen and stage, plays an important part in "Manslaughter," the film version of Alice Duer Miller's novel, starting at the Paramount Theater Thursday.

JUBILEE STARTS FRIDAY

Special events of both stage and screen are promised at Warner Brothers' Hollywood Theater starting Friday, when the Warner Silver Jubilee is celebrated. President Hoover is to start the event when he presses a silver button at Washington, D. C., and through direct wire services to the principal Warner theaters in all key cities, it will be the signal for the beginning of an entire month of unusual entertainment.

Warners' Hollywood Theater begins with several specialty stage numbers arranged by Larry Ceballos. One includes "The California Collegians" direct from their New York appearance in "Fifty Million Frenchmen."

The screen offering brings a picture built for laughs. It is a farce titled "The Matrimonial Bed" adapted from the play of the same name. The cast includes Frank Fay, Lilyan Tashman, Florence Eldridge, James Gleason, Beryl Mercer, Marion Byron and Vivien Oakland. Michael Curtiz directed.

Griffith Plans to Return for Film Premiere

In order to attend Ann Harding's birthday celebration and also the showing of "Holiday" at the Carthay Circle Theater, August 7, Edward H. Griffith, Pathe director, is canceling his present engagements in New York and is making preparations to fly to Los Angeles.

Word to that effect was received yesterday by Mrs. Griffith, who is spending the summer at Catalina Island, according to the theater management. Her husband is responsible for the direction of "Holiday."

Plans to celebrate the double occasion of a premiere and a star's birthday anniversary are going ahead at the Carthay. A large number of film players have already made reservations, it is reported.

Abe Lyman and his orchestra are now rehearsing a new medley of song hits for presentation in conjunction with "Holiday."

'Shadow of Law' Scheduled for Pantages Run

With the last showing of the prison drama, "Big House," scheduled for Wednesday, Pantages Hollywood will present "Shadow of the Law," starring William Powell, commencing the following day.

"Shadow of the Law" is said to be as great a success for William Powell as was his recent production, "Street of Chance."

Next week's stage attraction will include Fanchon and Marco's "Gems and Jams Idea," featuring Joe and Jane McKenna, Nee Wong, the Chinese Ukulele Ike; Will Cowan, and others. Slim Martin will continue to direct the orchestra.

OAKIE AS SAILOR

Jack Oakie, star of "The Sap From Syracuse," will don a sailor's outfit for his next Paramount picture.

FAVORITE PLAYS IN PRISON FILM

Leila Hyams

"The Big House" moves to the Boulevard Theater Thursday for a week's run. The management has anticipated the event by ordering the redecoration of the lobby to conform with the prison atmosphere of the picture.

The cast of the film includes Wallace Beery, Leila Hyams, Robert Montgomery, Chester Morris and others.

George Hill directed for Metro-Goldwyn-Mayer. The current film at the Boulevard is "On the Level," with Victor McLaglen and Fifi Dorsay.

STAR GOES WESTERN IN NEXT FILM

William Haines Ventures Into Land of Cowboys in "Way Out West"

"Way Out West" is the new William Haines film vehicle starting Thursday at Loew's State Theater.

As the stranded barker and sideshow grafter of a circus, Haines encounters a bunch of cowhands, including Cliff Edwards (Ukulele Ike) and Polly Moran, which meeting is said to provide some hilarious comedy. Also he meets and promptly falls in love with Leila Hyams, sister of the ranch boss.

A Hopi Indian village is said to add colorful atmosphere and opportunities for humor and thrills. Byron Morgan and Alfred Block wrote the original story and the dialogue is by Joe Farnham. Fred Niblo directed. Others in the cast are Francis X. Bushman, Jr., Vera Marsh, Charles Middleton and Buddy Roessevelt.

"Wild Company" is the current film drama.

Shoppers' Show Announced for Vine Street

The first of a series of shoppers' matinees will be given Thursday at the Vine-street Theater, where "Oh, Judge," new musical farce, is now in its second week.

New dance numbers, new songs and new scenes have been inserted in "Oh, Judge" since the opening, according to an announcement, and the show is proving popular with patrons.

"Oh, Judge" is a farce built about the adventures of a group of night-court prisoners sentenced to a modernistic health farm. Bernard Granville, Marie Wells, Rodney McLennan, Mary Hutchinson, Nenette Vallon and other players are in the cast.

Londoner Uses German Accent in "Dixiana"

Joseph Cawthorn, the veteran comic with the German accent, who supplies a good share of the laughs in Radio Pictures' "Dixiana," now enjoying its world premiere at the Orpheum Theater, was born many miles away from the Pennsylvania Dutch section. In fact, he first saw the light of day in London.

Cawthorn's German accent, which has already been heard in other Radio Pictures, including "Street Girl" and "Dance Hall," is logically explained in the course of the story of "Dixiana," it is said. Everett Marshall, Bebe Daniels, Bert Wheeler, Robert Woolsey, Dorothy Lee, Jobyna Howland and Ralf Harolde are also in the cast.

OLSEN TO STAGE "DIXIANA" NIGHT

"Dixiana" night will be celebrated at George Olsen's club tomorrow evening, on which occasion stars from R.-K.-O.'s latest screen production now playing at the Orpheum, will be guests of honor. George Olsen has planned a gala mardi gras program, which will be staged in addition to the regular performance of his new summer revue.

ENTHUSIASM MARKED AT BOWL EVENT

Bernardino Molinari Leads Orchestra in Spirited and Pleasing Concert

Devoting the first half of the Hollywood Bowl program Saturday evening to Beethoven, Bernardino Molinari conducted the overture to "Egmont" and the Fifth Symphony in a way that delighted the unusually enthusiastic audience. Since Molinari arrived, devotees of the Bowl have acquired the habit of lingering long after the final strains of the orchestra have died away. Saturday night was no exception and the homage paid Richard Strauss's "Till Eulenspiegel," the last program number, was well deserved.

Molinari interprets Beethoven with a lightness and grace seldom given to this composer. The overture to "Egmont," which describes in tone the oppression, conflict, and victory of Goethe's hero, was done with exquisite care. It was the famous Symphony No. 5 in C Minor, however, that appealed chiefly to the imagination of the audience.

The fairy-like charm of Mendelssohn's music was caught and conveyed to the Bowl audience by the Italian maestro in the Notturno and Scherzo from "A Midsummer Night's Dream." The graceful and delicate Scherzo with its swift string passages and difficult flute solo was a fleeting moment of beauty that will linger long in the memory.

The concert reached a magnificent climax with "Till Eulenspiegel" by Richard Strauss, a tone-poem depicting the pranks of a rogue of the fourteenth century. The Hollywood Bowl Orchestra is well equipped to play this complicated score which makes such heavy demands on the musical intelligence of the players.

CAST FOR NEW PLAY SELECTED

Ernest Glendinning, Tom Moore and Gladys George Head El Capitan Cast

The cast for "Tea for Three," co-starring Tom Moore, Ernest Glendinning and Gladys George, is now complete and rehearsals are in full swing under the direction of Edwin H. Curtis, preparatory to the opening Sunday at El Capitan Theater.

The action of this suave, sophisticated study in modern matrimony is sustained principally by the co-starring trio in the roles of the wife, the husband and the candid friend. Others taking part in the production are Eric Snowden, Dorothy Cecil and Donald Campbell.

The opening of the play marks the return to El Capitan stage of two popular Henry Duffy stars, Tom Moore and Ernest Glendinning, and also the debut of Miss George before a Hollywood audience. "To the Ladies" closes Saturday night.

Sid Grauman to Board Eastbound Train Tonight

Forsaking Hollywood for New York, Sid Grauman will board an eastbound train tonight to personally supervise preparations for the dual metropolitan premiere of "Hell's Angels." Howard Hughes, producer of the aerial epic, will follow Grauman later in the week.

The schedule calls for the aerial spectacle to open simultaneously at the Criterion and Gaiety theaters on Broadway on or about August 15. It will be the first dual premiere in New York history, it is said.

"Hell's Angels" is now in its tenth week at Grauman's Chinese Theater, following its world premiere on May 27.

Ronald Colman Plays Raffles

"Raffles," now showing at the United Artists Theater, presents Ronald Colman as an aloof and somewhat aristocratic artist, but in an illegitimate profession, that of plundering other people's safes. The star is said to enact the noted character of fiction with traditional daring and suavity.

RONALD COLMAN

Playing opposite Colman in this Sam Goldwyn picture is Kay Francis, who matches Colman's performance. Miss Francis adds to her bounteous supply of laurels in "Raffles."

Others in the film cast are David Torrence, Bremwell Fletcher, Frances Dade, Alison Skipworth and Frederick Kerr.

Shipman Story to Be Filmed

Radio Pictures is again to bring a Samuel Shipman story to the talking screen.

Negotiations were completed recently with the author, whereby the rights to an original by Shipman, "The Losing Game," will be produced by R.-K.-O.

One of Shipman's plays, "Lawful Larceny," just being released by R.-K.-O., served as a vehicle for Bebe Daniels, Lowell Sherman and Kenneth Thomson.

CLARA BOW STARS IN FILM AT BARD'S

Clara Bow, Paramount's dynamic red-haired star, sports a long bob in her new film comedy romance, "True to the Navy," which is occupying the Bard's Downtown screen this week.

ATTACK BY REDS AT PLAZA TOLD

Police Officer Testifies to Assault by Mob

Communist Speakers Said to Have Signaled Fight

Clubs and Tear Bombs Used as Last Resort

Police clubs and tear bombs were brought into use against a rioting mob of Communists on the Plaza on February 26, last, only after the red "defense squads" had made vicious assaults on the officers who told the Red speakers to "move on," Detective Lieutenant Hynes, chief of the police intelligence division, testified yesterday in Municipal Judge Willis's court. He was the first witness called by Deputy City Prosecutor Hornaday for the State after the defendants had used more than six days of the trial in selecting a jury.

Hynes told Carl Sklar and Frank Spector, speakers at the Plaza meeting, to move because they were blocking traffic on Main street, he said. Sklar shouted "charge the police," and Red defense squads obeyed the order, Hynes said. It was necessary to use tear bombs to stop the battle, the officer declared, adding that both Sklar and Spector fled, but were arrested later.

Both Sklar and Spector, who are serving terms in State's prisons for criminal syndicalism, were returned here for the trial and are acting as their own attorneys. Both yesterday attacked Hynes viciously on cross-examination, calling him a "stool pigeon," and "traitor." Most of their questions were ruled out by the court on Hornaday's protest as having nothing to do with the case on trial.

In addition to the two men, fourteen other Communists are on trial for various offenses in connection with the riot. Other police officers will be placed on the stand by Hornaday when the trial is resumed this morning.

"Ukulele Ike" Pushes Fight Against Wife

With $104,000 worth of property at stake, Clifton A. Edwards, "Ukulele Ike" of radio and stage, and his wife, Mrs. Irene L. Edwards, yesterday clashed through counsel in Superior Judge Westover's court. Edwards is seeking to set aside a property settlement he made, asserting that a clause his wife agreed to in return for the $104,000 worth of property assigned, has been violated. Attorney T. B. Cosgrove, for Mrs. Edwards, argued on a demurrer, citing numerous precedents in opposition to the husband's effort to regain his property.

Edwards seeks to prevent the wife from disposing of any of the property before his suit to set aside the settlement is tried. Through Attorneys Roger Marchetti and William Barnhill, the radio comedian accuses his wife of inconsistency.

ORDINANCE ADOPTED

The ordinance of intention for the improvement of Rhodes avenue between Oxnard street and Burbank Boulevard was adopted yesterday by the City Council. It was set for hearing September 10.

Foreign missionaries in attendance at the Presbyterian synod, were entertained at a garden fete during which they presented a missionary drama. Former Lawyer Slated for Quiz on Pistol Shot

William Brown, former attorney, yesterday was charged with assault with a deadly weapon in a complaint issued by the District Attorney's office.

It is charged that Brown, with his brother, Charles Brown, an attorney, went to the home of Brown's estranged wife at 2630 South Hobart Boulevard, and, gaining entrance to her apartment, seized a revolver from her dresser and fired one shot at her when she sought to call police.

The shot, however, failed to take effect, officers assert, because Henry J. Tipton, a friend of Mrs. Brown, struck the weapon and caused the bullet to penetrate the ceiling. The complaint was signed by Mrs. Brown.

Brown was arraigned before Municipal Judge Ballard on the charge of assault with a deadly weapon and his preliminary hearing set for August 5, next. Bail was fixed at $5000.

CHURCH FUSION PLAN FAVORED

(Continued from First Page)

into effect "$15,000,000,000 has been turned from the liquor traffic to legitimate business."

Dr. Montgomery alluded to a straw vote taken by a magazine as a farce, declaring that while 20,000,000 ballots were sent out by the magazine, only 25 per cent of those who received them cast any vote on the proposition.

FILMS PRAISED

Another speaker was Dr. W. S. Middlemass, who discussed motion pictures, declaring that, as a whole, they are faithful in the portrayal of life.

"If a minister wants to see life as it is, about the only place to see it is in a motion-picture theater," said Dr. Middlemass. "The pictures can and do teach very definite social lessons."

Sessions of the synod will be resumed today, beginning at 8:30 a.m. Speakers will include Drs. Joseph Sizoo, Henry Swearingen, Edward A. Wicher, W. M. Hamilton, Murdoch McLeod and R. H. Wollam.

Ruling Delayed in Divorce Case of Dickinsons

Superior Judge Smith yesterday took under advisement the divorce case of Justin W. and Josephine Dickinson, which has been on trial for the past week.

Judge Smith stated he might ask for further argument by Attorney W. I. Gilbert for Dickinson and Joseph Scott for Mrs. Dickinson regarding complicated legal situations surrounding the asserted community property, much of which is included in annuity payments to Dickinson.

Mrs. Dickinson asserted her husband is worth $1,000,000 and he put on the stand experts who claimed his wealth does not exceed $150,000. The couple also is contending over custody of a 12-year-old son.

Clews Lacking in Death Case

Hope of identifying the body of a man about 50 years of age, found five miles east of Palmdale Sunday, is slight, Capt. William Bright of the Sheriff's homicide bureau announced yesterday. An examination of the corpse by Deputies Vejar and Gompert, he said, disclosed no clews, all identifying marks having been removed from the clothing.

The body was discovered by Silas Prewitt, Jr., 1128 Third street, Santa Monica, who was on an outing. It was lying beside an untraveled wagon road, and near-by automobile tracks suggested the possibility it had been tossed from a car. Further discovery of an empty phial believed to have contained chloroform, however, gave rise to the additional theory of suicide. Indications are the victim had been dead two months.

OIL PERMITS GRANTED

Thirteen ordinances granting permission to drill for oil in Venice were adopted yesterday by the City Council. All the properties involved are east of the Speedway.

Glendale City Graft Rumors Still Trailed

Investigation into the affairs of the City of Glendale still was under way by the District Attorney's office yesterday although auditors had completed their inspection of city books.

Charges have been made by numerous citizens that certain city officials have misused their positions and mishandled city funds.

Although District Attorney's investigators refuse to comment on the case it is understood that the auditors found nothing wrong with the books. The investigation will be pressed further by the grand jury, however, to ascertain whether or not any funds were misappropriated.

Melosh Goes on Trial Today for Extortion Plot

Harry Melosh, once a central figure in the investigation concerning Aimee Semple McPherson's kidnaping, today is scheduled to go to trial before Superior Judge Wilson charged with five counts of attempted extortion.

It is charged that Melosh wrote numerous letters to Abe Morris, Spring-street broker frequently mentioned during the Julian Petroleum Corporation crash inquiry, demanding $50,000 to refrain from telling what he knew about certain stock transactions. Morris, upon receiving the letters, turned them over to Dist.-Atty. Fitts causing Melosh's arrest.

Realty Fraud Charges Filed

R. Lee Couts and Mrs. Elizabeth B. Green are charged with two counts of grand theft in a complaint issued yesterday by Dep. Dist.-Atty. Smith.

The complaint charges the two defrauded Mrs. Leila Newmark out of approximately $5500 in real estate transactions in a subdivision near Lawndale.

According to the complaint, the defendants sold property to Mrs. Newmark asserting that it was free from claims and also obtained a loan from her asserting that the property was free from encumberances.

Mrs. Newmark contends that the property at all times was "clouded" by first trust deeds of which she had not been informed.

BUSHMAN ALIMONY SUIT OFF CALENDAR

Suit of Mrs. Josephine F. Bushman against Francis X. Bushman, actor, for asserted unpaid alimony, yesterday was taken from the Superior Court calendar by Judge Bowron on request of attorneys for both sides. Trial of the case has been held up pending the outcome of a similar case in the Maryland courts. Attorneys stipulated that the case here be not tried until the Maryland case is decided. The Bushmans were divorced in Maryland.

GIRL FOUND STRANGLED BETWEEN POSTS OF BED

Her head wedged between the round, wooden uprights in a bedstead, Louise Dahlquist, 19 years of age, died yesterday in what the police characterized as one of the strangest strangulation cases they had encountered.

The girl, subject to fainting spells, lived with her mother, Mrs. Clarice Dahlquist, at 2719 Brighton avenue.

Yesterday while lying on the bed, the girl was seized with convulsions, according to the police theory. The force of the paroxysms thrust the unfortunate young woman's head through the uprights, and when her body slid to the floor she strangled.

Mrs. Dahlquist, busy at her household duties in another room, did not learn of the tragedy until some time after the girl's death, she told police.

NEW ECONOMY PLAN OFFERED

City Employees May Lose Half-Holiday With Pay

Engineers' Overtime Will be Cut to Normal

Department Heads Asked to File Proposals

By eliminating the Saturday half-holiday with pay the Board of Public Works believes it can meet the condition of reduced finances which all departments face this year, it was stated yesterday. The City Council has called on all department heads to file by August 1 their plans for retrenchment.

The salary allowance of the bureau of engineering is cut $540,000, while other divisions under the board bring the total cut to $619,000.

Commissioner Elkins says he believes the board can reduce expenditures by 10 per cent, and thus will not be forced to lay off any of the 3500 men working for the board.

City Clerk Dominguez's plan is for each employee to accept a salary cut equal to three days per month, but to keep on working.

Overtime in the bureau of engineering also will be cut to normal, it was stated.

Meanwhile, it was learned the sum of $811,000 is being paid into the unexpended balance, this representing an excess of $211,000 over estimated receipts, and a decrease in anticipated expenditures, so that the $811,000 can be saved.

"WINE LIST" SEIZED WITH BOOTLEGGER

Liquor Suspect's Books Give Customers' Names and Prices of Wares

Prices of illicit liquors were elaborately set forth in a "little red book" found in a raid by Federal dry agents, they reported to Deputy Dry Administrator Peters. In addition the little book contained the names of many prominent persons, amounts said to be due from them and other data.

The dry agents have been trying for some time to obtain safety-deposit keys bearing the phone number and address of the man selling the liquor which are held by customers. Obtaining one, an informer ordered five cases of beer, four bottles of liquor and one case of gin, all of which were said to have been delivered to his apartment. The arrest of C. O. Martin, alias Parsons, followed, it was reported.

The dry agents said they accompanied Martin to 3149 West Ninth street, where they said they found hundreds of empty bottles and the little red book but no liquor. Martin was held and an investigation started.

The book listed prices as follows: Scotch, $55 a case; benedictine, $85 a case; bourbon, $60 a case; champagne, $85; Three-Star Hennessey, $60; a barrel of beer, $40; five gallons of alcohol, $40; rum, $60; vermuth, $60; brandy, $65; wine, $15 a gallon; gin, $12 a gallon.

Three Youths Escape From Reformatory

Three youthful prisoners made their escape from the Preston reformatory near Ione about noon yesterday, according to a report received by Sheriff Traeger, and fled in a stolen car parked just outside the walls.

The fugitives are Jay Russ, 20 years of age, of Los Angeles, who was serving time for burglary; Harold Grenier, 18, sentenced from Alameda county for robbery, and Andrew Nastase, 17, also of Los Angeles, who was convicted on a charge of attacking a young girl.

The escape was made by scaling the wall, according to dispatches received here.

Dr. Hull Rites Will Be Today

The body of Dr. Joseph Arthur Hull, English clergyman who died in Good Samaritan Hospital Saturday, will be laid to rest today in Santa Monica Cemetery. Funeral services will be conducted in St. Thomas's Episcopal Church, Hollywood, at 10 a.m. Dr. Hull for some months in 1925 was chaplain of the Old People's Home, Alhambra. At 21 years of age he was ordained a minister in the Church of England. He began an extensive foreign service with an appointment as chaplain at Bruges. Besides being a minister he was a water-color artist. His works were exhibited in England, here and other countries. He was considerable of a linguist and a scholar also.

The final concert of the twenty-third annual convention of the National Association of Organists will be given at 2 o'clock Friday afternoon at the Immaculate Heart College. Prof. Warren D. Allen of Stanford University will read a paper on "Organ Music as affected by Architecture" and will lead in a conference in which Prof. Ernest M. Skinner of Boston and Profs. T. J. Bludworth and Clifford M. Swain of New York will take part. This will be followed by an organ recital given by Prof. Richard Key Biggs of the Immaculate Heart department of music and organist at the Blessed Sacrament Church. Prof. Biggs will show the possibilities of the organ recently installed in the Immaculate Heart Auditorium.

KEATON AGAIN CALLED SANE

Prosecutor, After Conference With Psychiatrists, Says He Will Ask First-Degree Murder Verdict

After a second conference with alienists yesterday, Dep. Dist.-Atty. Burgess, in charge of the prosecution of Frank D. Keaton, slayer of Motley H. Flint, last night reiterated his opinion that Keaton is sane.

"My conference with the psychiatrists merely strengthens my former convictions," declared Burgess. "Keaton is sane and I will ask the jury to return a verdict of first-degree murder when the murderer is brought to trial before Judge Schauer on August 18."

Despite Burgess' assertions, Atty. Paul B. D'Orr, retained to defend Keaton, yesterday asserted that he expects to employ one or more alienists himself within the next few days to make an examination of the defendant.

"Personally, I think the man is insane beyond any doubt," said D'Orr.

The defense attorney, who once represented Rev. R. P. Shuler in two criminal libel actions, declared yesterday that he does not attach any great significance as evidence to Shuler pamphlet, "Julian Thieves," which the police say they found on Keaton shortly after the shooting of Flint in Superior Judge Collier's courtroom.

YOUNG RADIO TALK TO CHALLENGE FITTS

A challenge to Dist.-Atty. Fitts to prove numerous assertions he is reported to have made about State finances and taxation will be issued by Marshall Stimson, chairman of the campaign committee in Southern California for Gov. Young, in a radio address over KHJ tonight, according to Stimson's announcement. The talk, which will also be broadcast over KFRC, San Francisco, will be delivered from 7 to 7:30 p.m. and will be followed by an address by the Governor over the same stations from 8:45 to 9 p.m. Gov. Young also will discuss taxation matters.

July 28. Carnera Ban Removed by Boxing Body

CINCINNATI, July 28. (AP) Primo Carnera, Italian heavyweight boxer, suspended last spring by the National Boxing Association after a match with Leon Chevalier on the Pacific Coast, was tentatively reinstated today by the N.B.A. Lifting of the suspension was conditional upon the stipulation that Carnera dispose of the services of his manager, Leon See. Stanley Isaacs, N. B. A. president, said the suspension against See will remain in force. The N.B.A. found Carnera apparently was blameless for circumstances surrounding the Chevalier fight and that the Italian's destinies were guided by "shady and avaricious managers."

Tidball Bows to Hunter in Three Hard Sets

Mary Greef is Defeated by Midge Gladman

Ellsworth Vines Wins from New York Youth

SEABRIGHT (N. J.) July 28. (AP)—Favorites, almost without exception, advanced without particular difficulty in the first day's play in the thirty-seventh annual Seabright invitation tennis tournament today.

ELLSWORTH VINES

In the men's division, Jack Tidball of Los Angeles furnished the principal excitement by carrying Frank Hunter, No. 2 in the national ranking, to three sets before surrendering, at 3-6, 6-4, 6-2. Two other players from the Far West, Phil Neer of Portland, Or., and Keith Gledhill of Santa Barbara, Cal., were beaten in the opening round.

Neer was an easy victim of Frank Shields at 6-0, 6-3, while Gledhill could not cope with the well-rounded game of J. Gilbert Hall of South Orange, N. J., and went down, 6-4, 7-5.

VINES WINS

Several other Pacific Coast stars advanced to the second round, however. Ellsworth Vines, of Pasadena, who defeated Hunter in the final round of the metropolitan turf court championships yesterday, eliminated Harold Baluer of New York, 6-2, 10-8, and Gerald Bartosh, San Francisco, advanced through the default of Fritz Mercur of Bethlehem, Pa., who was troubled by a lame right arm. A similar injury caused G. Lyttleton Rogers, Irish internationalist, to default in his match with Dick Murphy of Utica, N. Y.

The South sent three stars into the second round—Clifford Sutter of New Orleans, Donald Cram of Nashville and Ted Burwell of Charlotte, N. C. Sutter and Cram accounted for the scalps of two New Englanders, Malcolm T. Hill of Boston and Henry L. Johnston of Waban, Mass. Sutter beat Hill, 6-2, 6-0, and Cram eliminated Johnston, 6-3, 4-6, 6-4. Burwell had little trouble with Edward Herndon of New York, who he eliminated, 6-0, 6-4.

Marcel Rainville of Montreal caused a mild stir when he put out

Because of the phenomenal crowds drawn by four night games last series, a total of 45,000 fans saw last week's games. The smallest attendances of the week were at the Saturday and Sunday contests, which were played in the afternoons, all of which should indicate that night baseball is here to stay.

Only four games were played at night last week, but this week five will take place under the lights, the Saturday contest also taking place under the stars. Los Angeles club officials are confident that the fans like night baseball better and be-

PHIL FAILS TO CRY OUT "FOUL"

British Fans Boo Loser as Georgian Wins

English Champ No Match for Macon Youngster

Beckett Clambers in Ring to Challenge Winner

BY FRANK H. KING
Associated Press Sports Writer

WIMBLEDON STADIUM (London) July 28. (AP)—Whatever hopes England had for a world heavyweight champion were blasted tonight by the sledging fists of William L. (Young) Stribling, pride of Georgia. The Macon youngster knocked out Phil Scott, gangling British title-holder, in two rounds, and did it so thoroughly that as far as England is concerned, the career of their champion is closed.

PHIL SCOTT

A record crowd of 35,000 saw Stribling belt the falling Phil to the floor four times in the first round and polish him off in the second with a smashing left hook to the ribs. Stribling completely outclassed the Briton in the ten-round engagement that was billed for the "championship of the old world." And as a crowning anticlimax to England's pugilistic hopes, stout old Joe Beckett clambered through the ropes after the knockout and challenged the winner to battle with a bet of £500 on the side.

Scott at least had the satisfaction of not being counted out on his back. The American's

FIGHT BY ROUNDS

ROUND ONE

Stribling boxed with the Englishman for a few moments and then landed his famous right to Scott's chin following it with a series of lefts to the head. The men were warned for wrestling. Stribling nailed his man and Scott went down for a count of five. Just as he rose a left to the stomach dropped the Englishman for a count of seven. Fighting like a tiger Stribling sailed into his man and dropped him again, this time for nine.

ROUND TWO

Scott led with a left but Stribling stepped inside and drove a hard left to the stomach. Scott showed some fight and landed a series of body blows before he clinched. A left to the face brought a fleck of blood from Stribling's nose. Scott pawed for an opening with his left, then landed lightly on the southerner's face. Strib rocked Scott with a right to the head. Both landed heavily in close. Scott missed two shots and Stribling nailed a right on the Englishman's chin, and a left in the ribs that put Phil down. Scott tried to rise but could not get up and the referee counted him out amid the mingled boos and cheers of the spectators.

STELLA WALSH CAN RUN FOR POLISH TRACK TEAM

NEW YORK, July 28. (AP)—Stella Walsh, girl sprinting star from Cleveland, will not forfeit her right to represent the United States in the Olympic Games in 1932 by representing Poland in European meets this year, the Amateur Athletic Union learned today.

Cablegrams were received from the International Amateur Athletic Federation and also the women's organization to that effect.

The news was forwarded to Miss Walsh who came here last week to sail for the European meets, but she refused to do so and returned to Cleveland when the A.A.U. was not able to give definite assurance she would not endanger her right to represent the United States in the Olympics.

Dan Ferris, secretary-treasurer of the A.A.U., said Miss Walsh probably would start again for Europe

CARTAGENA (Colombia) July 28. (Exclusive)—Citizens of this city, the oldest in South America, turned out en masse to welcome the Junior Olympic party on its arrival here today. Gov. Grau, and many other officials and civic leaders were among hundreds who witnessed the presentation and introduction of the youthful champions, under the shadow of the walls of this ancient city, which repelled Morgan's buccaneers five centuries ago.

JOHN F. NESS.

The youngsters put on an exhibition for the citizens going through the five events in the regular championship program, and after the performances, organized a basketball team, and played against the local varsity squad.

Barranquilla and Puerto Colombia were visited Friday and Saturday, and a great welcome was accorded the juvenile champions. Every possible courtesy was extended to the young visitors.

Leading educators here were greatly interested in the Junior Olympic program, and freely predicted an annual triangular meet between champions of North, South and Central America in the near

BOSTON, July 28. Less than a week ago Thurston held the Cardinals to three hits and no runs. Only three Braves reached first today and two of them were stranded there while the third went out by the double-play route.

Cantwell and Pinch Hitter Clark connected with the two blows off Thurston.

Johnny Frederick led the Robins' attack with a double and two singles.

CUBS CLIMB

CHICAGO, July 28. (AP)—The National League champion Cubs picked up a half game on the leading Brooklyn Robins today by winning both games of a double-header from Cincinnati, 3 to 2, and 5 to 3.

The twin victories broke the Cincinnati jinx which has done plenty to keep the Cubs out of the National League leadership. Charlie Root outpitched Bennies Frey in the first game, giving seven hits and fanning twelve men. Gabby Hartnett aided the cause with a home run in the fourth.

Guy Bush pitched the Cubs to victory in the second game, giving the Reds eight hits. Jakie May started for Cincinnati but was knocked from the rubber in the third when Chicago scored four times. Harry Heilmann got a homer for the Reds in the second inning. More than 35,000 turned out for the Cub homecoming.

TERRY STARS

NEW YORK, July 28. (AP)—Bill Terry went on a hitting rampage today to give the Giants a 5-to-4 decision over the Phillies. He drove out four hits, two of which were home runs, and sent in the winning run in the ninth with a sacrifice fly.

The offensive tactics of the Giants' first baseman gave Jim Chaplin the shade in the pitchers' duel with Earl Collard. Terry has hit safely in fifteen straight games, getting twenty-eight hits in sixty times at bat for an average of .467.

Don Hurst was the big gun of the Phillies' attack, driving in three runs, with three hits, one of which was a home run.

RABBIT PUNCHES

BY PAUL LOWRY

THE UNCROWNED CHAMP

NOW that Young Stribling has flattened Phil Scott in two rounds, what kind of a fighter does that make Jack Sharkey and why is a heavyweight champion?

These are questions that naturally arise in view of the latest fistic happenings from deah old Lunnon town.

Last February Sharkey won from Scott on what the referee described as a knockout in three rounds, but which was later referred to by the experts as a foul punch.

A year previous Sharkey had defeated Stribling in a ten-round match that was close, and in which Stribling's rib and arm ailments were probably a factor contributing to his defeat.

Recently, Young Stribling, once again on the upward trail, has kayoed Otto Von Porat, the Norwegian, and Scott, the Briton.

Sharkey lost to Max Schmeling on a foul in the final of the elimination bouts staged by the Madison Square Garden Corporation to determine a suitable successor to Gene Tunney's throne.

The Garden folks got the successor all right, but it certainly looks now as if the boys will have to get out that old stereotyped line about the "uncrowned champion" when referring to Stribling hereafter.

His knockouts of Von Porat and Scott can't be catalogued as "tanker" triumphs.

⁂

THAT "YOUNG TEAM"

IN VIEW of its previous three years' record it is to be presumed that the United States Lawn Tennis Association will dig up its usual statement in 1931 about relying on a "young team" for the Davis Cup quest.

And quite as likely the morale of the "young team," which has practiced diligently for the battle, will be shattered by the last-minute insertion of Old Man Bill Tilden.

A few years ago a little chap who had quite as much tennis ability in his prime as Bill Tilden deserted the Davis Cup forces on his own initiative.

He was getting old in tennis service, and he had the good grace, the good sense, to quit and make way for the younger generation.

The little chap was Bill Johnston.

This year Tilden really tried to retire, but the U.S.L.T.A., influenced by Bill's victory in the Wimbledon championships, drafted him after relying on the "young team" clear up to the challenge round.

This, of course, raised the morale of Allison, Lott, Van Ryn and Johnny Doeg, who had trained hard for the event, to the 'nth degree.

The natural result was a complete rout. The United States won one match in five.

Hats off to the U.S.L.T.A.

⁂

OUR NET PROSPECTS

INCIDENTALLY, there are four Southern California youngsters who are bidding for future fame in Davis Cup battles.

They are Lester Stoefen, Ellsworth Vines, Jack Tidball and Keith Gledhill.

All were juniors last year, and in their first season as seniors each has demonstrated unmistakable signs of class.

Vines's victory over Francis T. Hunter, of course, is the high light of the play of these Southland youngsters in the East, but the others have also exhibited talent of high degree.

Gledhill has been handicapped by an ankle sprain received in the State championships at Berkeley, but he is a splendid player nevertheless.

⁂

THE SPEED SITUATION

THE Dado-Wolgast fight tonight has speed written around it in large letters.

Dado, the little brown Filipino doll, has flashed circles around all of the Pacific Coast flyweights, and now comes Wolgast to dispute his right.

Wolgast is the successor to the crown that Fidel La Barba voluntarily relinquished, and is said to be the fastest thing on two feet that has graced the 112-pound circles in years.

Well, we'll see tonight.

PHIL FAILS TO CRY OUT "FOUL"

(Continued from Ninth Page)

final smash, tearing through Philip's loose defense, caught him full in the ribs with terrific force and sent the Englishman twisting to the canvas. He quickly raised himself to a position on one knee, but there was an agonized expression on his face as he took the full count of ten.

At nine Scott made a supreme effort, as if to rise, and Stribling, who had fought with tigerish ferocity, had a right-hand punch ready for him. Scott waved his arms in a frantic, hopeless gesture of defense and slipped back on his haunches. He never did get to his feet.

There was no cry of foul to mar the knockout. Stribling left the ring unscarred and cheers greeted his struggle in the passage up the jammed aisle to the dressing-room, while boos almost as loud followed Scott, who had failed Great Britain and himself in his last chance for glory. By tonight's affair Scott's ring career may be considered closed in this country, while Stribling is regarded as the logical opponent for a world-title battle with Max Schmeling.

Stribling's ring craft and his strong, tanned left arm, which pounded Scott's white torso unmercifully from the first clang of the bell, gave the Georgian the victory. The American rained blows on his victim and never gave Scott a chance to box. Scott landed occasionally with his long left to Stribling's chest and face, but his blows were mostly taps without sting.

The Macon flyer wasted no time with Scott in the opening round. They had hardly come together before the Georgian ripped his buckshot right into Scott's head and followed with a volley of left hooks to the face. Sticking almost entirely to a short, smashing left hook, Stribling bounced the tall, puzzled Englishman to the floor for counts of five, seven and nine. Each time it was harder for Phil to get to his feet. A right-hand poke to the head laid Scott low for the fourth time, but the bell ending the first round stopped the count. The second round was only a minute old when Stribling's searing left hand brought the one-sided struggle to a decisive close.

Stribling after the bout said this was the first time in 290 fights he had been hit first and still won. Scott's first cuff, a left hand to the face, scraped Stribling's nose and drew a fleck of blood.

The real feature of the evening's entertainment was not the fight itself, but several impromptu volunteer scraps among the spectators before the main bout.

The issues at stake were not always clear, but in general the private quarrels had something to do with whether or not derby hats were obstructing the view, and whether customers in standing sections were taking up too much space.

MA'S ADVICE AIDS STRIBLING

THOMASVILLE (Ga.) July 28. (AP)—Young Stribling took his mother's advice tonight when he knocked out Phil Scott.

"Hit him like you did Von Porat and hurry home," Mrs. Stribling cabled him Saturday.

"Ma" Stribling was in Thomasville today and listened to the Associated Press reports of the fight.

Young Stribling and his father-manager will leave England at once, she said, and will return to Georgia as soon as they can get away from New York.

MICKEY COCHRANE

PHILADELPHIA, July 28. (AP)—Jimmy Foxx's twenty-ninth home run in the ninth plus Mickey Cochrane's single in the twelfth gave the Athletics a 6-to-5 extra-inning decision over the Yankees today.

Foxx's homer found Cramer on base and overcame a two-run lead held by the Yankees, sending the game into extra innings. Ruffing relieved Sherid in the eleventh with the bases loaded and none out, but managed to get out of the hole. He was not so fortunate, however, in the twelfth. Earnshaw led off with a triple. Bishop and Cramer were purposely passed, but Cochrane came through with a single that decided the game. Score:

CHISOX BEST

ST. LOUIS, July 28. (AP)—Under a broiling sun which sent the mercury to 107 deg. officially, Ted Lyons and the Chicago White Sox defeated the Browns in the ninth inning today, 6 to 5. A run behind when the Sox went to bat in the final frame Cissell singled and scored on Tate's double. Lyons then won his own ball game by sending Tate across the plate with his two-base hit. Goslin hit his twenty-second home run of the season, his fourth in two days. Score:

INDIANS RALLY

CLEVELAND, July 28. (AP)—Cleveland Indians pulled a sensational ninth-inning rally to beat out the Detroit Tigers, 7 to 6, today. Pitcher Elon Hogsett of Detroit broke a 5-5 tie in the first of the ninth with a home run over the right-field wall, after he succeeded Uhle on the mound, but was bombarded for two runs in the last half of the inning. Outfielder Porter doubled to send the tying and winning runs across, after J. Sewell walked and Pitcher Jablonowski singled. Score:

NOTED SIRE DESTROYED

LEXINGTON (Ky.) July 28. (AP)—Sir Martin, 24 years of age, noted thoroughbred sire owned by the late John E. Madden, was destroyed today on the Hamburg Place Farm because of an injury the horse received Saturday. The horse was the only American bred colt ever to be favorite for the English derby. He fell while rounding the famous Tattenham corner and never finished.

The SPORT LIGHT

by Grantland Rice

(Copyright, 1930, by North American Newspaper Alliance)

The Class of 1919

THE class of 1919 was not only one of the most famous in sport but it is somewhat remarkable how active it still is in the news and headlines of the day.

It was in 1919 that Bill Tilden went across to win his first major competition in regaining, or helping to regain, the Davis Cup. It was in 1919 that Babe Ruth suddenly emerged as a home-run hitter, setting a new record.

It was in 1919 that Jack Dempsey pulled off the massacre of Jess Willard.

And it was in 1919 that Bobby Jones, then 17, fought his way for the first time to the final round of a major championship.

No other four men have ever made as much sporting history as these four in any country in the world.

Tilden, although beaten by Cochet on Sunday, is still the national tennis champion of the United States and the Wimbledon champion. And he is almost certain to retain his United States title at Forest Hills early in September. Who is going to stop him?

Babe Ruth is still leading the two major leagues in the home-run department of the game, and he is now well ahead of all past records at this point.

Bobby Jones is facing his chance to break all golf records by winning four major championships in a row.

Only Jack Dempsey has faded from the competitive picture. It has been three years now since he struck a hostile blow and there is practically no chance that he will go after another big shot after waiting so long.

A three-year period of idleness—from 32 to 35—is entirely too long to give him any chance to work back.

Another 1919 Entry

It was also in 1919 that Gene Tunney first caught the headlines by winning the light-heavyweight championship of the A.E.F., although he was then seven years from the main title.

Tunney, like Dempsey, is now out of the pugilistic swirl, with even less desire to try one more start.

Nineteen hundred and nineteen is the class that will probably last longer in the history of sport than any other. And three of them are still writing history with a golf club, baseball bat and tennis racket.

Fireworks

Tommy Armour and Leo Diegel play off their tie for the Canadian open on Wednesday. But there can be no such fireworks as they put on display in the final round. Those who followed this last eighteen-hole match saw more brilliant scoring than any one match ever developed.

Armour was around in 64—Diegel in 67. Together they played thirty-six holes — each playing eighteen—in thirteen under even fours. They had something like seventeen threes. They were not playing over an Oakmont or a national, but they were playing over a good golf course around 6400 yards or more in length. For that matter, this brand of scoring would have been something over a miniature golf course.

Usually when two leaders are playing together and one of them sets such a clip the other burns out. Both have keen, high-strung nerves, but they held the blistering pace to the last putt. It will be interesting to see what they can do in the play-off tomorrow, but it is hardly possible either can approach this pyrotechnic display.

The Brooklyn Shadow

For the greater part of the season Cub rooters have been in greater fear of the Giants than the Dodgers. They couldn't figure the Dodgers lasting the route, where the Giants might with one of the best infields in baseball.

But with August approaching the Chicago fan division is beginning to cast anxious eyes in the general direction of Wilbert Robinson, who is not hard to see. The Giants can't get the pitching. The Dodgers have gotten good pitching right along and they have their share of the punch. About this time last summer the Cubs were moving away from the field to open a wide gap, but they are not moving away from the Dodgers just now. They have a much harder ball club to beat out, in spite of the heavy bombs they have tossed into Dodger ranks.

The big Cub chance will come when Joe McCarthy moves his young men back to the fragrant odor of home cooking, with Hornsby ready to resume.

Cleveland will win no pennant this season, but here is one ball club which should present the best pitcher in either league—the same being young Wesley Ferrell, who is now facing his seventeenth victory with two months longer to go. Ferrell should be good for twenty-five victories this summer, and that will be quite enough to lead any pitcher now facing the heavy artillery of the day.

"What," asks F. L., "about the Davis Cup of 1931?" Nineteen hundred and thirty-one, in sport, is a long way off. But as long as a fellow by the name of Henri Cochet is around there is no great hope in sight. There is no young American player now around with a chance to beat Cochet. Borotra is almost through, but when you have a defender good for two matches where you need only three the size of the odds can be readily figured out.

ADAMS IN ONTARIO FEATURE

Johnny Adams, the San Bernardino lion, returns to the leather brigade tomorrow night at Ontario. Adams has worked the past several months as a ranch hand and is in perfect condition. His opponent will be Jack Daniels, a Texan of no little repute. He has run up a string of impressive kayoes in the southern State. They travel ten rounds. Len Porter, colored flash, and Don Smith are paired for the semifinal. Three fours complete the card.

HOLLYWOOD HAS CHAMP SIGNED UP

Midget Wolgast to Show in Legion Ring Against Canto Robleto

Midget Wolgast, flyweight champion of the world, will headline the Hollywood Legion Stadium program on August 8 with Canto Robleto, Manager Tom Gallery of the Film City post arena announced yesterday. Gallery obtained the signature of Wolgast yesterday for the bout and providing Speedy Dado does not throw a monkey wrench into the works by beating the champion tonight, the Legion bout is all set. Robleto held Dado to a draw at Pasadena recently in a fight that many of the ringsiders claimed should have gone to the little Mexican.

ARMAND EMANUEL

Al Morro and Armand Emanuel are training hard for their ten-rounder at the stadium Friday night. It is Morro's second pro fight, and although the experts give him little or no chance to outscore the clever Jewish heavyweight, Jim Jeffries, his manager, claims an upset is in the cards.

Jeff has great faith in his youngster. The former champion believes Morro will get further quicker by battling topnotchers than he will meeting pushovers for a year or so—hence the Emanuel match.

Tom Patrick and Fred Cullen, two light-heavyweights, collide in the semi-wind-up. Patrick is a short favorite over the veteran Cullen. Ora Smith and Pete Petecho clash in the six-round special. They are middleweights. Two four-rounders complete the card.

ANGELS, ACORNS CLASH TONIGHT

lieve that a new attendance for the week will be established this series.

BAECHT MAY HURL

Lelivelt has big Ed Baecht, ace of his mound staff, Win Ballou and Carroll Yerkes ready for action against the Oaks tonight. Bill Henderson, who held the Angels to three hits each in two games up north a couple of weeks ago, is expected to be on the mound for Oakland, although Pete Daglia and Bob Hurst are also ready for duty if Zamloch calls on them.

With both the Angels and Oaks in the running for second-half honors this week's series should provide plenty of excitement for the owl fans. The Acorns have the distinction of taking the only two series the Seraphs have lost on the road and Lelivelt's athletes are anxious to get a little revenge.

With Henderson, Hurst, Craghead, Daglia, Edwards and McQuaid all hurling good ball, the Acorns loom as strong second-half contenders. Zamloch's outfit has plenty of punch from Arlett, Lombardi, Verges, Fenton and Griffin and figures to be tough to stop. The Oaks have taken both of their second-half series and are now in third place, two games behind the Missions, who appear to be outdoing themselves.

STARS FACE DUCKS

Oscar Vitt's Hollywood Stars, lodged in second place, a game out of the lead, took five out of seven at Seattle last week and open their series in Portland tonight confident that they'll annex second-half honors. The Sheiks haven't lost a series since they started their sensational spurt six weeks ago and still look like the club to beat this half.

Portland proved a soft touch for the Missions last week, but the Ducks always manage to give the Stars an argument. Vitt will be satisfied if the Stars take four out of seven from the Ducks, who play their best against Hollywood.

Other series starting today find the Solons and Seals tangling at San Francisco and the league-leading Reds and Indians hooking up under the Seattle arc lights.

Potrero proved a stiffer test than the professionals had anticipated, much to the satisfaction of A. J. (Pat) Patterson, the club's popular pro.

The title will be defended by Leo Diegel of the Agua Caliente Country Club, who has held the title for the past two years. Walter Hagen will again be among the leading contenders as will Johnny Farrell, who was runner-up at Hillcrest a year ago.

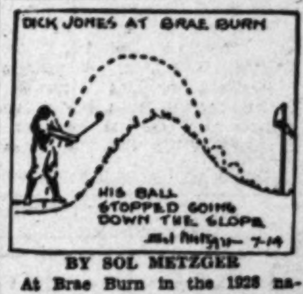
HAGEN IRONS WON BY ARTHUR KING

Arthur W. King defeated Billy Gabe 1 up in nineteen holes over the Fox Hills course yesterday to win the annual midsummer tournament of the "Times" Golf Association. King was awarded a complete set of Hagen compact matched irons and Gabe received a Ryder cup leather caddie bag. Play has been in progress four weeks.

COOPER LOSES SCRAP

ROCHESTER (N. Y.) July 28. (AP)—Abe Lichenstein, 149 1-4, Rochester, beat "Farmer Joe" Cooper, 146 1-4, of Terre Haute, Ind., here, tonight, in the ten-round main bout at the Rochester Sporting Club. Jackie Horner, formerly of St. Louis, now of Rochester, defeated Jimmy Burns of Scotland in the six-round semifinal.

Dick Jones Plays an Odd Niblick Shot



DICK JONES AT BRAE BURN
HIS BALL STOPPED GOING DOWN THE SLOPE
Sol Metzger 7-14

BY SOL METZGER

At Brae Burn in the 1928 national amateur, Dick Jones executed the most astounding golf shot you ever saw. His second to the eighteenth was pushed off line, his ball coming to rest just short of a guarding bunker.

On the other side was the cup, and at the bottom of the slope of the bunker. It seemed impossible, except by luck, for anyone to play an approach near enough to insure a par 4.

To our surprise Jones swung at the ball with his niblick and hard enough to send it ten times the needed distance. Our surprise turned to amazement when his ball merely plopped over the hazard, struck its far edge and bit so tenaciously that it rolled but a yard beyond the target. I asked Jones to describe it. He told me that Sweetser had taught him the shot.

Putting is half the game. Good putters score low. Sol Metzger has prepared an illustrated leaflet on "The Art of Putting" which he will gladly send any reader free of charge. Address Sol Metzger, in care of The Times, and inclose self-addressed, stamped envelope.

figure of the Allison-Van Ryn tea I feel that his trip abroad has de nitely established him as a f match player who may go far the coming years. He has some tec nical defects in his game to re edy but none of them are seriou and all easy to overcome.

Wilmer Allison has been the her of Wimbledon and the disappoint ment of the Davis cup play in Eur ope. The reaction that struck hi in France after his great work England was too great for him t conquer, and his play was far from impressive at any time. He prove his courage, but he also proved h was prone to dangerous and indef nitely long lapses into medioc tennis, out of which he cannot p himself.

John Doeg is possibly going o of international tennis this year ow ing to private reasons. Neither B nor Mangin showed any outstandin prospects for the future, althou both did well.

Our problem lies around Lott, Van Ryn, and Allison. Here is the basis for next year's Davis cup team. We must build up Lott's confidence and his growing sense of match play until he is a singles player as well as a great doubles asset for years to come. We also need to build up another singles star.

Personally, while Allison is goo and at times great, I fear he is t uncertain to be a fixture. John Va Ryn has all the qualifications if h can plug a few holes in his strok equipment. We must, however, hav a fourth man.

I think the most logical pla to develop into our second single player is Junior Coen, if he and th Davis cup officials find a basis o mutual confidence. Certainly Coe is the greatest potential singles sta in the United States and all h needs is intelligent development an encouragement.

FOUR ASHTON BROTHERS SEEK POLO LAURELS AT NEW YORK

NEW YORK, July 28. (AP)—The four Ashton brothers from Australia, who won the recent invitation polo tournament at Ranelagh, Eng., arrived here today in quest of further laurels.

The team, consisting of James H., Philip S., Geoffrey G., and Robert B. Ashton, will compete in matches at Meadowbrook and Westbury beginning August 9. The players were accompanied by their parents, Mr. and Mrs. James Ashton, and brought along five grooms to take care of their twenty-five ponies. The colorful quartet of brothers is known as the Goulburn polo team.

"BIG GAME" BLANKS READY

Applications for Annual Gridiron Contest Will Be Mailed This Week; Many Alumni Sure to Be On the Outside Looking in at Pigskin Clash

BERKELEY, July 28. (Exclusive) The first signs that football fever is about to strike the University of California campus were had today when announcement came from the athletic offices of Jack Mackenzie, athletic manager, that approximately 50,000 application blanks for tickets to the California-Stanford "big" game of the football season will be mailed out beginning Thursday.

NIBS PRICE.

Mackenzie will have a large office force busy for some two weeks sending out ticket applications. Early in August it is expected that the ticket office will be swamped with ticket requests.

Not only will the public be left outside looking in, but it is predicted that some 5000 alumni also will be disappointed in their quest for tickets. Those treated in this fashion, however, will be "preferential" list for next season.

California's share of 50,000 seats for the "big" game, which this year comes to the California Memorial Stadium, will be divided as follows: Alumni, 30,000; stadium subscribers, 10,000; big "C" men (athletic winning major letter awards,) 1500 undergraduates, 8000 to 10,000.

Coach Clarence "Nibs" Price, now engaged in coaching high school mentors in a special summer session course, is doing considerable wondering about the 1930 season. He has declared it a "beat Stanford" year. Aside from this, he has to worry about the Trojans and the Los Angeles engagement in October not to mention the loss of his offensive punch, Benny Lom, Lee Eisan and Leland Rice.

Kuhel Bought by Griffmen

WASHINGTON, July 28. (AP)—President Clark Griffith of the Washington Senators tonight announced the purchase of Joseph Kuhel, first baseman, from the Kansas City club of the American Association.

Already fortified by two good first-basemen, Joe Judge and Art Shires, Griffith indicated the new purchase might mean Shires would be transferred to the outfield because of his hitting ability.

Griffith did not disclose the price paid for Kuhel, but said he was an extremely costly rookie. The deal also involves the transfer of First Baseman Harley Boss from Chattanooga to Kansas City if waivers can be obtained.

RAIN POSTPONES CRICKET MATCH

MANCHESTER (Eng.) July 28. (AP)—Rain prevented resumption of the fourth cricket test match between England and Australia today until 5:30 p.m., and insufficient light halted play forty-five minutes later. This brief period proved disastrous for England's team, which added only 30 to Saturday's score for loss of three wickets. England's score was 251 for eight wickets at the close. Australia's first inning total was 345. Play will be concluded tomorrow.

CHRISMAS, BOROLA TO BATTLE AGAIN

Johnny Chrismas and Joe Borola will be battling for the edge on a series of three bouts when they box the four-round main event at the Main-street club Saturday night. They have met twice before and honors are even.

Henry Gaitanes is getting a chance to turn the tables on Ralph Green when they tangle in the semi-wind-up. Green won on a technical knockout last Saturday night. It was an upset as Gaitanez had won his two Main-street starts by knockouts. They are 165-pounders. Five four-round bouts will complete the card.

BASS AND ROCK COD CATCHES REPORTED

HERMOSA BEACH, July 28.—Rock bass and rock cod were caught in large numbers over the past week-end by anglers visiting the big Olympic fishing barge, anchored two miles off shore here. All were pulled in on deep-sea lines. Barracuda, bonito and mackerel were also taking bait well, scores being carried ashore.

Capt. Cliff Garner's live-bait boats brought back several huge catches of barracuda, sea trout and bass yesterday.

SONNENBERG WINS OVER MALCEWICZ

HARTFORD (Ct.) July 28. (AP)—Gus Sonnenberg, recognized in some States as heavyweight wrestling champion, tonight defeated Joe Malcewicz, of Utica, N. Y., two falls out of three. Sonnenberg won the first fall in 1h. 10m., lost the second in 10m. 30s., and won the third in 10m. 5s.

GABUCCO, MORENO MIX

Jess Gabucco and Tony Moreno, bantamweights, meet in this week's main event at the Orange County Athletic Club in Santa Ana, which shows every Thursday night. They fought several weeks ago, Moreno receiving an unpopular decision. Lightweights Urban Hernandez and Battling Ortega clash in the semi.

REISTER MAY LAND RING GO WITH HESS

If Bobby Reister can win over Ritchie King at Pasadena Thursday night he will be in line for a battle with Goldie Hess. Hess recently took a shade decision over King at Hollywood and a rematch is practically certain. However, Reister may get the call if he beats King.

Morrie Cohan has lined up five four-round bouts to support the lightweight feature Thursday night. They are: Jack Haywood vs. Jack Gillmore, 175 pounds; Jack Leyva vs. Al Hamilton, 130 pounds; Jack Tremaine vs. Bert Smith, 150 pounds; Judy Zuniga vs. Manual Rayes, 118 pounds; Tony Rochford vs. Tiger White, 140 pounds.

SHAMROCK'S ESCORT COALING AT AZORES

LONDON, July 28. (AP)—Dispatches from the Azores Islands today said Sir Thomas Lipton's steam yacht Erin, which is escorting the Shamrock V across the Atlantic for the America's Cup races in September, had arrived at the islands for coaling.

The Shamrock V meanwhile continued on her course and the Erin will shortly rejoin her. The dispatch said that so far the crossing had been without any mishaps despite rough weather at many points.

BAIN RECOVERS FROM OPERATION

Ernie Bain, well-known figure in local amateur athletic circles, is convalescing nicely in the Mission Hospital following an appendicitis operation last Thursday. Bain is a former Olympic Club football player, a member of the American Legion's State athletic committee, and last year was ice hockey coach at U.C.L.A.

ST. ANDREWS (Scotland) July 28. (AP)—Next year's British amateur golf championship will be played at the North Devon Club at Westward Ho, probably beginning May 25.

The 1931 open championship will be played at Carnoustie, Forfarshire, a Scotch golfing center from which many great golfers have gone to fame in the game. The open probably will begin June 15.

SAINTS RETAIN NEKOLA

MILWAUKEE (Wis.) July 28. (AP) Bill MacMicking, secretary of the St. Paul baseball club, said tonight that Frank Nekola, Saint pitcher, would continue with the team. It was reported previously that Nekola was released along with Marwyn Jacobson, outfielder who was made a free agent by the St. Paul club today.

CHICAGO, July 28. (AP)—Nisse Ramm, Swedish heavyweight, tonight scored his sixth straight American victory, outpointing Joe Miller of Chicago in ten rounds. Miller substituted for Jack Krakem.

MAT PROGRAM IS COMPLETED

Nick Lutze, Lee Wycoff on Next Olympic Card

Life Guard Star Will Clash With Wild Bill Shaw

Italian Heavyweight King to Show Wares Here

Both Nick Lutze and Lee Wycoff were signed yesterday to appear on the all-star wrestling card to be presented at the Olympic, August 6.

NICK LUTZE.

Lutze's opponent will be "Wild" Bill Shaw, the rough 225-pounder from Salt Lake City, who recently returned from a mat tour of the East, during which he won six straight bouts against some of the toughest grapplers around New York and Pennsylvania. This bout, like the final event of the card, which will bring together Marin Plestina and Don George, will be for the best two out of three falls to a finish.

Wycoff's opponent will be Pietro Bacini, recognized Italian heavyweight mat king, who came to this country a little more than a year ago. He won the Italian title in Milan, Italy, in 1927; defeated the French heavyweight mat king in Paris the following year, and then successfully defended his Italian title last year. He has had forty bouts in this country, and has yet to be defeated.

Shaw declared yesterday that he had never met Richard Shikat while in the East, although he had earned a bout with the pride of Philadelphia by beating some grapplers who had proven toughest for the big German. Shaw dislocated a shoulder while training for the Shikat bout, but before he could get in condition to go through with the match, Shikat was defeated.

Shaw earned the nickname of the "Wild Irishman" as the result of his spectacular mat work. He is reported to be rougher than he was in his last appearance here, and a very much improved wrestler. He still believes he can beat Plestina. He poked the Jugo-Slav once too often in their match here, and was disqualified as a result.

Wycoff appears to be the king of hard-luck wrestlers. He has been able to tie up most of his foes into knots with his fast and sensational mat work, but injuries have managed to keep him from scoring victories over both George and Lutze. In Bacini, he will be up against a wrestler who is reported to be faster and tougher than Joe De Vito, the last Italian to face Wycoff in the local ring.

Risko-Schaaf Go Postponed

PHILADELPHIA, July 28. (AP) The Johnny Risko and Ernie Schaaf bout set for tonight at the municipal stadium here has been postponed until Monday night, August 4, because of threatening weather.

CARDS WIN EXHIBITION

ROCHESTER (N. Y.) July 28. (AP) The St. Louis Cardinals defeated Rochester of the International League today, 6 to 1, after the regular league game. The attraction drew more than 16,000 paid customers to the Stadium, one of the largest crowds of the season.

SIMPSON TO RACE SATURDAY

Survivor of Wreck Plans to be Competitor Again in Night Events

Ted Simpson, Kansas City racing ace who had a miraculous escape from death at the Legion Ascot Speedway last Saturday night, stated yesterday that he will be among the starters in the forty-lap sweepstakes this coming Saturday evening. Simpson reported that very little damage was done to his car when it hurdled the upper rail on the south bend and plunged down a twenty-five-foot embankment backward during the course of a ten-lap sprint event.

FRANCIS QUINN

Although officials and the crowd of 8000 held fears that Simpson might have been badly injured when the speeding mount disappeared from view, the Kansas City pilot was unscratched, the machine having stopped in an upright position at the bottom of the wall.

George Stephenson, technical expert of the A.A.A., stated that it was the first time since the track has been operating under the national association, that a car has gone completely over the iron rail on the south bend.

"Neither the lighting nor the condition of the track was at fault for my wild accident," stated Simpson yesterday, "a flat tire sent me into the spin." Simpson wheels a 183-inch Miller car.

Jimmy Sharp, winner of the last two features, will drive again, as will Francis Quinn. And while the Kansas City pilot is planning on being among the starters Saturday, Walt May, the Alhambra ace, is recovering from injuries sustained last Friday.

May, who has been mixed in very few smashups at the Ascot plant, received a badly bruised hip when his car turned completely over during a practice spin. The wreck occurred on the north end.

Terry Climbs to "Big Six"

Bill Terry, swinging a powerful bat for the New York Giants, pounded his way into baseball's big six yesterday as the remainder of the select, with the exception of Chuck Klein, lost ground. Terry's advance into the sextet removed Riggs Stephenson from the honor list and sent the Giants' first-baseman into a threatening position for the National League batting leadership.

Four hits, including two home runs, rang off Terry's bat to boost his average to .399.

Klein took undisputed possession of first place with two hits in four trips to the plate and an average of .406. Simmons's one hit lost him 5 points and dropped him into fourth place behind Klein, O'Doul and Terry. Gehrig also got but one hit today, while O'Doul and Ruth went through their games without getting a safety.

The standings:

Die and Learn
A patient in an insane [illegible] imagined himself dead, [illegible] nothing could drive this delu[illegible]sion out of his brain. One day his physician had a [illegible] thought, and said to him:

"Did you ever see a dead man bleed?"

"No," he replied.

"Do you believe that a [illegible] man can bleed?"

"No."

"Well, if you will permit me, I will try an experiment on you and see if you bleed or not."

The patient gave his consent; the doctor whipped out his scalpel, and drew a little blood. "There," he said, "you see that you bleed; that proves that you are not dead."

"Not at all," the patient instantly replied, "that only proves that dead men can bleed."—[Montreal Star.
